

### **Crafton Tull** (Associate Member)

*Crafton Tull is a professional design and engineering firm with more than 200 employees and multiple locations throughout Arkansas and Oklahoma. Crafton Tull has experience serving individual banks through site development for construction of new branches. We also offer due diligence services for land purchase and development projects including Phase 1 environmental site assessments, records search with risk assessments, and transaction screen assessments. Our areas of expertise include environmental, infrastructure, transportation, architecture, land planning, and land surveying.*

#### References

Greg Stanfill, Director of Community Banks, Arvest Bank

Greg said that Arvest has been doing business with Crafton Tull for at least 10 years and he would, without hesitation, recommend them to Arkansas banks. Arvest has been very pleased with their services and says their customer service is excellent. Greg also points out that Crafton Tull is a highly regarded company with a good reputation in Northwest Arkansas and around the state.

Landon Taylor, Bank President, First Western

Landon reported that Crafton Tull is a client of First Western Bank and they have also worked together on engineering and surveying projects dating back to 1991. He says that they are a great corporate citizen within the communities they exist and that they have a very professional and competent staff that represents them well. Landon also said that Matt Crafton of Crafton Tull is a current Bank Board member and Director and Jim Tull is a subsidiary Board member of First Western Bank.

### **Culture Docs** (Associate Gold Member)

*Culture Docs is a consulting firm that focuses on practicality to define goals in concrete terms and execute actionable, results-oriented coaching skills and techniques. Their goal is to boost employee morale and retention, develop an "ownership" mentality, and, ultimately, improve their client's bottom lines.*

#### References

Greg Pawley, President/CEO, The Cecilian Bank

"We are currently not doing business with Culture Docs but it is not because we would not utilize Jeff Peden anymore.....it is because he trained us so well that we have not needed his services. We contracted with him to help us put in a better system of communication in our bank from top down. We also wanted a clearer path for communicating the bank's strategic plan bank wide. At the same time we were developing middle management's leadership skills. We called this project Leadership Alignment. Jeff was intimately involved in the process for over a year. We have had him back on a few occasions for bank wide presentations with all of our employees about leadership and about incredible customer service. He excels in these areas. We are a big fan of Jeff's and would encourage you to work with him."

Ray Springsteen, CEO, Abound Credit Union

Ray reported that Abound Credit Union (CU) has been working with Culture Docs for the last two years and that they chose to work with Culture Docs to assist them in leadership team culture and in developing core values for their organization. The culture at Abound CU has been enhanced dramatically by Culture Docs in that it has helped their sales growth, they have implemented

**ICI Consulting** (Associate Gold Member)

*ICI Consulting is a bank consulting firm that supports financial institutions by providing core processing assessments, gap analyses, vendor evaluations, contract negotiation and conversion services.*

References

Jarrold Yarnell, CEO, The First National Bank at Paris (First Paris)

Jarrold said that First Paris and ICI Consulting have been working together since August 2020. ICI has provided First Paris with consulting services on how their organization uses technology to serve customers and grow business. ICI provided them with a comprehensive and insightful assessment of their operations and technology needs. Jarrold says ICI's customer service is excellent and quick to respond. He would recommend them to Arkansas banks.

Adam Hedman, SVP, Signature Bank

Adam provided an extensive verbal reference. Signature Bank is currently doing business with ICI Consulting and Adam has been very pleased with the relationship. He had one point of note that he had to do some significant negotiating on the fee terms for ICI because it seemed, at the time, they only had one fee structure. He would recommend ICI Consulting to Arkansas banks provided the banks pay the same attention so that they do not end up losing money out of the program, even if the firm is able to save them money in other contractual negotiations.

**Kroll** (Associate Gold Member)

*Kroll Bond Rating Agency, LLC and its affiliates (KBRA) is a global full-service rating agency with a mission to set a standard of excellence and integrity. Established in 2010, KBRA remains dedicated to the restoration of trust in credit ratings by creating new standards for assessing risk and by offering timely and transparent ratings. KBRA provides market participants with an alternative solution by delivering in-depth research across various sectors within the United States and European markets. We strive to provide the investment community with the products and tools needed to make informed investment decisions.*

References

Tim Hicks, Chief Credit & Admin Officer, Bank OZK

Tim said that Bank OZK has been doing business with Kroll since 2016 and that Kroll provides them with bond rating services. He says their customer service is very good and that they have had no issues. Tim is satisfied with Kroll's services and would recommend them to Arkansas banks.

Robert Young, CFO, WesBanco, Inc.

Robert said that WesBanco has been doing business with Kroll for almost a year and that their customer services is very good. "They pivoted from providing us a rating on sub debt under an agreement signed last May to a preferred rating two months later with excellent responsiveness. Original customer service during due diligence was also much better than expected and easier than what S&P or Moody's experience would have been." Robert did have one note of exception- "If the banking organization is large enough, they may receive somewhat better capital markets execution with an S&P/Moody's/Fitch rating, but for most banks that isn't possible as they wouldn't be able to get an investment grade rating from the three larger providers. Kroll is really a very good alternative for smaller banks needing to enter the capital markets for the first time."

**SPARK** (Associate Gold Member)

*SPARK makes business, commercial, and SBA loan origination easier, more secure, and efficient for banks and their customers by digitizing the entire origination process. By moving off manual processes and network shares, our lenders have originated over \$8 billion in loans through our platform. SPARK will allow your bank to seamlessly capture leads, digitally connect your team with small business owners to upload data and documents, auto generate key internal and external documents, and submit directly to the SBA.*

References

Tony Vahsholtz, VP/SBA Department Manager, Bank of Idaho

Tony said that Bank of Idaho has been doing business with SPARK since August of 2020 and they utilize their software for SBA loan processing. Tony was that the SPARK's customer service is the best they've been associated with and he's very satisfied with their services. He would recommend them to Arkansas banks, and stated that he has recommended them to other banks throughout the country several times already.

Jeff Nager, EVP/Head of Commercial Lending, The Bancorp (North Carolina)

Jeff said that The Bancorp has been doing business with SPARK for 2 years and that SPARK is their core origination platform that handles the sales through closing processes for SBA and commercial clients. They are currently working on a release for The Bancorp's commercial fleet leasing business as well. Jeff said their customer service is excellent and that, "without hesitation I can say their service is the best of the technology vendors we work with." Jeff is very satisfied with SPARK's system, services, and responsiveness, and would recommend them to Arkansas banks; especially those with a strong commercial portfolio.

**UFS LLC (Associate Member)**

*Founded in 1991 by community banks, currently owned by community banks, UFS is a technology outfitter working only with community banks from \$50M to \$50B. Bankers tell us that we give them tools and resources so they can execute their strategies. We deliver confidence. We are often told how UFS gives banks the ability to focus on banking. Focused only on community banks, and heavily staffed with bankers, 100% of UFS's human and financial resources are dedicated to efficiently providing sophisticated technology while mitigating risk.*

References

Steve Stafford, Chairman/CEO, Anstaff Bank

Steve said that Anstaff has been working with UFS for over 10 years and that UFS is their core provider in addition to other services. Tom is very satisfied with their services and would definitely recommend them to Arkansas banks.

Gary Kleck, EVP CLO, Legacy National Bank

Gary said that Legacy has been working with UFS for around 7 years. The Core Information Service company that provided services to Legacy was purchased by UFS and since then, Gary has been very satisfied with UFS. He stated that their customer service is excellent and he would absolutely recommend them to Arkansas banks.
