Credit to Kickstart Your Southern New Hampshire University Degree

If you have stopped out of college, the Alternative Credit Project™ (ACP) provides a pool of online courses that Southern New Hampshire University will accept towards your degree (up to 90 ACP credits). A national program of the American Council on Education, supported by a generous grant from the Bill & Melinda Gates Foundation, the ACP is designed to help adults finish what they started - a two- or four-year degree, or a post-secondary certificate.

All ACE credit recommendations are eligible for evaluation for credit at SNHU. If you don't see your course on this list, contact us to learn about our ACE evaluation process.
