

PORTMIAMI™

Cruise Guide 2019

Cruise Capital of the World

PortMiami contributes approximately \$43 billion and more than 334,500 jobs to Florida's economy. It is recognized throughout the cruise industry for its customer service, quality operations, and all around excellence.

Last year the Port welcomed a record 5.6 million visitors and serviced 55 of the world's top cruise vessels.

The cruise lines and their passengers are vital to the continual growth and development of the travel and tourism industry in Miami-Dade County.

I want to thank our cruise partners and passengers for their business, trust and confidence in the Cruise Capital of the World.

Carlos A. Gimenez
Mayor, Miami-Dade County

The Cruise Capital of the World is growing at full speed. I'm proud to see an increasing number of our cruise partners expanding their presence at PortMiami. It is a signal of their confidence and trust in our thriving community.

I want to thank Miami-Dade County Mayor Carlos A. Gimenez, the Board of County Commissioners and the entire port team for their support and commitment to our mission. It is because of them that PortMiami remains competitive, generating more jobs and opportunities for generations to come.

Juan M. Kuryla, PPM
Director and CEO, PortMiami

The Cruise Capital of the World Continues Major Expansion: *More New Cruise Terminals and Ships*

PortMiami is located in one of the world's most beautiful and magical cities. Miami offers what few other destinations can: breathtaking views of downtown's skyline, a bay with sparkling turquoise waters, white sandy beaches, world class restaurants, museums, and so much more.

As one of South Florida's major economic engines, PortMiami is recognized as the Cruise Capital of the World and is proud to homeport more than 20 of the world's top cruise lines and 55 of the industry's most innovative ships.

The PortMiami team is continuously preparing for the next generation of cruise vessels and passengers with forward thinking improvements and renovations to its infrastructure.

In October 2018, Royal Caribbean International officially opened Cruise Terminal A, *the Crown of Miami*. The new facility serves as homeport to the world's largest cruise ship, Royal's *Symphony of the Seas*.

Norwegian Cruise Line's new terminal, *the Pearl of Miami*, is currently under construction and scheduled to open next year.

MSC Cruises' new facilities are in the works, and an MOU with Disney Cruise Line to expand with two cruise ships and a possible new cruise terminal was approved.

Virgin Voyages has also proposed building a new terminal in 2021 for its new cruise ship, *the Scarlet Lady*.

PortMiami is moving in many exciting directions. Its future is bright!
