CRYPTON

KEEP FURNITURE CLEAN LIKE NEVER BEFORE
Maintain the Natural Beauty of Your Wood Furniture with Crypton Eco-Friendly Products!

Why use Crypton Wood Care Products

Crypton Wood Polish adds protection to the wood surface and restores the beauty of the original finish. Natural additives reduce the impact of ultra violet rays to help reduce fading. The water based chemistry uses advanced polymers that help repel dirt.

Crypton Wood Cleaner safely and effectively cleans wood surfaces while maintaining the protection already in place with the Wood Polish.

KEEP FURNITURE CLEAN LIKE NEVER BEFORE
Maintain the Natural Beauty of Your Leather Upholstery with Crypton Eco-Friendly Products!

Why use Crypton Leather Care Products

Crypton Leather Protector provides protection against stains while making leather and softens to any leather. Natural additives reduce the impact of ultra violet rays to help reduce fading. The water based chemistry uses advanced polymers that help repel dirt.

Crypton Leather Cleaner will safely clean leather and even remove tough stains like ink, grease, food and beverage without removing other finish treatments. It contains optical brighteners that restore the beauty of original leather, and contains lighteners that help with UV protection by reflecting light rays.

KEEP FURNITURE CLEAN LIKE NEVER BEFORE
Maintain the Natural Beauty of Your Stone Surfaces with Crypton Eco-Friendly Products!

Furniture Manufacturers Recommend that you Seal and Clean Your Granite, Marble and Other Stone Surfaces

Crypton Stone Sealer provides protection from spills and stains. It is undetectable on the surface and will not change the look or gloss level of the stone. Natural additives reduce the impact of ultra violet rays to help reduce fading. The water based chemistry uses advanced polymers that help repel dirt.

Crypton Stone Cleaner is designed to work with the sealer and dissolve soils and stains on the surface, so they can be cleaned up with a clean dry cloth. Both our sealer and cleaner are safe.
