How it works...

1 Please send your logo to custom@beltedcow.com. Let us help you decide the best method of customization for your project. We accept the following formats: jpeg, eps, psd, pdf and ai.

2 Within a week or two you will receive a digital proof of your design via email. This is your opportunity to make any additional revisions before sampling.

3 Once you are happy with your custom design, the rest is easy!

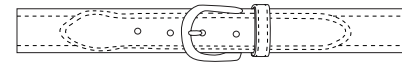

4 We make and ship your custom products at your request, small quantities are acceptable. Most custom products take approximately two weeks to produce once ribbon, embroidery or emboss is at our factory. We look forward to working with you!
