# DANGER ZONE LEAGUE

Welcome back to the Danger Zone. I have to say an interesting time for the league. We have our championship tournaments coming to an end and we are set to start the Blind Faith this cycle and are getting ready for the Danger Zone Championship tournaments. And then I receive a call from the Mr. Gold and there is a good chance DZL will be receiving the invite to some major tournaments in Gold Federation in 2023. That's a huge step forward for the league and I plan on continuing the climb till I get to my final destination.

This cycle we are ready to start Blind Faith. We have 32 wrestlers that were selected to compete. Teams were randomly paired, and the winning team will reenter the pool so next cycle we will have new teams selected. The overall winning team will split \$100,000 i-cash then battle it out the following cycle for an additional \$100,000 i-cash and a future Danger Zone Championship match.

Also, this cycle we have the finals of the Tag Team Championship tournament, the finals of the Ultraviolet Championship. We had our first champions crowned last cycle as the first semifinal of the Digital underground tournament went to a draw so once Thunder Kidd defeated Titan Mercury, we had our first champion! So congrats to thunder Kidd, you have earned \$100,000 i-cash for the victory. Let's check out the rest of the results from last cycles cards.

9. RIOT defeated Bloody Buck

\*\*the winners of matches 1-8 will be part of the Danger Zone Championship tournament. Next cycle, I will announce the remaining 8 names

\*\*match 9 as mentioned was from TT. I see this as a statement win for RIOT and will get him right in the mix for an Ultraviolet title shot eventually

### Danger Zone #6

1. The Puppetmaster, Flying Felipe Fernandez defeated Points Race Spendah, Sly Smith
2. Bone Crusher, Sugar bomb v Masked Giant, Masked typhoon went to a draw
3. McDaddy Neil White Adamson, Flying Wulf Joe Wulf defeated Club Flush, Ace blade

\*\*the three winners left in the tag tournament will battle it out in a triple threat match this cycle to crown our first tag team champions

\*\*the finals of the ultraviolet Championship is set- Hyperion Overdrive v Giant Typhoon. This should be one hell of a match

\*\*As mentioned, Thunder Kidd is the first Digital underground Champion and he will defend the championship next cycle at Fall Fatality

### **DZL Bank**

Last cycle we started off with the \$50,000 the IWA gave me, plus the \$300,000 donation. Now this cycle since we were over 50 cards we receive \$100,000. We'll bank all \$100k so we can get that balance up for our tournaments. I know last cycle I would go half and half but I think for now we should bank the cash, especially if we are over 50 cards and receive the \$100k.

**Current Bank- \$650,000 - \$100k to thunder Kidd for winning the digital Underground Championship**

**New Bank- \$550,000**

**Free Matches**

Last cycle we saved the 5 free matches. This cycle we hit over 50 cards so we received 10 free matches

**New Free Match Total- 35**

\*\*Next cycle the remaining 4 participants of the Danger Zone Championship tournament will be named. The tournament will actually begin next cycle as well and will be part of the Fall Fatality tour. I believe we will have two cards then just have the tournament matches added on.

\*\*Our next tournament will be a \$50,000 scramble tournament. We will have eight 4-way matches, highest strat advances in each match. Following cycle there will be two more matches with those two winners facing off the following cycle for a future Digital Underground Championship match and \$50,000 i-cash

\*\*Once all championships are crowned, contender's series will begin and those winners will earn an i-cash prize and title contract

\*\*On the horizon will be a double elimination tournament. 8 wrestlers and the winner will earn \$250k and a Danger Zone title contract. I'd like to start that one by the end of the year

DZL Director of Operations

Order Of Extreme

Ulysses Deadeye- Atticus Black, you've arrived and I've been waiting. That seems like the trend with us. I wait on you and that's my biggest mistake and I paid for it last cycle in IWL as I was left a Bloody mess but like I said in BBL, these scars will serve as badges of honor. Now you will wait for me and I'm a few cycles away to be ready to wage war with you. We're in the Danger Zone Atticus, fear is not allowed, the rules are not what they seem. An underground playground for us. In time Atticus, you get what you've had coming to you for years. Tick tick right, wrong...the bells tolling, the bell of your end.

**Ulysses, what happened to you in IWL was just the beginning. In DZL, I have no boundaries, no politics, no rules of what I can't and won't do to you. Heal up and meet your maker. You now have three destinations to suffer, IWL, DZL, and BBL, sounds like a recipe for eternal demise**
