

# International Comparison Program 2011 Round

## Data Process, Management, and Transmission Chart, and Access Policy

*Nada Hamadeh  
Statistics Officer  
World Bank*

Regional Coordinators Meeting  
September 28-30, 2009  
Washington DC

# Objectives

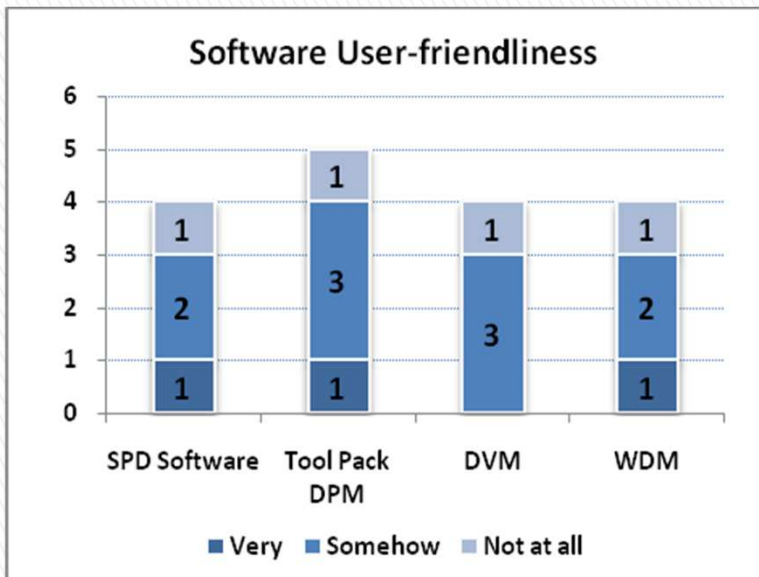

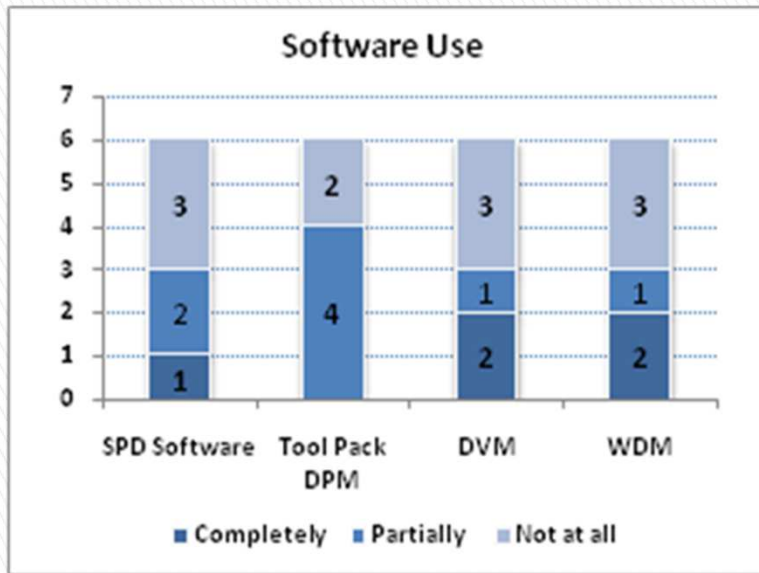

---

- ▶ **Provide a summary of the findings of the ICP 2005 Software Suite Evaluation**
- ▶ **Propose a Data Process, Management and Transmission Chart**
- ▶ **Discuss design requirements for the 2011 ICP Software Suite**
- ▶ **Discuss the 2011 Data Access and Archive Policy in light of the changes introduced in ICP 2011**

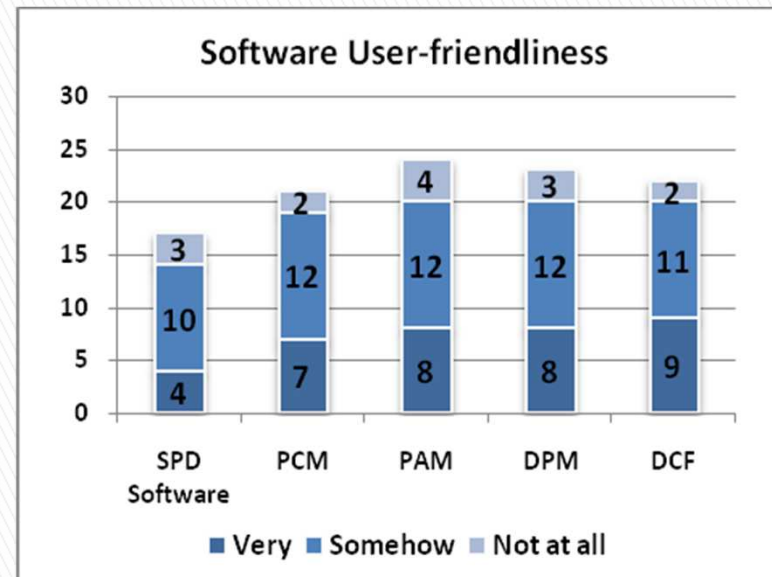

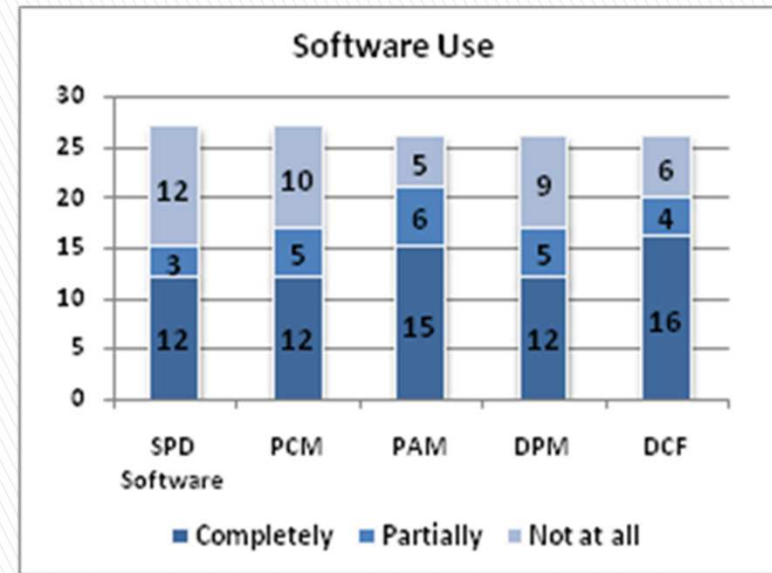

# Summary Findings of the ICP 2005 Software Suite Evaluation

- ▶ **Evaluation objective:** To assess the relevance and performance of the ICP 2005 Software suite tools, to check the adequacy of the documentation, training and support provided, and to provide recommendations for software development and use in the ICP 2011.
- ▶ **Evaluation methodology:**
  - Checking the relevance, operation, and user-friendliness of the ICP 2005 Software suite
  - Evaluating the supporting documentation
  - Questionnaires to Regional Coordinators and countries
  - Interviews with staff/ consultants from the ICP Global Office and IT specialists from DECDG
- ▶ **Responses:**
  - Responses were received from five regional coordinators from four regions: Asia, Africa, South America, and Western Asia, pl
  - Out of fifty countries, responses were received from twenty-eight countries, eleven from Asia, eight from Africa, two from South America, and seven from Western Asia.

Small Country Model

Regions Model

# Basic Requirements Matrix

	Time	Effectiveness	Testing
Planning	Realistic Agreed	Effective	Thorough 2010 Pilot Surveys
Design		Modular Simple	
Development	Rapid Timely	Bug-Free	On Live Data Large Databases
Utilization	Fast	User-Friendly Easy to Install	Regions Training Centers

# Documentation Requirement Matrix

	Responsibility	Type	Quality	Languages
On the Screen	System Developers	Instructions	Legible	Software set to minimize translation
		Messages		Country Modules Only
Manuals	System Developers	Technical	Detailed	Professional Translations
	Global Office	ICP		

# Knowledge Requirement Matrix

	Quality	Tools	Responsibility
Training	Based on Strategy	Electronic Tool	Global Office
	Efficient		Regional Offices
Technical Support	Based on Strategy	Website	Global Office
		Hotline	Regional Hubs
Knowledge Base / Archiving	Data	Software	Global Office
	Metadata		Developers

# Tentative Timetable

	2009					2010											
	Aug	Sept	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec
Development	█																
Testing and documentation						█											
Translation, training, and testing									█								
Testing in pilot data collection												█					
Deployment of final product														█			

# Data Archive and Access Policy

- ▶ **Starting point: 2005 Data Archive and Access Policy**
- ▶ **Main changes from 2005:**
  - Data submission of Core List data from all ICP regions as well as Eurostat-OECD
  - Archive of Core List specifications, data, and metadata
  - Access to Core List data
  - Increased focus on the submission and archive of metadata (country-specific and region-specific)
