With each out-and-back section of the ‘T’ at 10.2km, runners pass each point of the course four times. With an additional 1.4km of connecting routes at the bottom of the T, the classic marathon distance of 42.195km is reached. Course: through the company Nüssli, past the ARNDT hot spot to the Kanallände and continue to the factory grounds and the hot spots, then branch off to the right along the canal in the direction of Haimpfarrich. After a few hundred meters turning point 1. Back to Roth, via Gartenstraße to the left into the Mühlgasse to the Sparkasse. Via Sparkasse to the Kugelbühl, further to market square and Willy Supf-Platz. Now direction Pfaffenhofen, after "Blumen Basso" left into Sandgasse. Straight ahead to the end of the road, cross the river Rednitz over the bridge and continue to the sewage treatment plant. From there state road to Büchenbach. Via school center straight to the Rathaus, round the pond and to Rathausplatz. Turning point 2 and back to Roth. After the second lap turn left from Gartenstraße into the street "Am Espan" and as before to the finish in the Triathlon stadium (900 meters). The new course is flat on an asphalted road, which is closed to traffic, except for an ascent just before Büchenbach and the current ascent towards Lände. The only exception (as before) is the short forest track.
