Overview

Super God! Super Me! Super Possibility!

From biblical times to right now, people have demonstrated their God-given super-possibilities! Super God VBS is a great way to help participants know that the super power given us by Jesus Christ is greater than any power—imagined or in existence.

Teaching Style

This is a Bible & Arts Program that utilizes African American culture and history as a lens through which to teach biblical truths and spread the Gospel of Jesus Christ. This is designed not only to be used as a traditional VBS format, but also suited well for after school program or black history month activity.
