Building a wall that needs geogrid to reinforce the soil and stabilize your wall?
 Engineered for durability and long life, VERSA-Grid® geogrid is a high-performance [soil reinforcement](#) composed of high-molecular-weight, woven polyester yarns with a polymeric coating. Properly designed VERSA-LOK walls with VERSA-Grid soil reinforcement can be constructed to heights of 50 feet or more.
4 ft x 50 ft roll \$45.00

8 ft long pieces Snap edge
\$14.95 each
 Snap edging pins
 3/8" x 10" **\$.80 each**

VERSA-TUFF fiberglass-reinforced nylon pins are high-strength, durable, inert and noncorrosive. [VERSA-TUFF pins](#) provide mechanical interlock of [VERSA-LOK retaining wall units](#) and a positive connection of VERSA-LOK units to geogrid [soil reinforcement](#). VERSA-TUFF pins also simplify the installation of VERSA-LOK retaining walls through a unique top-pinning, hole-to-slot system

\$16.00 per bag of 100 pins

Block Adhesive

Superior strength and longevity
 Works on wet or frozen surfaces
 Extrudes down to 10°F Will not freeze
 Permanent bond Interior/exterior use

Applications

Retaining walls - Pavers - Block - Firepits - Concrete - Metals - Wood - Natural stone
 If block, paver, etc. has been tumbled, make sure surface is clean of any dust, dirt or material that may deter proper adhesion. 2. When using on tumbled blocks or pavers, we recommend a 3/8" bead. Be sure surface is free of dust, dirt or other materials that may deter proper bond. 3. Recommended application temperatures from 10°F to 120°F 4. When using on steps or high traffic areas, allow a 48 hour cure time and 4-5 days before use.

10 oz. tube \$4.95

28 oz. tube \$9.95

Gator Dust for Block Joints
1/2" to 4" wide
Polylock Dust For sealing
1/8" to 1/4" cracks
\$27.95 per bag

Madera™ Madera Stone Wall
 Same Blocks that Fire pits are made of
 Versatile. Beautiful. Stone Look.
 Add beauty to any home or garden landscape project with the unique look that Madera Stone offers.

Size	Units/	Units/	Sq. Ft/	Weight/
8 x 5 x 12	2.4	100	41.667	3000 lbs

The scratched face along with the tumbled edges make for a exceptional look that goes well beyond a concrete block. Madera Stone's half blocks allow for versatile design detail without the hassle of sawing or cutting any stones. It's never been easier to build columns, run detailed curves, and make 90 degree corners. These professional details are now available for the homeowner to create truly unique and stylish retaining walls.

Full block 5"x12"x8" Half Block 5"x6"x8" Please take 2 half blocks for every 3 full block 3 Colors to Choose From

Brutus™ Rustic Stable. Affordable. Rustic Look.

This is a great option for high performance walls where great looks is as much a priority as great performance & great value.

The rustic split featured on Brutus™ gives the block a timeless “old world” look that ages gracefully. The square foot size and rear lip connection allows for fast and easy installation. Romanstone Brutus™ now comes standard with a rustic split finish. This feature adds a more natural stone appearance than traditional split units at the same cost. Brutus™ also features our improved lip design resulting in less breakage, easier installation and reduced waste. The core-fill design results in lighter weight, more square foot per truck load, and easier installation.

Size	Units/Sq. Ft	Unit Weight	Cube Count	Weight/Pallet
8”H x 18”W x 12”D	1.0 block	72 lbs	36 block	2675 lbs

8”x 18” face **\$4.50 each** Full Pallet of 36 blocks **\$146.00 = \$4.05 each**

Caesar™ Beveled

Strong. Efficient. Durable.

Caesar beveled blocks are the right size for

simple, fast, and efficient installation on medium to large walls.

Their lipped design allows you to finish your job quickly and easily. Use Caesar wall for any size retaining wall where high performance, low cost, and easy installation are a top priority. Caesar 12 wall features a new, improved lip design resulting in less breakage, easier installation and reduced waste. The dished-out cup on bottom of the block results in lighter weight, more square foot per truck load and easier handling and installation. The center reinforcement and groove allows the block to be split into halves and corners.

Caesar™ Beveled Large Wall Blocks 6” x 12” face

\$4.50 each Full pallet of 48 Blocks **\$195.00 = \$4.05 each**

Size	Units/Sq. Ft	Units/Pallet	Sq. Ft/Pallet	Weight/Pallet

Keystone Garden Wall®

A do-it-yourself retaining wall tradition, Keystone Garden Wall is perfect for landscape walls up to 2' (60cm) high as well as tree rings, patio, lawn or sidewalk edging, and garden or flowerbed borders.

5 Colors to choose from

Easy to Install: Keystone Garden Wall is lightweight and easy to handle. No special tools are required. Its secure, interlocking design makes installation as easy as 1-2-3.

Adds Beauty: Keystone Garden Wall has the natural complement of quarried stone and its earth tone colors blend with any landscape.

Offers Design Versatility: Keystone Garden Wall enables you to build straight, curved, or terraced walls to fit the contours of your yard.

Long Lasting and Durable: Keystone Garden Wall is made of high-strength, low-absorption concrete to provide permanent, environmentally safe walls that are virtually maintenance free.

Apollo™ Wall

Economical. Versatile. Stylish.

Apollo wall blocks are small enough for simple, fast, and efficient installation. Their lightweight design allows you to create a new look without breaking the budget. Use Apollo wall for small retaining walls, tree rings, garden borders, and more. The only limit is your imagination. Apollo wall features a new, improved lip design resulting in less breakage, easier installation and reduced waste. The dished-out cup on bottom of block results in lighter weight, more square foot per truck or car load and easier handling and installation.
