

Mystera Solid Surface

MYSTERA
solid surface

Possibility

A vast palette of colors that offer the beauty of natural stone with the easy care and performance of solid surface. Each of the Mystera™ colors offers an elegance and depth of color that is affordable and adaptable to any design for any residential or commercial application.

Mystera™ like nature, only better adds beauty to any environment. This solid surface material creates the look and provides the performance that you have always wanted for your lifestyle. Mystera is a nonporous surface that is easy to clean, renewable, and mold and bacteria resistant.

Suggestions for the use of Mystera in residential applications include kitchen countertops, bathroom vanities, and shower and tub surrounds, as well as in commercial applications, including furniture, retail displays, wall cladding, vanities, reception counters, window sills and bathroom stall partitions.

Available in the colors below in 1/2" thick sheets in 36" x 144" and 48" x 96" sizes. Other colors, sizes and thicknesses available by special order.

Integra Adhesives

Integra color-matching 250mL cartridge adhesives (with two tips) are also listed for their respective colors. Color match may vary with manufacturer's dye lot variations. Information is provided as a reference only, end user should verify suitability prior to use. An (E) after the color name represents an Engineered stone color. * indicates good fit required for invisible seam.

Swanstone Custom Countertops

C

An amazing combination of endless design options and extraordinary practicality. The solid surface of Swanstone gives you the flexibility to choose the size, shape, color and even the decorative edge treatment you'll find in your dream kitchen, not to mention the durability to resist stains, scratches and extreme heat. It's beauty you can live with.

Our Custom Countertops give you the beauty and toughness of genuine Swanstone matched with an endless array of design possibilities. You'll choose from options like decorative edge treatments, custom shapes and seamless sinks in matching or contrasting colors. So whether your dream kitchen is subtle and elegant or dramatic and stylish, Swanstone brings it to life.

Custom Kitchens IT2745 IT3698

Quite simply, our Custom Countertops give you the ultimate in flexibility to create the kitchen you've always dreamed of. You choose the colors. You choose the shape. You choose everything. That's why they're called Custom Countertops. Design options like matching or contrasting sink colors, a variety of decorative edge treatments, and seamless undermounted sinks are the perfect complement to the rugged durability of the Swanstone solid surface, all of which adds up to a beautiful kitchen that is easy to clean and resists stains, scratches and even extreme heat. We even back it up with our 10-year limited warranty. Please call for a fabricator to meet your needs. Fabrication manuals are available to insure your success.

Swanstone Kitchen Sinks for Custom Countertops

Available in Matching and Contrasting Colors

Genuine Swanstone sinks, designed exclusively for our Custom Countertops, are a stunning addition to your kitchen. The solid surface means that we are able to offer dramatic options like seamless under-mounted sinks, in a full range of matching or contrasting, solid or granite colors. They're all available in an assortment of shapes and sizes and they all feature deeper bowls and offset drains. Whichever color or configuration you choose, we back Swanstone durability with a 10-year limited warranty.

You can also silicone undermount these sinks to high pressure laminate (HPL) or any other substrate. Full installation instructions are available.

The US kits include one compression molded kitchen sink, clips and screws for mechanical undermount installations to Swanstone fabricated countertops.

US1210 Entertainment Sink

Mystera Vanity Blanks

MYSTERA
solid surface

Available In Six Colors

Mystera™ offers vanity tops in six colors, each with the look of natural stone. Like nature, the six colors range from the subtle light neutrals to the dramatic bold and darker tones. Selected by designers, each Mystera color will provide the centerpiece for a beautiful bath design.

A Quick Fit For Most Cabinets

Mystera has a vanity top for most residential and commercial applications. The 2cm material is designed for fast flexible installations, requiring no buildup or adhesive. Mystera vanity tops will fit most standard size cabinets, up to 22" wide and 80" in length. The simplicity of any sink configuration makes the Mystera vanity top the quick fit for any cabinet.

Combining Function and Style

Mystera bath vanity tops offer the beauty of natural stone in an easy to clean, non-porous solid surface material. Each vanity top has unique veining patterns running through the 2cm solid surface, providing durability and performance for today's active lifestyles.

- 10 year warranty
- Non-porous
- Class I fire rating
- Resistant to chemicals, stains, mold and bacteria
- Easy to clean and repair

Available in the colors below in 2cm thick sheets in 27" x 39", 27" x 45", 27" x 51", 27" x 57", 27" x 69", and 27" x 81" sizes (27" x 144" also available by special order only).

Integral Vanity Sinks

A variety of solid surface and stainless steel sinks are available to integrate with the top, making it all one piece. This unique ability to integrate the sink, unlike natural stone, makes the vanity top and sinks easy to clean.

Integra Adhesives

Integra color-matching 250mL cartridge adhesives (with two tips) are also listed for their respective colors. Color match may vary with manufacturer's dye lot variations. Information is provided as a reference only, end user should verify suitability prior to use. An (E) after the color name represents an Engineered stone color. * indicates good fit required for invisible seam.

Fabrication Accessories

Peel'N Stick Undermount Sink Clip UC156

The Peel'N Stick undermount sink clip installs stainless steel sinks without drilling or gluing. Instant clip adhesive holds securely to counter surface, allowing installation of the sink while adhesive and silicone cures.

- **Faster, easier to install:** Instant adhesion. Prime clean, dust-free surfaces with Surface Primer (included), peel off adhesive backing, press Sink Clip into place, caulk the sink with silicone and install the sink. Holds sink firmly while caulk cures, then adds holding power for the life of the sink. Install in the shop or on the job. No drilling. No long waiting for adhesive to cure.
- **Flexible:** Place Sink Setter clips in the sink corners, and where ever additional support is needed. Use under granite, solid surface, stone and other countertop materials. Normal installation requires four clips for a small sink, six for double bowl sinks.
- **Strong:** Adhesive holds firm. Combines with the strength of the sink caulk for strong, permanent installation. Surface sealer (included) adds to strength of adhesion under granite tops.

Six self-adhesive Peel'N Stick mounting studs, sinks clips, wing nuts and one surface primer brush-on sticks in a bag. Each bag contains enough product to install one standard size sink. Packed 15 bags per box, six boxes per master pack.

Sink Setter PW99 PW104 PW114

Professionally installs undermount sinks, from stainless steel to cast iron, under any countertop surface without shimming, drilling, sawing, gluing or improvising.

The Professional's choice:

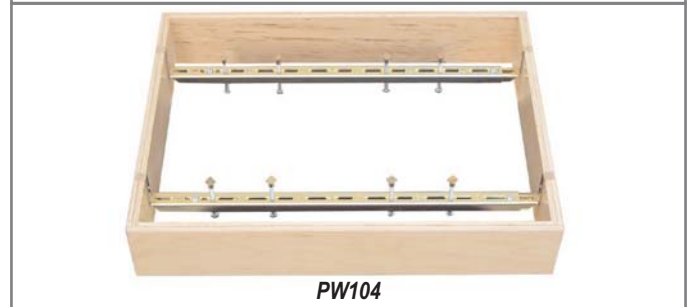

- **Easier to install:** With a socket & screwdriver, thanks to our patented system
- **Stronger:** Heavy gauge steel leveling bolts, bolt caps & brackets, support any sink
- **Adjustable:** No shimming or sawing
- **Removable:** Without removing the counter
- **Fast:** Installs in minutes – saves money
- **Three sizes:**
 - PW-99 front to back installations 14" to 26"
 - PW-104 side to side installations 25" to 47"
 - PW-114 offset side to side installations 31" to 47"
- **Dependable:** Providing trouble-free installations for over 10 years
