Summary Sheet

Meeting dates: March 13-14, 2020

Agenda item: Deer General Seasons and Special Permits – **Briefing and Public Hearing**

Presenter(s): Brock Hoenes, Ungulate Section Manager

Background summary:

The department staff will brief the Commission on WAC 220-415-020 2018-2020 Deer general seasons and definitions and WAC 220-415-030 2019 Deer special permits.

Staff recommendation:

Changes to WAC 220-415-020 2018-2020 is to keep general season deer hunting opportunity for 2020. It also aims to balance the hunting opportunity between user groups. The proposal also increases opportunity when deer populations allow and reduces opportunity when declining deer numbers call for a change.

This proposal supports recreational deer hunting opportunity and protects deer from overharvest. The proposal would also maintain sustainable general deer hunting season opportunities for 2020. The proposal helps address deer agricultural damage problems and provides for deer population control when needed.

Changes to WAC 220-415-030 is also to retain special permit deer hunting opportunities, as well as it adds language that clarifies the bag limit is one deer, except where otherwise permitted by department rule, even if permits are drawn for more than one deer hunt category.

Situations have occurred in the past that involved hunters who successfully drew a permit in more than one hunt category for the same species. Because the current language does not specify a Bag Limit, some hunters interpret this to mean they can shoot one deer per permit or one deer in addition to their general season harvest, which is incorrect. Amending this rule as proposed, would clarify the rule and avoid confusion in the future.

Policy issue(s) and expected outcome:

- Adjustments of permit numbers to support recreational deer hunting opportunity.
 - Continue sustainable hunting seasons for deer
-

Fiscal impacts of agency implementation:

None.

Public involvement process used and what you learned:

The department provided public input opportunity on proposed hunting seasons via the department website for a three-week time period. Additionally, these individuals and organizations were informed of the opportunity to provide verbal testimony at the March 13-14, 2020 Commission meeting.

Please see the attached summary of public comment form.

Action requested and/or proposed next steps:

Take public comment. Adoption is planned for the April 10-11, 2020 Commission meeting.

Form revised 2-15-18

AMENDATORY SECTION (Amending WSR 19-10-011, filed 4/19/19, effective 5/20/19)

WAC 220-415-020 2018-2020 Deer general seasons and definitions.

It is unlawful to fail to comply with the bag, possession, and season limits described below. Violations of this section are punishable under RCW 77.15.410 Unlawful hunting of big game—Penalty.

Bag Limit: One (1) deer per hunter during the license year except where otherwise permitted by department rule.

Hunting Method: Hunters must select one of the hunting methods: Modern firearm, archery, or muzzleloader.

Any Buck Deer Seasons: Open only to the taking of deer with visible antlers (buck fawns illegal).

Antler Point: To qualify as an antler point, the point must be at least one inch long, measured on the longest side.

Antler Restrictions: APPLIES TO ALL HUNTERS DURING ANY GENERAL SEASON AND DESIGNATED SPECIAL PERMIT SEASONS. Buck deer taken in antler restricted game management units (GMUs) must meet minimum antler point requirements. Minimum antler

point requirements are antler points on one side only. Eye guards are antler points when they are at least one inch long.

3-point Minimum GMUs: All mule deer in 100, 200, and 300 series GMUs; white-tailed deer in GMUs 127, 130, 133, 136, 139, 142, 145, 149, 154, 162, 163, 166, 169, 172, 175, 178, 181, 186, and black-tailed deer in GMU 578.

Permit-only Units: The following GMUs require a special permit to hunt deer: 157 (Mill Creek Watershed), 290 (Desert), 329 (Quilomene), 371 (Alkali), and 485 (Green River).

GMUs Closed to Deer Hunting: 490 (Cedar River) and 522 (Loo-wit).

Types of deer that a person may legally hunt in Washington:

Black-tailed Deer: Any member of black-tailed/mule deer (species *Odocoileus hemionus*) found west of a line drawn from the Canadian border south on the Pacific Crest Trail and along the Yakama Indian Reservation boundary in Yakima County to the Klickitat River; south down Klickitat River to the Columbia River.

Mule Deer: Any member of black-tailed/mule deer (species *Odocoileus hemionus*) found east of a line drawn from the Canadian border south on the Pacific Crest Trail and along the Yakama Indian Reservation

boundary in Yakima County to the Klickitat River; south down Klickitat River to the Columbia River.

White-tailed Deer: Any white-tailed deer (member of the species *Odocoileus virginianus*), except the Columbian whitetail deer (species *Odocoileus virginianus leucurus*).

MODERN FIREARM DEER SEASONS

License Required: A valid big game hunting license, which includes a deer species option.

Tag Required: A valid modern firearm deer tag for the area hunted.

Hunting Method: Modern firearm deer tag hunters may use rifle, handgun, shotgun, bow, crossbow, or muzzleloader, but only during modern firearm seasons.

Summary of Public Comments Received During the Official Comment Period and WDFW Response:

WAC 220-415-020 2018-2020 Deer General Seasons and Definitions.

Supporting Comments:

The Department received eighteen comments in support of the proposal. Respondents advocated for predator management, antler-point restrictions in northeast Washington, more opportunity for senior hunters, no antlerless harvest in northeast Washington, no antlerless harvest or no 2nd deer permits, increasing 2nd deer permits, antler-point restrictions for black-tailed deer, shorter archery seasons, and decreasing harvest in Klickitat County. Three additional comments were not directly related to the proposal.

Opposing, Neutral, and Other Comments:

The Department received twenty-seven comments in opposition to the proposal. Respondents advocated for predator management, antler-point restricts in northeast Washington, reducing tribal harvest, no antlerless harvest in northeast Washington, managing all mule deer harvest with special permits, late-buck seasons in King and Snohomish counties, no antlerless harvest in Okanogan County, increasing opportunity because there are too many deer, antler-point restrictions for black-tailed deer, no antlerless opportunity for black-tailed deer, abolishing the 3-pt rule for mule deer, and having an eastside and westside tag for deer, similar to what the Department does for elk. There were nine additional comments that were not directly related to the proposal.

The Department received four neutral comments. One respondent advocated for predator management, one advocated for decreasing antlerless harvest, and two were not directly related to the proposal.

The Department received one email that expressed concern about mule deer populations in Chelan and Okanogan counties. The sender advocated for removing antler-point restrictions for mule deer and limiting all opportunities for mule deer using the special permit system.

The Department received four emails that were related to deer in northeast Washington. Two emails advocated for antler-point restrictions, while two others were opposed. Two emails advocated for no antlerless harvest, while one also advocated for limited special permits for youth, disabled, and senior hunters for Any Buck.

Direction and Rationale:

The Department will move forward with the recommendation to the Fish and Wildlife Commission as currently proposed. Common themes identified included decreasing antlerless harvest, predator management, and antler-point restrictions for white-tailed deer in northeast Washington. The Department has already liberalized bear seasons in eastern Washington and is proposing options to recreational cougar seasons that could increase opportunities to harvest cougars. We have also substantially reduced opportunities to harvest antlerless mule deer and white-tailed deer to help populations recover from recent declines that were associated with severe drought conditions in 2015 and severe winters conditions in 2016-2017. Although antler-point restrictions have not been shown to have any biological effect, beyond increasing the survival of bucks ≤ 2.5 years old, the

Department recognizes they have become increasingly popular throughout the U.S. As such, the Department will consider antler-point restrictions in concert with the 2021-2023 season setting process.

AMENDATORY SECTION (Amending WSR 19-20-078, filed 9/27/19, effective 10/28/19)

WAC 220-415-030 ((2019)) 2020 Deer special permits. It is unlawful to fail to comply with the bag, possession, and season limits described below. A violation of this section is punishable under RCW 77.15.410 Unlawful hunting of big game—Penalty.

Deer Special Permit Hunting Seasons (Open to Permit Holders Only)

Hunters must purchase a deer hunting license prior to purchasing a permit application. Hunters may only apply for permits consistent with the tag required for the hunt choice; however, Multiple Season Permit holders may apply for archery, muzzleloader, or modern firearm permit hunts. Hunters drawn for a special permit hunt must comply with weapon restrictions, dates, and other conditions listed for the hunt. Hunters drawn for a special permit designated "**Any tag**" under the "**Weapon/Tag**" restriction must use equipment consistent with the requirements of their transport tag and license.

Bag Limit: One (1) deer per hunter during the license year except where otherwise permitted by department rule, even if permits are drawn for more than one deer hunt category.

Master Hunter - Only master hunters may apply. Weapon must be consistent with weapon/tag restriction noted for hunt. Additional weapon restrictions may be conditioned by the hunt coordinator for each hunt. For those hunts requiring the purchase of a master hunter second tag, one deer may be killed in the unit under the authorization of the special permit.

Hunt Name	Weapon/Tag	Requirements	Hunters	Hunt Dates	Special Restrictions	Boundary	Permits
Region 1	Any/2nd deer tag	Master Hunter deer tag required	Master Hunter	((Aug. 1, 2019 – March 31, 2020)) Aug. 1, 2020 - March 31, 2021	Antlerless	Designated Areas in Region 1	30 ^{HC}
Region 1	Archery/2nd deer tag	Master Hunter deer tag required	Master Hunter	((Aug. 1, 2019 – March 31, 2020)) Aug. 1, 2020 - March 31, 2021	Antlerless	Designated Areas in Region 1	20 ^{HC}
Region 2	Any/2nd deer tag	Master Hunter deer tag required	Master Hunter	((Aug. 1, 2019 – March 31,	Antlerless	Designated Areas in Region 2	10 ^{HC}

Master Hunter - Only master hunters may apply. Weapon must be consistent with weapon/tag restriction noted for hunt. Additional weapon restrictions may be conditioned by the hunt coordinator for each hunt. For those hunts requiring the purchase of a master hunter second tag, one deer may be killed in the unit under the authorization of the special permit.

Hunt Name	Weapon/Tag	Requirements	Hunters	Hunt Dates	Special Restrictions	Boundary	Permits
				2020)) Aug. 1, 2020 - March 31, 2021			
Region 3	Any/2nd deer tag	Master Hunter deer tag required	Master Hunter	((Aug. 1, 2019 - March 31, 2020)) Aug. 1, 2020 - March 31, 2021	Antlerless	Designated Areas in Region 3	40 ^{HC}
Region 5	Any/2nd deer tag	Master Hunter deer tag required	Master Hunter	((Aug. 1, 2019 - March 31, 2020)) Aug. 1, 2020 - March 31, 2021	Antlerless	Designated Areas in Region 5	((10^{HC})) 5 ^{HC}
Region 6	Any/2nd deer tag	Master Hunter deer tag required	Master Hunter	((July 1, 2019 - March 31, 2020)) July 1, 2020 - March 31, 2021	Antlerless	Designated Areas in Region 6	10 ^{HC}

Hunter Education Instructor Incentive Permits

- Special deer permits will be allocated through a random drawing to those hunter education instructors who qualify.
 - Permit hunters must use archery equipment during archery seasons, muzzleloader equipment or archery equipment during muzzleloader seasons, and any legal weapon during modern firearm seasons. Hunter orange and/or hunter pink is required during modern firearm seasons.
 - Except for online class incentive permits and chief instructor incentive permits, qualifying hunter education instructors must be certified and have been in active status for a minimum of three consecutive years, inclusive of the year prior to the permit drawing.
 - Permittees may purchase a second license for use with the permit hunt only.
- Qualified hunter education instructors may only receive one incentive permit each year.

Area	Dates	Restrictions	GMUs	Permits
Region 1	All general season and permit seasons established for GMUs included with the permit. Not eligible for seasons and permits for auction hunts; raffle hunts; and hunts for master hunters, youth hunters, hunters with disabilities, or hunters 65 years and older, unless the hunter education instructor legally qualifies for such hunts.	Any white-tailed deer	Any 100 series GMU EXCEPT GMU 157	((2)) 3
Region 2		Any white-tailed deer	GMUs 204, 215, 233, 239	1
Region 2		Any white-tailed deer	GMUs 218, 224, 231, 242	1
Region 2		Any deer	GMUs 218, 231	1
Region 2		Any deer	GMUs 245, 247	1
Region 2		Any deer	GMU 290	1
Region 3		Any deer	GMUs 335-368	2
Region 4		Any deer	Any 400 series GMU EXCEPT GMUs 485 and 490	((2)) 4
Region 5		Any deer	All 500 series GMUs EXCEPT GMUs 522 and 578	4
Region 6		Any deer	Any 600 series GMU	((2)) 4

RECOMMENDED ADJUSTMENTS

The department recommends the following adjustments since the Code Reviser filed (CR-102). The adjustments are included in your notebooks.

Page 14

- Change: For Chiwawa, change permits from 20 to 21.

Rationale: Harvest estimates from 2019 became available and were used to make final allocation adjustments.

Page 15

- Change: For Naneum, change permits from 14 to 15.

Rationale: Harvest estimates from 2019 became available and were used to make final allocation adjustments.

- Change: For Quilomene, change permits from 17 to 18.

Rationale: Harvest estimates from 2019 became available and were used to make final allocation adjustments.

- Change: For Teanaway, change permits from 24 to 27.

Rationale: Harvest estimates from 2019 became available and were used to make final allocation adjustments.

- Change: For Green River, delete TBD.

Rationale: Permit numbers were developed in collaboration with Treaty Tribes after the filing of the CR-102.

Page 16

- Change: For Naneum, change permits from 7 to 6.

Rationale: Harvest estimates from 2019 became available and were used to make final allocation adjustments.

- Change: For Quilomene, change permits from 9 to 7.

Rationale: Harvest estimates from 2019 became available and were used to make final allocation adjustments.

Page 17

- Change: For Teanaway, Archery change permits from 10 to 29.

Rationale: Harvest estimates from 2019 became available and were used to make final allocation adjustments.

- Change: For Teanaway, Muzzleloader change permits from 5 to 1.

Rationale: Harvest estimates from 2019 became available and were used to make final allocation adjustments.

Page 18

- Change: For Ritzville, change permits from 24 to 10.

Rationale: Harvest estimates from 2019 became available and were used to make final allocation adjustments.

- Change: For Alkali, change permits from 3 to 2.

Rationale: Harvest estimates from 2019 became available and were used to make final allocation adjustments.

Page 19

- Change: For Ritzville, change permits from 2 to 1.

Rationale: Harvest estimates from 2019 became available and were used to make final allocation adjustments.

Page 33

- Change: For Green River, delete TBD.

Rationale: Permit numbers were developed in collaboration with Treaty Tribes after the filing of the CR-102.

- Change: For Ten Ten, change permits from 2 to 3.

Rationale: Harvest estimates from 2019 became available and were used to make final allocation adjustments.

Summary of Public Comments Received During the Official Comment Period and WDFW Response:

WAC 220-415-030 2020 Deer Special Permits.

Supporting Comments:

The Department received nine comments in support of the proposal. Two comments advocated for changing the season dates for modern firearm in GMU 290, one advocated for abolishing the point system, one advocated for predator management, and one advocated for changing the season dates for buck hunts in the Palouse. Three additional comments were not related to the proposal.

Opposing, Neutral, and Other Comments:

The Department received eighteen comments in opposition of the proposal. Four comments advocated for predator management, four advocated for more opportunity for archery hunters, two advocated for additional reductions in antlerless permits, two advocated for more muzzleloader permits, two advocated for a new permit system, one advocated for five point antler point restrictions for white-tailed deer, one advocated for closing all deer seasons, one advocated for less tribal harvest, and one advocated for not allowing hunters to be drawn for permits in multiple categories. Two additional comments were not related to the proposal.

The Department also received one neutral comment, but it was unrelated to the proposal.

The Department received one email that expressed concern about mule deer populations in Chelan and Okanogan counties. The sender advocated for removing antler-point restrictions for mule deer and limiting all opportunities for mule deer using the special permit system.

The Department received four emails that were related to deer in northeast Washington. Two emails advocated for antler-point restrictions, while two others were opposed. Two emails advocated for no antlerless harvest, while one also advocated for limited special permits for youth, disabled, and senior hunters for Any Buck.

Direction and Rationale:

The Department will move forward with the recommendation to the Fish and Wildlife Commission as currently proposed. The only common themes associated with comments the Department received were related to predator management and, in general, increasing opportunities. The Department has already liberalized bear seasons in eastern Washington and is proposing options to recreational cougar seasons that could increase opportunities to harvest cougars. We have reduced opportunities to harvest antlerless mule deer and white-tailed deer to help populations recover from recent declines that were associated with severe drought conditions in 2015 and severe winters conditions in 2016-2017. Those reduced opportunities will continue to be implemented until populations have recovered.

PROPOSED RULE MAKING

CR-102 (December 2017) (Implements RCW 34.05.320)

Do NOT use for expedited rule making

Purpose of the proposal and its anticipated effects, including any changes in existing rules:

WAC 220-410-050 Game management unit (GMU) boundary descriptions—Region five.

The purpose of this proposal is to correct any errors in the boundary descriptions for game management unit 506.

WAC 220-410-060 Game management unit (GMU) boundary descriptions—Region six.

The purpose of this proposal is to correct any errors in the boundary descriptions for game management unit 673.

WAC 220-412-050 Landowner raffle hunts.

The purpose of this proposal is to alter the adjustment of annual report submission date requirements from December 31 to May 1, to coincide with WAC 220-412-100. This also allows enrolled landowners to submit all required reports at the same time.

WAC 220-412-070 Big game and wild turkey auction, raffle, and special incentive permits.

This proposal adds game management units (GMUs) 186 and portions of GMU 181 (south of the line made by starting at Montgomery Ridge Road and Highway 129, to the Sherry Grade Road, to the Couse Creek Road, to the Snake River) to the legal hunt area for the Rocky Mountain Bighorn Sheep Raffle Permit.

WAC 220-412-090 Multiple season big game permits.

The purpose of this proposal is to clarify language.

WAC 220-412-100 Landowner hunting permits.

The purpose of this proposal is to further develop the standard operating procedure for the Landowner Hunting Permit (LHP) Program. The Landowner Hunting Permit WAC has been adjusted to reflect the new proposed requirements for the LHP program, as outlined in the standard operating procedure. The revised standard operating procedure anticipates better management, monitoring, and an improved experience for the general public, while recreating on properties enrolled in the Landowner Hunting Permit.

WAC 220-413-180 Special closures and firearm restriction areas.

The proposed administrative changes remove the reference to “wooden towers” from the description for the Columbia River Restricted Hunting Area. Corrections are made to the spelling of Newberry (from Newbury) Hill Road for the Firearm Restriction Area in Kitsap County.

WAC 220-413-200 Reducing the spread of hoof disease—Unlawful transport of elk hooves.

The purpose of this proposal is to abolish the rule.

WAC 220-415-020 2018-2020 Deer general seasons and definitions.

The purpose of this proposal is to retain general season deer hunting opportunities for 2020. It also aims to balance the hunting opportunities between user groups. The proposal also increases opportunities when deer populations allow and reduces opportunities when declining deer numbers warrant a change.

WAC 220-415-030 2019 Deer special permits.

The purpose of this proposal is to retain special permit for deer hunting opportunities for 2020. It also balances hunting opportunities between user groups, increases opportunities when deer populations allow, and reduces opportunities when declining deer numbers warrant a change. Lastly, it adds language that clarifies the bag limit is one deer, except where otherwise permitted by department rule, even if permits are drawn for more than one deer hunt category.

WAC 220-415-040 Elk area descriptions.

The purpose of the proposed changes would eliminate Elk Area No. 1011 (Columbia County), Elk Area No. 1012 (Asotin County), and Elk Area No. 1082 (Asotin County).

WAC 220-415-050 2018-2020 Elk general seasons and definitions.

The purpose of the proposed change is to retain general season elk hunting opportunities for 2020. It also balances hunting opportunities between user groups, increases opportunities when elk populations allow, and reduces opportunities when declining elk numbers warrant a change.

The department will not develop specific recommendations regarding opportunities to harvest antlerless elk during the early archery general elk seasons in the Colockum (GMUs 328, 329) and Yakima (GMUs 336, 340, 352, 356, 364) elk herd areas until population surveys are completed in February and/or March. If population surveys indicate it is warranted, the department may also consider reducing opportunities for archery hunters to harvest antlerless elk during the late archery general elk seasons, and reducing modern firearm, and muzzleloader special permit opportunities. A general overview of the recommendations that may be considered dependent of herd status are provided below. Recommendations developed in response to surveys indicating a population decline will also depend on the severity of the decline.

Colockum Elk Herd: (GMUs 249, 251, 328, 329, 330, 334, 335)

<u>Herd Status</u>	<u>General Overview of Recommendation</u>
Decline	Significantly reduce or eliminate general season opportunities to harvest antlerless elk during archery seasons, except for those associated with addressing damage issues, and in areas where the department does not manage for large numbers of elk (e.g., GMU 334, 335). Also, reduce opportunities to harvest antlerless elk during modern firearm and muzzleloader permit seasons.
Stable	Significantly reduce or eliminate general season opportunities to harvest antlerless elk during archery seasons, except for those associated with addressing damage issues and in areas where the department does not manage for large numbers of elk (e.g., GMU 334, 335). Replace some of the lost opportunities with a limited number of permits to harvest antlerless elk. Retain opportunities to harvest antlerless elk during modern firearm and muzzleloader permit seasons.
Increase	Retain current general and special permit seasons.

Yakima Elk Herd: (GMUs 336, 340, 342, 346, 352, 356, 360, 364, 368, 371, 372)

<u>Herd Status</u>	<u>General Overview of Recommendation</u>
Decline	Significantly reduce or eliminate general season opportunities to harvest antlerless elk, except for those associated with addressing damage issues and in areas where the department does not manage for large numbers of elk (e.g., GMUs 371 and 372). Replace some of the lost opportunities with a limited number of permits to harvest antlerless elk. If warranted, also reduce opportunities during modern firearm and muzzleloader permit seasons.
Stable	Significantly reduce or eliminate general season opportunities to harvest antlerless elk, except for those associated with addressing damage issues and in areas where the department does not manage for large numbers of elk (e.g., GMU 371 and 372). Replace some of the lost opportunities with a limited number of permits to harvest antlerless elk. Retain current opportunities during modern firearm and muzzleloader permit seasons.
Increase	Retain current general and special permit seasons.

WAC 220-415-060 2019 Elk special permits.

The purpose of this proposal is to retain elk special permit hunting opportunities for 2020. It also balances elk hunting opportunities between user groups, increases elk hunting opportunities when elk populations allow, and reduces opportunities when declining elk numbers warrant a change. Lastly, it adds language that clarifies the bag limit is one elk, except where otherwise allowed by department rule, even if permits are drawn for more than one elk hunt category.

WAC 220-415-070 2019 Moose seasons, permit quotas, and areas.

This proposal adds language that clarifies the bag limit is one moose, except where otherwise allowed by department rule, even if permits are drawn for more than one moose hunt category. It also adjusts moose hunt permit limits to reflect population changes and recent harvest.

WAC 220-415-100 2018-2019 and 2019-2020 Cougar.

The proposed changes are designed to give the Commission four options to choose from relating to recreational cougar harvest guidelines. The non-status quo options are intended to extend seasons in areas where harvest has been historically high, and where cougar human conflict is also high. The intended result of the longer season is to shift a proportion of the cougar removal, currently carried out by agency personnel, to hunters:

- The first option is status quo with one caveat, the density we used to set the guideline is the median of five research projects that were conducted in Washington. The median is a better measure because it is not affected by outliers in the data. In the past we used the mean.

- The second option also uses a median density that is calculated using only adult cougars that are 24 months or older. This option reduces the guideline slightly, but sub-adult cougars harvested under this option would not count toward the guideline for season closure.
- The third option adjusts the guideline upward for units that exceeded the guideline by December 31 at least once in the past five years. The new guideline is based on the highest harvest in the past five years. In this option there is the assumption that density is higher in these areas. In two PMUs, the guidelines in this option were adjusted, so they did not exceed an assumed density 4.15 cougars per 100 square kilometers. This was intended to keep the density within an acceptable range based on research conducted in the western United States. This guideline includes adults and sub-adults.
- The fourth option is like option three, but only uses a density based on adult cougars and only counts adult cougars towards the guideline.

WAC 220-415-120 2019 Bighorn sheep seasons and permit quotas.

This proposal adds language that clarifies the bag limit is one bighorn sheep, except where otherwise permitted by department rule, even if permits are drawn for more than one bighorn sheep category. It also adjusts bighorn sheep hunt permit limits to reflect population changes and recent harvest. Lastly, this proposal creates separate permit opportunities for adult ewes and juvenile rams in the Selah Butte, Mount Baldy, and Umtanum hunt areas (collectively referred to as the Yakima Canyon herd).

WAC 220-415-130 2019 Mountain goat seasons and permit quotas.

This proposal adds language that clarifies the bag limit is one mountain goat, except where otherwise permitted by department rule, even if permits are drawn for more than one goat hunt category. It also adjusts mountain goat hunt permit limits to reflect population changes and recent harvest.

WAC 220-416-010 2018-2019, 2019-2020, 2020-2021 Small game and other wildlife seasons and regulations.

The purpose of this proposal is to increase the number of hunter education incentive turkey permits from two to four.

WAC 220-416-040 Hunting predatory birds.

Removes the depredation part of the rule because it already exists in WAC 220-440-060.

WAC 220-416-060 2019-2020 Migratory gamebird seasons and regulations.

The proposal amends the rule to specify legal season dates, and bag limits for the 2020-2021 season.

Changes include:

- Adjusting season dates relative to 2020-2021 calendar dates.
- Maintain one-pintail per day bag-limit and associated possession limit per the USFWS Northern Pintail Harvest Strategy.
- Lowering scaup bag-limit to two-scaup per day and associated possession limits, while keeping an 86-day season length by the optimal regulatory alternative described in the Adaptive Harvest Management protocol.
- Shifting seven-days from the beginning of the first season segment to the end of the third season segment for white geese in Goose Management Area 4 (Columbia Basin).

WAC 220-440-060 Killing wildlife causing private property damage.

The proposed amendment to the rule intends to make our rule consistent with federal rules that pertain to crows and magpies.

Reasons supporting proposal:

WAC 220-410-050 Game management units (GMUs) boundary descriptions—Region five.

The proposed change will make the boundaries more discernable for hunters.

WAC 220-410-060 Game management units (GMUs) boundary descriptions—Region six.

The proposed change will make the boundaries more discernable for hunters.

WAC 220-412-050 Landowner raffle hunts.

This proposal simplifies the requirements for landowners that operate raffle drawings. It also aligns annual report submission dates with WAC 220-412-100.

WAC 220-412-070 Big game and wild turkey auction, raffle, and special incentive permits.

Bighorn sheep populations have increased in these areas, which warrants an expansion of the hunt area.

WAC 220-412-090 Multiple season big game permits.

The proposal clarifies the language and reduces hunter confusion regarding this rule.

WAC 220-412-100 Landowner hunting permits.

Over the past year, the department has held public meetings and active stakeholder/landowner meetings to assess the current views of the program. These comments have been taken into consideration as well as input from Washington Department of Fish and Wildlife (WDFW) staff which has resulted in the development of the new standard operating procedure for the landowner hunting permit (LHP) program. The proposed changes reflect the comments received from the public, WDFW staff and landowners. Historically, there haven't been many changes to the LHP program. However, due to the lack of consistency and the expansive variation in management styles across the state, this program has proven to be difficult to manage at a program level. These reasons were the main driving factor behind taking the appropriate steps to revise and make changes to the program.

WAC 220-413-180 Special closures and firearm restriction areas.

The "wooden towers" referenced in the Columbia River Restricted Hunting Area boundary description were torn down recently. As such, they could no longer be used as a discernable landmark to describe the boundary. Correcting the spelling of Newberry Hill Road will eliminate confusion for hunters.

WAC 220-413-200 Reducing the spread of hoof disease—Unlawful transport of elk hooves.

This rule, originally adopted in 2014, attempted to reduce the risk of inadvertently spreading the causative agents of treponeme associated hoof disease (TAHD) in elk. Since that time, however, TAHD has been confirmed throughout western Washington, east of the Cascade Mountains near the town of Trout Lake, and in the Blue Mountains of southeast Washington. The continued expansion of this disease appears to indicate this rule was ineffective at preventing disease expansion. Other reasons for supporting this rule are:

1. For surveillance purposes, we want to encourage elk hunters in eastern Washington to submit suspicious hooves.
2. The current rule is not being enforced, but rather used by Enforcement Officers as an educational opportunity.
3. We have no scientific findings that support the implementation of this rule.
4. The Department is working on developing management strategies that will be proposed during the next 3-year season cycle, which would incentivize elk hunters in western Washington to target limping elk but would also require them to submit their hooves to the Department for inspection.
5. Neighboring states (Idaho and Oregon), where TAHD has been detected, do not have a similar rule.

Although the Department is proposing to abolish this rule, we would still encourage hunters to leave hooves from the elk they harvest on site.

WAC 220-415-020 2018-2020 Deer general seasons and definitions.

This proposal provides recreational deer hunting opportunities and protects deer from overharvest. The proposal would also maintain sustainable general deer hunting season opportunities for 2020. The proposal helps address deer agricultural damage problems and provides for deer population control when needed.

WAC 220-415-030 2019 Deer special permits.

This proposal provides recreational deer hunting opportunities and protects deer from overharvest. The proposal would also maintain sustainable deer special permit hunting season opportunities for 2020. The proposal helps address deer agricultural damage problems and provides for deer population control when needed.

Situations have occurred in the past that involved hunters who successfully drew a permit in more than one hunt category for the same species. Because the current language does not specify a bag limit, some hunters interpret this to mean they can shoot one deer per permit or one deer in addition to their general season harvest, which is incorrect. Amending this rule as proposed, would clarify the rule and avoid confusion in the future.

WAC 220-415-040 Elk area descriptions.

All three elk areas were created to address issues related to elk causing damage to agricultural crops. Damage issues in all three areas have declined following the substantial declines in elk numbers. As such, these elk areas are no longer needed and there is not an anticipated need in the foreseeable future.

WAC 220-415-050 2018-2020 Elk general seasons and definitions.

Overall, the proposal provides recreational elk hunting opportunities, helps address elk agricultural damage problems, and provides elk population control when needed. The department is postponing the development of specific recommendations for the Colockum and Yakima elk herds. These two herds have experienced substantial declines since 2015, with late-winter surveys in 2019 showing the Yakima herd was approximately 13% below objective and the Colockum herd approximately 8% below. Declines have been the result of increased antlerless harvest, severe drought and winter conditions, and depressed recruitment of calves. Moreover, preliminary counts of elk on feed sites for the Yakima elk herd in January 2020, show calf recruitment rates are likely to be lower than normal for the fourth consecutive year. The department is concerned about the status of both herds and plans to develop recommendations that are likely to promote population growth.

WAC 220-415-060 2019 Elk special permits.

This proposal provides recreational elk hunting opportunities and protects elk from overharvest. The proposal would maintain sustainable elk special permit hunting opportunities for 2020. The proposal helps address elk agricultural damage problems and provides for elk population control when needed.

Situations have occurred in the past that involved hunters who successfully drew a permit in more than one hunt category for the same species. Because the current language does not specify a bag limit, some hunters interpret this to mean they can shoot one elk per permit or one elk in addition to their general season harvest, which is incorrect. Amending this rule as proposed, would clarify the rule and avoid confusion in the future.

WAC 220-415-070 2019 Moose seasons, permit quotas, and areas.

Situations have occurred in the past that involved hunters who successfully drew a permit in more than one hunt category for the same species. Because the current language shows the bag limit is one moose, some hunters interpret this to mean one moose per permit, which is incorrect. Amending this rule as proposed, would clarify the rule and avoid confusion in the future.

Permits for 'Any Antlered Bull Moose' in Spokane West A were increased because surveys showed a good bull to cow ratio. Permits for 'Antlerless Only' were reduced in Mt Spokane South B, Mt Spokane North B, and Mica Peak because surveys showed calf recruitment rates and the overall number of moose biologists observed were lower than normal.

WAC 220-415-100 2018-2019 and 2019-2020 Cougar.

The proposal gives the Commission biologically sustainable options for the cougar hunting seasons.

WAC 220-415-120 2019 Bighorn sheep seasons and permit quotas.

Situations have occurred in the past that involved hunters who successfully drew a permit in more than one hunt category for the same species. Because the current language indicates the bag limit is one bighorn ram, except in designated adult ewe hunts the limit is one bighorn adult ewe, some hunters interpret this to mean one sheep per permit, which is incorrect. Amending this rule as proposed, would clarify the rule and avoid confusion in the future.

The department is proposing to develop unique permit opportunities for adult ewes and juvenile rams for the Yakima Canyon herd. This proposal is in association with our efforts to reduce the size of the herd and eliminate *Mycoplasma ovipneumoniae* (M. Ovi.) from this herd. The department first implemented these permits during the 2019 season with special restriction identified as an Adult Ewe or Juvenile Ram, but most resulting harvest consisted of rams, including rams that were not juveniles. As such, very few ewes were harvested as intended, which calls for the proposed change.

WAC 220-415-130 2019 Mountain goat seasons and permit quotas.

Situations have occurred in the past that involved hunters who successfully drew a permit in more than one hunt category for the same species. Because the current language shows the bag limit is one adult goat of either sex with horns four inches or longer, some hunters interpret this to mean one adult goat per permit, which is incorrect. Amending this rule as proposed, would clarify the rule and avoid confusion in the future.

WAC 220-416-010 2018-2019, 2019-2020, 2020-2021 Small game and other wildlife seasons and regulations.

This change increases the incentive for hunter education instructors without harm to turkey populations.

WAC 220-416-040 Hunting predatory birds.

Reduces redundancy and simplifies the rule.

WAC 220-416-060 2019-2020 Migratory gamebird seasons and regulations.

Migratory waterfowl and other gamebird (coot, dove, band-tailed pigeon, and snipe) seasons and regulations are developed based on cooperative management programs among states of the Pacific Flyway and the U.S. Fish and Wildlife Service, considering population status and other biological parameters. The rule establishes waterfowl seasons and regulations to provide recreational opportunity, control waterfowl damage, and conserve the migratory waterfowl resources of Washington.

WAC 220-440-060 Killing wildlife causing private property damage.

This proposal makes our rule consistent with federal rule.

Statutory authority for adoption: RCWs 77.04.012, 77.04.055, 77.12.047, and 77.12.240

Statute being implemented: RCWs 77.04.012, 77.04.055, 77.12.047, and 77.12.240

Regulatory Fairness Act Cost Considerations for a Small Business Economic Impact Statement:

This rule proposal, or portions of the proposal, **may be exempt** from requirements of the Regulatory Fairness Act (see chapter 19.85 RCW). Please check the box for any applicable exemption(s):

This rule proposal, or portions of the proposal, is exempt under RCW 19.85.061 because this rule making is being adopted solely to conform and/or comply with federal statute or regulations. Please cite the specific federal statute or regulation this rule is being adopted to conform or comply with, and describe the consequences to the state if the rule is not adopted.

Citation and description:

This rule proposal, or portions of the proposal, is exempt because the agency has completed the pilot rule process defined by RCW 34.05.313 before filing the notice of this proposed rule.

This rule proposal, or portions of the proposal, is exempt under the provisions of RCW 15.65.570(2) because it was adopted by a referendum.

- This rule proposal, or portions of the proposal, is exempt under RCW 19.85.025(3). Check all that apply:

This rule proposal, or portions of the proposal, is exempt under RCW 19.85.025 (4).

Explanation of exemptions, if necessary:

COMPLETE THIS SECTION ONLY IF NO EXEMPTION APPLIES

If the proposed rule is **not exempt**, does it impose more-than-minor costs (as defined by RCW 19.85.020(2)) on businesses?

- No Briefly summarize the agency's analysis showing how costs were calculated. _____
- Yes Calculations show the rule proposal likely imposes more-than-minor cost to businesses, and a small business economic impact statement is required. Insert statement here:

The public may obtain a copy of the small business economic impact statement or the detailed cost calculations by contacting:
