I hope everyone had a very happy and safe Thanksgiving with friends and family. Winter is upon us, as we have all felt the last few weeks, but Delhigh has events that will help us get through the cold days ahead. This is a great time to bring a friend to an event and get them excited about Delhigh, the calendar has something for everyone! Check out the information in this Delhighlights or at www.delhigh.org as a few of our upcoming events have early RSVP dates.

It has been great seeing all of you at our recent events, Oktoberfest, Beer Tasting (even though we had to relocate), November Meeting at Morgan's, and Wine Tasting were all a great time and I enjoyed visiting with everyone.

Delhigh has our annual Holiday Party coming up on 8 December, and this year we will once again be collecting Toys for Tots. Please bring a new, unwrapped toy if you would like to donate so that I can take them to the marine corp. drop off location the following Monday. I am looking forward to seeing you all at our upcoming events. I hope that you will find an event or two that interest you and RSVP today.

Have a great and safe holiday season.

Delhighlights is the official publication of the Delhigh Power Squadron, a unit of United States Power Squadrons®, **District 5**, and is published bi-monthly.

Editor: Kathleen Nowroozani, SN

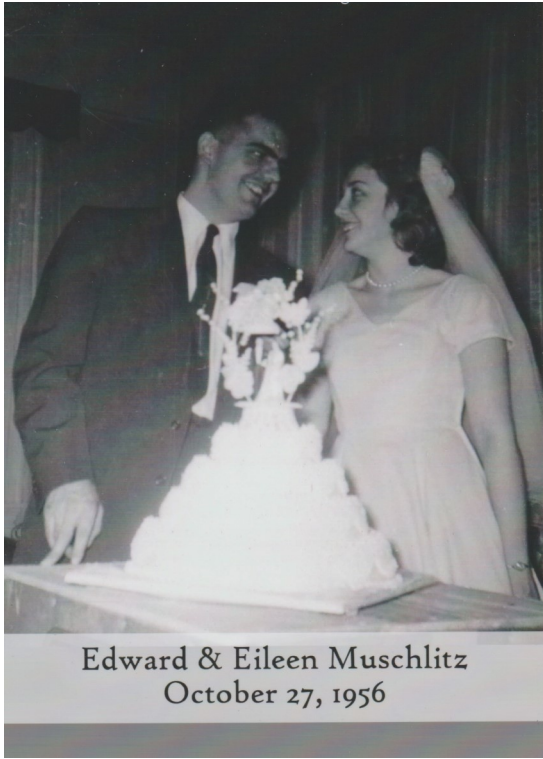

Most squadron meetings are held monthly at :

Star of Bethlehem Lutheran Church
514 3rd Avenue
Bethlehem, PA 18018

Edward & Eileen Muschlitz
October 27, 1956

1st/Lt Edward Muschlitz, SN has been a member of Delhigh Power Squadron for 55 years and Eileen has had a Women's Certificate for 20. Ed taught the safe boating course for over 30 years for Delhigh and most recently was the flag lieutenant for all 5 years of both P/C's Nowroozani's years as commander. As a member of Delhigh for so many years, what could there be that we still don't know?

Ed graduated from high school in 1950 and aspired to work at Western Electric but was turned down because he was not yet 18 years old. Ed's first job was with Just Born making 48¢ coating raisins and nuts with chocolate. I don't suggest asking him about the filtering of the chocolate if you ever want to eat chocolate again, but he was so precise separating the raisins, which is not an easy task as anyone who likes raisins knows, that the boss was impressed. The job paid per pound and to the dismay of his fellow workers, he was soon upgraded by the boss to Brazil nuts, which are much heavier than raisins!

Ed served in the army in Germany, then France from 1953-1954. He was a stock record specialist but claims his real job and talent was table tennis. He had the opportunity to

play quite often and became very good. This job also allowed him a Class A Pass, which meant that he could leave the base whenever he felt like it, which was not the case for many of his friends. It allowed him to leave the base to buy alcohol for his fellow soldiers. On one of his first few trips he went into town and sat at a table for a drink first. He happened to invite some French soldiers over for a drink and made some friends, even though he had not learned any French and they spoke no English. When the waitress went to take his money from the table the French soldier yelled at her, and she put 80% of Ed's money back. As it turns out there were 3 prices for everything, one for the Americans, which was the highest, one for the French public, which was lower, and one for the French soldiers, which was the cheapest cost as they were paid such low wages. After that Ed would meet with the French soldiers whenever he went in to purchase alcohol for his friends. His friends would give him the American cost for the alcohol, so Ed and his French friends would drink all day, buy the alcohol to bring back to his friends, and there would still be money left over! As time went by Ed was taking French lessons with the Army and he was better able to communicate with the French soldiers, but free alcohol seems to be a universal sign of friendship!

After the army Ed came home and went back to work for Western Electric, where he had started when he was 18. At Western Electric Ed worked for many years at an inspector of products. Eileen also worked at Western Electric as a file clerk until she was rewarded for her outstanding work and became the secretary for a big wig.

Continues on page 3

Did You Know?

Delhigh Edition

(Continued from Page 2)

How their first date happened is a story with two sides, like any good story, so I hope you will ask each of them and hear for yourself. They were married in 1956 and Eileen stopped working to start a family. Several years after their girls were born Eileen went back to work at Holy Trinity Church where we have our meetings. She worked there for 5 years, then at a bank for 15 years and back to Holy Trinity for 5 more years.

Ed remains active in the community since retiring. He volunteers much of his time to Miller Keystone Blood Center and has himself donated more than 75 gallons of blood. He was recognized in 2005 by the Northampton County Area Agency on Aging as an Outstanding Senior Volunteer. He continues to donate his time to wonderful organizations and is an inspiration to us all, especially when it comes to civic service and friendliness.

Ed joined Delhigh in 1964, women were not yet allowed to be members. Ed and Eileen were friends with the very first commander of Delhigh, P/C Earl W. Harpel, SN. When Earl got sick he was looking for someone to buy his cabin on lake Wallenpaupack and his boat. As it turns out, Eileen had always wanted a cabin and Ed had always wanted a boat, and Earl gave them a deal they could not refuse. The only stipulation was that they both had to pass the ABC course and Ed had to join Delhigh. They did pass, and join Delhigh and although Eileen got a better grade in the course, only Ed went on to become an SN because Eileen would not have gotten credit for the courses she took, as she was not allowed to become a member. For over 15 years Ed and Eileen hosted Delhigh's Fall Rendezvous at their cabin. A few years there were around 150 members in attendance. They started serving a bone soup, which became a nice potluck with other members bringing things to add to the soup. For some reason it seems that P/C Brent Rhoads, SN kept getting the bone instead of soup in his bowl, but I'm sure that was just a coincidence...!

Photos: Page 2, top to bottom: Ed and Eileen's Wedding; Ed (far right) and his friends at the bar for a drink in France.

Page 3, top to bottom: Ed and his bunk mates; Ed mending his shirt collar (his mother taught him); Ed's high school portrait; Ed with his Flag Lieutenant flag; Ed and Eileen at Delhigh's Change of Watch.

Sporting Clays

By P/C Cyrus Nowroozani, JN

Delhigh Power Squadron

Delhigh held its sixth annual Sporting Clays event at the Lehigh Valley Sporting Clays in Coplay on 10 Nov. Nine members and guests were in attendance. Experience level ranged from first time shooters to the more advanced marksman. For those who usually attend, you missed a great day on the course! We started with a winter burst of snow and high winds on our way to the event, yet it cleared to sun and blue skies by the time we began shooting.

The event consisted of eight stations along the grounds. Several stations had the clay birds coming over the manmade lake from the quarry dig and out of what was left of form buildings adjacent to the dig sites. Each shooter took shot at fifty clay birds over eight stations on the course.

We had two squads that shot at the event. P/C Brent Rhoads, SN and Jane Rhoads led squad one with their family Eric Rhoads, Jessica Rhoads and guest Ken Burke. P/C Cyrus Nowroozani, JN, Vince and Oliver Nowroozani and guest Steve Russo were in the second. This was Oliver's first time shooting clays on a youth model 20 gauge. The wind made it challenging dropping or floating clays at a rate you were not expecting, yet fun was had by all. For additional information please visit their site at <http://lvsclays.com/>

Cyrus, Vince, Steve and Oliver out on the course.

Vince and Oliver in front of the manmade lake.

Ken, Eric, Brent, Jane and Jessica signing in and getting ready to head out onto the course.

Beer Tasting and Dinner

Cyrus, Kathleen, Michael, Brent, Jane, Kim, Keith, Ginny and Chris at dinner at Italiano Delite in Emmaus.

Brent and Jane at Gallows Hill Distillery.

Cyrus, Kathleen and Oliver at Gallows Hill Distillery.

Cyrus and Oliver playing chess at Colony Meadery.

Karlee, Kim and Keith tasting mead at Colony Meadery.

Oktoberfest

Randy and Kim ready to enjoy some food.

Kim, Nikki and Doug eating and walking and talking.

Keith, Brent, Doug, Kathy, Chris and so many others enjoying themselves.

Keith and Ginny, so much food and it is so good.

Chris, Ginny, Kathy, Fran, Jane and Eileen.

Kathy, Nikki, Kathleen and Kim.

November Meeting

Ginny, Chris, Brent, Jane, Gary, Oliver, Kathleen, Vince, Randy, Jeanette, Fran, Diane, Eileen, Ed, Keith, Kim, Kathy and Doug ready for dinner and the meeting.

Happy Birthday Fran!

Oliver, Kathleen, Vince, Randy, Jeanette, Fran, Diane, Eileen and Ed.

Chris and Kathleen with the Prince Henry award from D/5 Fall Conference for most students passing advanced grades (N for these two) with Cdr Keith.

A history of the D/5 Prince Henry Award is on page 16.

Educational Officer's Report
Lt/C Doug McKenzie, JN

VSC Safety Corner
By: P/C Michael Lebeduik, III, JN

Now that the boating season is sadly over, it's time for your Delhigh Educational Department to get busy! There are so many opportunities for learning that Americas Boating Club® gives us. Many of our courses and seminars are available online, I'm looking forward to taking some myself. You can find out what is being offered near you here after signing in: <https://www.usps.org/cgi-bin/nat/eddept/800/cfindx.cgi?S> and find a list of webinars, some of which are free, on the National Education page here: <https://www.usps.org/index.php/departments/13000>
Delhigh is starting the Piloting course, scheduled to start on Monday, 26 November, at 1800. Please don't hesitate and sign up now if you want to join us. We also have the Pennsylvania Safe Boating course scheduled for Saturday, 12 and 19 January at Peters Marine in Allentown. Times both days are 0900 to 1300. Please spread the word, this course makes you eligible to receive your Pennsylvania Safe Boating Certificate. Anyone who is interested in teaching please contact me. Also, if there is a class that you would like to take please let me know and we will get it set up for you!
I know this is a sad time of year for us, boats all winterized and shrink wrapped, but it's the perfect time of year to take a class, learn some new things, and become a better boater. After all, Building Better Boaters is what Americas Boating Club® is all about!

We hope you had your vessel shrink wrapped and out of the water before the surprise of snow, sleet, and rain just before Thanksgiving. Hopefully you made notes of what needs to be taken care of for the next boating season while preparing your boat for a winters nap.

Your Delhigh VSE's completed 82 vessel safety exams this year, bringing boaters up to date and in compliance with Federal and State Regulations. We are looking forward to next boating season to continue informing boaters about classes, regulations and how to be a safer boater.

Now is a good time to take a refresher, advanced or elective course.

From all Delhigh VSE's: Cdr Keith Knoblach, AP, Lt Richard Garnjost, SN, P/C George Kelchner, SN, P/Lt/C John Kuder, AP, P/C Michael Lebeduik, III, JN and P/C Kathleen Nowroozani, SN, we wish you a safe Holiday, Christmas and New Year.

Administrative Officer's Report
Lt/C Gary Corcoran, JN

We had a good time at Oktoberfest hosted by the Meisners. Thanks to Jeanette and Randy for opening their lovely home to Delhigh. We had lots of good food, but just as important, many of us got to see Delhigh members we hadn't seen for a while.

We also had a beer tasting scheduled for October, but it didn't go quite as planned when the brewery decided to close that day! However, the innovative members of Delhigh found other liquids to taste. There was a meadery right across the hall from the brewery, which offers alcoholic beverages made from honey. Some people liked them, others didn't, but that's why you have tastings, to discover what you like and what you don't like. After that a nearby distillery was visited, which also offered some local craft beers, and then we were off to dinner and more libations.

We had our November meeting at Morgan's Local Flavor restaurant in Allentown, which was a new venue for Delhigh. We ordered off the menu, which had lots of choices, everything from salads to burgers to full entrees. Amongst the nearly 20 attendees, we had something from almost every page of the menu!

Delhigh's annual Holiday Party is coming up very soon, 8 December at the Red Stag Pub in Bethlehem. They have good food, but my favorite part of the Delhigh Holiday party is the Pollyanna gift exchange. Bring a gift to exchange per couple or per person (your choice) and let's have some fun! The "steals" may sometimes seem mean, but we all know they are in good fun, and make the night interesting! We are also, once again, collecting donations for Toys-for-Tots so feel free to bring a donation or two for us to drop off.

For our January meeting we will be having a Soup & Salad Potluck Meeting at the church. Please bring a favorite or something new to share!

The Executive Committee Meeting will be held at my house on 12 January at 1500. More details will be emailed out to committee members when the date gets closer.

Don't forget to sign up for the Phantoms hockey game before 15 December so that we can get you your tickets!

2019 Annual Meeting

Monday, 18 February 2019 -
Sunday, 24 February 2019

Orlando, Florida

MEAL RESERVATIONS OPEN

[To begin your online reservation - click here](#)

DISTRICT 5 NEWS

Save the date and attend the Annual National Meeting in Orlando, Florida. There are so many fun things to do and opportunities to see what other squadrons are doing that is working for them. Here are just a few of the events planned:

Al Capone's Mystery Dinner Theater

Titanic Artifact Exhibition Guided Tour

Blue Man Group Performance

Leu Gardens Self Guided Tour and Lunch

Rosen Kitchen Tour

Plus there are many opportunities to have lunch and compare notes with members from other squadrons and Friday morning Judge J. Douglas McCullough who Co-Authored "Sea of Greed", a true story of one of America's drug raids, is speaking.

So many unique activities are planned and you can bring some great information back to your squadron! Sign in and take a look at the website for more information. https://www.usps.org/php/reservations_new/

Rate: \$159.00

Delhigh had 7 members attend this year's Fall Educational Conference in Annapolis. There were lots of classes offered and taken and so much to learn. We still managed to make the time to have fun with friends and got a lot of things done, as we always do. The highlight this year for Delhigh was the awards! At Saturday night's dinner banquet Delhigh was given the Prince Henry award for having the most students pass advanced grade courses. There is a history of Prince Henry and how this award came to The United States Power Squadrons® and District 5, and how it ties in with the Portuguese representatives that joined us for the weekend on page 16. Tying in with the Prince Henry Award, Sunday morning, P/C Rich Norris, SN and P/C Kathleen Nowroozani, SN received their Certificates for Educational Achievement which are for having passed the 6 main courses and 6 primary electives, making them Senior Navigators!

The Double Tree in Annapolis was a great venue which was located near all of the places we needed (Office Depot, Target, a grocery store) and local restaurants. A big thanks to the Meetings and Rendezvous committee for all their efforts, attention to detail and a great menu selection. Last but not least, a big shout out to D/FI/Lt Doug McKenzie, JN of Delhigh who worked tirelessly to get meetings set up and running smoothly, well, as smoothly as one can prepare for! He did an excellent job.

Delhigh is looking forward to Spring Conference in March. Anyone willing to lend a hand contact Kathleen. We will be sending out sign up sheets for help at the event as the date gets closer.

District 5 Fall Educational Conference

Thursday night preparations by Doug, our district flag lieutenant.

Kathleen and Bea at Friday night's commanders reception.

Rich and Bea between classes. Unknowingly photobombed by Doug!

Michael helping with Friday night's set up of Saturday's 0900 meeting.

Michael Sunday saying goodbye for now to some D/5 friends.

Rich Friday night chatting with Judy and Brad, our district commander.

P/D/C's sitting through a meeting with our own Chris Brown right in front.

Rich, Kathleen, DEO Bob Palmer, Doug and Chris accepting the Prince Henry Award.

Kathleen accepting her Certificate of Educational Achievement. (SN award)

Rich accepting his Certificate of Educational Achievement. (SN Award)

Kathleen and Doug packing everything up for spring conference and saying goodbye for now, to Stephanie and Ralph.

Prince Henry the Navigator

In the early 15th century Prince Henry started a school of navigation in Sagres, Portugal to advance the science of navigation. Prince Henry, like other European mariners, wanted to find an alternative to the passage to the lucrative trade in the Orient. The obvious passage was through the Mediterranean, but hostile Islamic powers and the equally hostile Venetian empire made it difficult to follow this route. So Henry proposed to go south around Africa to reach the Orient. A minor problem however was that in those days the coast of Africa had not been charted and no one knew how far south the African continent extended. Unlike other navigators of the day, such as the Vikings and Spaniards that basically sailed east and west, the Portuguese needed to sail south if they were to round the tip of Africa. To do this they needed to be able to find their position through Celestial Navigation. As a result much advancement in Celestial Navigation took place. Henry began to send Portuguese sailors south to chart the coast of Africa. These sailors came back to Portugal and increased the data base at the Prince Henry School of Navigation. Henry did not live long enough to see his dream accomplished. He died in 1468 and the Portuguese did not reach the tip of Africa until 1488.²

In the early 1960s the government of Portugal, at the embassy in Washington D.C., discussed creating an award in honor of Prince Henry the Navigator commemorating the 500th year of his death. In 1965, P/R/C James D. Paris, SN, then commander of District 4, was approached by the Portuguese agency in New York. Ultimately the Portuguese government awarded an alabaster replica of Prince Henry to each of the Districts of USPS. After presenting the Award to District 4, Commander Jose Cabral, representing the Portuguese government, accompanied Jim to present the award to 20 USPS districts at their conferences. The deed of gift gave each district the authority to establish its own criteria for earning the award.

In 1965, Jim Paris led an expedition of 65 members and their wives to the Prince Henry School of Navigation in Sagres, Portugal. While there, the government made Jim a commander in the order of Prince Henry the Navigator. The secretary of the Navy placed a gold cross with a colorful ribbon around Jim's neck. For many years, Jim entertained the winners of the previous year's award at a luncheon at the Portuguese Embassy in Washington, DC. In 1985 Jim led another group of 200 USPS members to the Portuguese School of Navigation where they were received by the President of Portugal. Jim was presented with a swallow tailed Ensign® for his meritorious service to USPS.³

Safety

It's that time of year again when we must be aware of the water temperature when going out on the water. Cold water immersion is a very real safety concern, so much so that in the state of Pennsylvania in boats less than 16 feet life jackets are required by law between 1 November and 30 April.

Did you know that cold water lowers body temperature 25 times faster than cold air? This is why wearing your PFD is critical to staying in the HELP position to conserve energy and heat. Always get out of the water as soon as you can, even if you are just climbing on top of your capsized boat and shivering. Always seek medical attention after possible hypothermia, even once you are out of the water you can be at risk. For more information take a look at the "Cold Water Survival" video done by America's Boating Channel. Have fun and stay safe out there.
