Driver and Vehicle Information Database (DAVID)

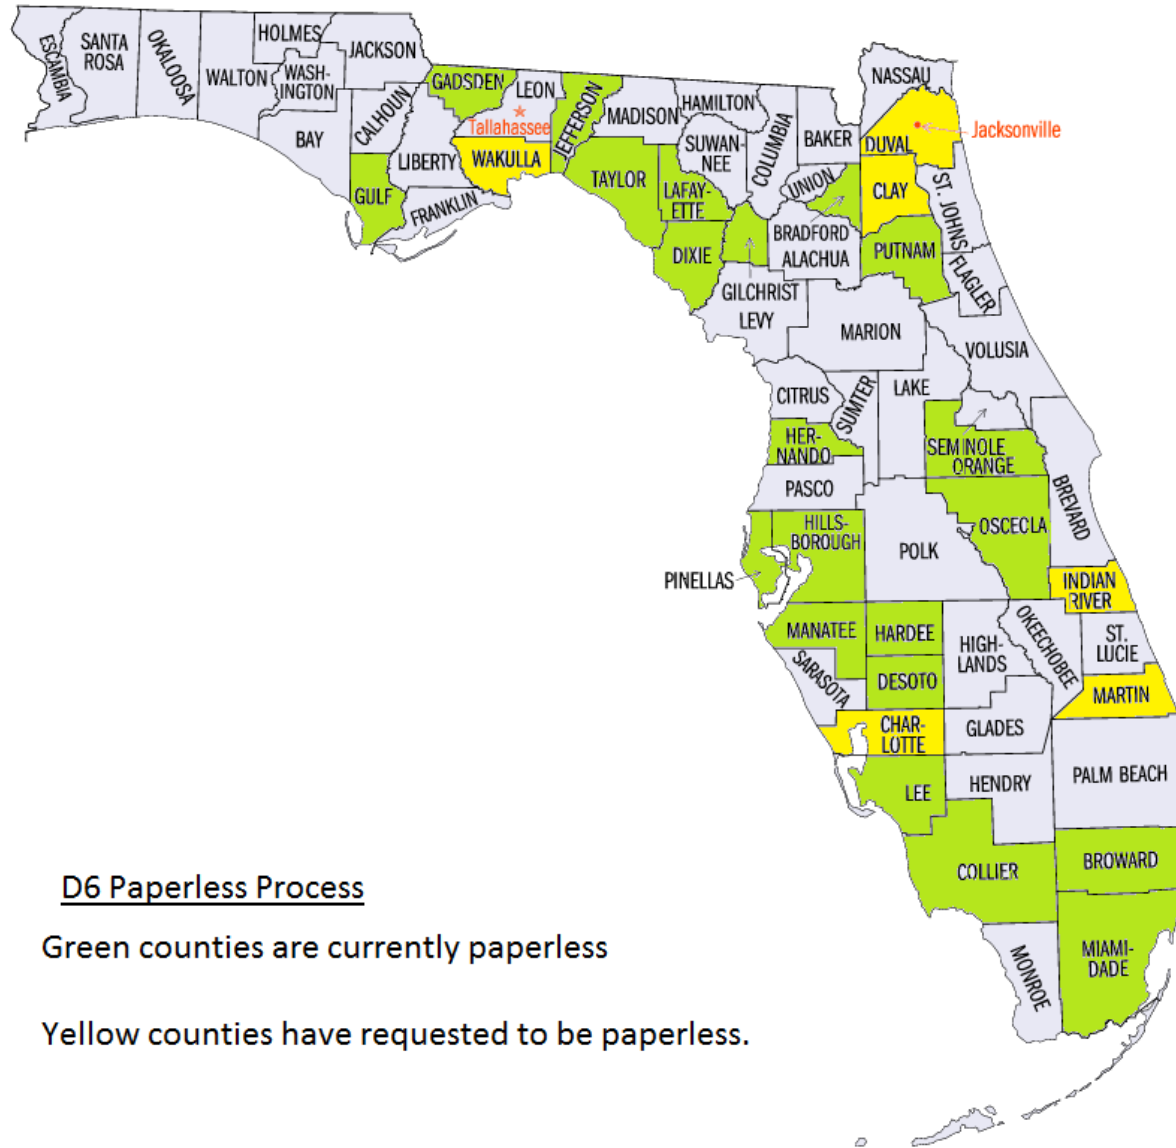

- **Driver and Motor Vehicle information that is available to government agencies.**
- **Role based and managed by each agency Point of Contact**
- **Requires execution of Memorandum of Understanding (MOU) for access.**
- **Requires auditing and assurance of proper use of this system.**
- **Contact DataListingUnit@flhsmv.gov for access.**

UTC Improvement Projects

- E-Citation ICD 6.1 Enhancements
 - Modifies the citation file between law enforcement and Clerks
 - Clarifies field descriptions
 - Increases comments fields from 90 characters to 255
 - Increases “Speed Measurement Device ID” from 20 to 60 characters
 - Adds field for 2nd officer
- Recommending Consolas font on citation numbers to distinguish 0/0 and I/1

UTC Improvement Projects

- Paperless Fail To Comply (FTC)(D6) Clearance Process
 - DHSMV encourages clerks to participate
 - Reduces Fraud
 - FTC suspensions require electronic notice of court requirements met for reinstatement
 - FTC suspension for out of state drivers and criminal financial obligations still requires paper clearances

D6 Paperless Process

Green counties are currently paperless

Yellow counties have requested to be paperless.

HSMV Motorist Modernization

- Driver School Tracking – Future Programming
 - Creates new driver school tracking that provides driver school completion data
 - Reduces driver school certificate fraud
 - Secure file transmitted to FCCC
 - File includes:
 - Driver information
 - Citation data
 - Driver School certificate number
 - Course provider
 - Completion date

HSMV Motorist Modernization

- Electronic Court Ordered Report of Disposition – Future Programming
 - Allows for electronic reporting of court ordered suspension/revocation not requiring citations
 - Currently submitted via Court Ordered Report of Disposition form
