SHOW CAUSE NOTICE FOR CANCELLATION OF REGISTRATION

Whereas on the basis of information which has come to my knowledge, I am satisfied that registration of dealers mentioned in the Annexure needs to be cancelled with effect from 1st January, 2014 as they have filed return showing (NIL) Gross Turn Over for at least last one year which shows they have ceased to carry out any economic activity which would entitle them to be registered as a dealer under DVAT Act 2004.

The dealers are hereby directed to appear before the assessing authority of their ward on or before 30th December, 2013 to show cause as to why their registration should not be cancelled.

The dealers are further directed that on the date of their appearance before the assessing authority they may bring proof of submission of up to date returns and payment of tax, if any.

Please take a note that in the event of failure of any of the dealer to comply with this notice, his/her registration would stand cancelled with effect from 1st January, 2014 without any further notice in this regard.

(PRASHANT GOYAL)
Commissioner (VAT)

Note: Please write your Registration No. / TIN while communicating with the Delhi VAT Department in this matter or in any other matter whatsoever.
