### LEVEL 3: CREATIVE PARAGRAPHS

I first met her on a holiday to an exotic country. The moon's delicate light had just turned the world a-flame with silver when I saw her. She had a **comely figure** which was **stem-thin**. Her **curvilinear waist** didn't surprise me as much as the **saffron tint** to her complexion. She must be a native, I thought to myself. Her **crescent shaped eyebrows** inclined slightly as she saw me staring at her. I yelped at being caught. Her **languid eyelashes** of velvet-black blinked once slowly, as if to invite me over.

When I came closer, I noticed her **scrolled ears** and her **elegant nose**. She nuzzled me with her nose and I couldn't believe it. It was the custom for her people, I reckoned. It was love at first light. Her luminous, **heavenly-white teeth** flashed as she pawed at me with her **film star nails**. Her hair was a glorious **tumble of star beam-gold** and her **virility-brown eyes** set my heart a-thump. Her **oxbow lips** positively drooled with goodness. Oh! Those **sugar candy-sweet lips**, her **elegant personality**, all mesmerized me. She may not have had a **saccharine voice** or **retro clothes**, but what do you expect when two Labrador pups meet in a dog pound?

### LEVEL 4: ADVANCED PARAGRAPHS

Her **Amazonian figure** sat well on her **wafer-thin body**. She had a **decanter shaped waist** and her complexion had an impeccable, **ochrous hue**. Her **pencil-thin eyebrows** eased down gently to her black, **beetle's-leg eyelashes**. A sculptor could not have fashioned her **seraph's ears** and **pixie's nose** any better.

When she broke into a smile, her beguiling, **oyster-white teeth** lit up the room. It could jolt you like an electric current when that **megawatt smile** gave you her full attention. Flawed to perfection, her **Venus-red fingernails** ran through her **nougat-brown hair**. Spools of it plunged around her photogenic face and hid a **swan's neck**, elegant and smooth. I loved her nebulous, **Eden-green eyes** which were a-sparkle with the 'joie de vivre'. They were like two beryl-green jewels melted onto snow.

Her **calamine-pink lips** tasted like rose petals. It surprised me that they were plump and **botox-boasted** as she had a **demure**, timorous personality. She whispered to me in a **dulcet voice** as sweet as any songbird. Her **voguish clothes** still kept captive an aroma redolent of cinnamon and **meadow-fresh mint**. It lingered in the room long after she had gone.

## LEVEL 5: COMPLEX WRITING: BEWARE THE BEAUTY

Her hair was **as emollient as eiderdown** and was like **a loom of molten-gold**. It swooped past her **ethereal neck**, framing her **Slavic face** perfectly. She looked at me with her **lemur-round eyes**. They were seductive and **rhapsody-blue**. My heart nearly stopped when she gazed at me. Her eyes were **like two plasma-blue gems slumbering in milky pools**. They were **a-smoulder with passion** and had a hypnotic quality to them. They were gleaming with an unearthly quality above her **concave cheekbones** and they shone with the faraway look of a star gazer.

Her **sliver-of-moon eyebrows** were burglar-black and stole my soul. If she had just batted those long and **languourous** eyelashes in my direction, I could have talked to her. I stared at her pouting, **silicone-enhanced** lips. They were **Aphrodite-red** and looked as sweet as strawberries. She had a telegenic look and a **statuesque figure**. It was comely to the eye and svelte and sultry. Her **sea-nymph ears**, tucked away in the glorious tresses of her hair, looked delicate and pared to perfection.

Her smile seemed fixed with fluorescent, **archangel-white teeth**. It was made more ravishing by her **uber-tan**. The summer sun had leaked in and burnished her bronze with its rays. I had heard that her voice was **as lilting and fluty as a nightingale**, but she never got the chance to talk to me. I didn't want to stare at her anymore as she carried herself in a **ladylike** and genteel manner. Her **cosmopolitan clothes** merely enforced my opinion of her. She was a gimlet-eyed paragon of pulchritude. What was the lesson I learned from that day? Never mix business with pleasure when you're dressing a mannequin!
