www.biotraxx.eu

Increase your health and vitality with our exceptionally and organically valuable products, optimising your well being in a simple and effective way.

On the following pages you will find a large selection of pure, nature products, essential for strengthening and maintaining your health.

Initially, a healthy and rich environment gave promise to an ideal and wealthy supply of nutrients. Unfortunately, in our modern world with its technical advances, globalisation, and development, the essential properties in our water, air and earth, have been lost along the way. Knock on effect in all directions.

The result is an inferior fruit and vegetable (in spite of organic) and in addition water (both tap and bottle) that is loaded with hormones and drug residue, as well as air pollution and electrosmog, all adding to the negative factors.

Thankfully, we humans have an incomparable inbuilt self-healing mechanism. However, under continuous stress caused by artificially manufactured pressures, this ability is diminished. The result is that the body is inhibited of activating the self-healing process and the immune system is less proficient.

Hence, we at Biotraxx, focus on cleansing and detoxifying, neutralising acidity, giving way to a healthy pH balance. A six step protocol with our own products will assist you in achieving this!

Step 1: DEACIDIFICATION & MINERALISATION

Step 2: PARASITE CLEANSE as per Dr. Hulda Clark

Step 3: COLON CLEANSE as per Robert Gray

Step 4: KIDNEY & BLADDER CLEANSE

Step 5: LIVER INTENSIVE CLEANSE

Step 6: HEAVY METAL DETOXIFICATION

Step 1: DEACIDIFICATION & MINERALISATION

Hydrogen Ions Solution, Acid-Base Concentrate. Intracellular acid-base regulation by the Nobel Laureates *Agree & McKinnon*

In a disrupted acid-base setting, disease causing bacteria and fungi can grow increasingly beyond their natural number. The only sustainable solution to unlocking the potential of microbial life is to actively work towards balancing the pH level, the acid-alkaline ratio. The intercellular balance between acids and bases altogether impacts on the performance ability of the cell as well as the immune system.

Compared to conventional ionised alkaline water, the **Hydrogen Ions Solution** has the great advantage that by passing through the stomach, it has the scope to disperse throughout the human organism, balancing the acids in both tissue and cells to support the body to self-heal.

Mineral complex: Bioactive Sango Coral Powder from Okinawa (Japan) contains 70 colloidal mineral substances as well as valuable mineral substances and trace elements in an ionised form. Calcium and Magnesium are at a ratio of 2:1. **The best organic marine quality!** To save the coral, this is 100% coral sediment taken from the ocean floor. **White premium quality.**

taken 10 times over approximately two years.

Dosage: (30-day protocol) 1x daily 30 ml Ion solution and 3x daily 1 g coral powder. Stop taking for 30 days. The coral powder can be taken daily and long term. For best results, this protocol should be

Deacidification & Mineralisation starter base pack: 1000 ml Hydrogen Ions Solution, 100 g Sango coral powder, Item no.: BTX-BASE-PACK-1 **67.96 €**

Step 2: PARASITE CLEANSE as per Dr. Hulda Clark

Because of the very much changed eating habits of the 'modern' world, our intestines have become a nesting ground for many parasites such as Amoebae, Giardia, Cryptosporidiosis, Neosporosis, Sarcocystis, Toxoplasmosis, tape worms, thread worms, hook worm, pin worm, round worm, and some troublesome yeast infections such as Candida albicans.

Parasites can also be transmitted and spread even when eating healthily through hand contact, e.g.: using public wash rooms, insufficient washing of fruit, vegetables and salads and via travel. It is very likely that every second person is affected by an attack of a debilitating parasite infestation. The repercussions of such an infestation is that the immune system is impaired, leading to health problems.

The ingredients such as **Wormwood, Black Walnut and Cloves** are known for their properties of killing numerous parasites and their eggs.

We offer the parasite cleanse as per the recipe of Dr. Hulda Clark as a tincture. Because it is in tincture format, it makes it very simple to take and leaves you free to continue on to your usual daily routine while it does its work.

The **Chlorella** tabs bind the freed up toxins released by the parasites.

The tincture is suitable for adults, children, dogs and cats (as per the given dosage).

NOT to be given to horses!

Parasite Cleanse Pack 12-day protocol:
2x 100 ml Tincture, 200 g Chlorella (800 tabs 250 mg each).

Item no.: BTX-PAR-PACK-1 **78.90 €**

Step 3: COLON CLEANSE as per Robert Gray

The original **Holistic Horizons** formula of our colon cleanse developed by Robert Gray is based completely on pure plant products, and acts in a gentle and effective way to cleanse the whole gastrointestinal tract, naturally. Many internal diseases, flatulence, diarrhoea and also skin problems etc., are often able to be traced back to a dysfunctional gastrointestinal disorder.

The **family business of Robert Gray** in California, established for **over 40 years**, are leaders in the colon cleanse protocols on offer. Because of the special combination of the chosen and gently produced plant extracts, they strengthen the **intestinal flora**, increase the **good lactobacteria** and support the elimination process. A daily **brush massage** to stimulate and regenerate the lymphatic system is also recommended by **Robert Gray**.

The protocol does not dictate a strict diet, fasting or enema during the treatment time. A guideline of 2-4 months for the protocol is given as it depends on the necessary application and severity of individual cases. The protocol can be applied up to twice a year.

All our single products as well as the complete packs are on offer with the necessary dosage recommendation. Very popular with our customers is the **'Complete Package'** and the **'Manager package'** as a short term protocol which lasts for 6 weeks only.

Complete Cleansing Pack: approx. 3-4 month protocol

4x Intestinal Bulking Agent III, 450 Intestinal Cleansing tablets, 1x Lactobacteria Food III, 1x F.O.C. natural skin brush, 1x instructions.

Item no.: GRAY-010

245.76 €

Manager Pack: short term 6 week protocol

1x Intestinal Bulking Agent III, 1x Special Formula Bulking Agent, 250 Intestinal Cleansing tablets, 1x Lactobacteria Food III, 1x F.O.C. natural skin brush, 1x instructions.

Item no.: GRAY-009c

150.13 €

COLON CLEANSE as per Robert Gray, product overview

Intestinal Bulking Agent III, 340 g

The effectiveness of the main ingredient, **Psyllium seed husks**, is supported by **Inulin (from chicory root)**, **Dandelion root**, **Spirulina**, **Cloves** and **Vitamin B5**. This gently helps to remove the deposits in the colon and strengthens the intestinal flora at the same time. Inulin supports the creation of bifidobacteria and lactobacteria.

Item no.: GRAY-001

30.75 €

Special Formula Bulking Agent, 340 g

For **gentle use** we recommend the Special Formula Bulking Agent and should be the preferred formula when a **lower water reduction** is desired during the colon cleanse.

Ingredients: Psyllium seed husks, Dandelion root, Cloves and Vitamin B5.

Item no.: GRAY-003

30.75 €

Intestinal Cleansing Tablets, 100 and 250 tabs

The Intestinal Cleansing tabs are the key ingredient in the Robert Gray colon cleanse protocol. The top class quality of herbs break up the **coating and crusting** in the colon.

Ingredients: Rosemary, Chickweed, Elderberries, Cloves, Cotton seed oil, Ribwort Plantain, Goldenrod, Irish Moss, thickening agent Guar Gum.

Item no.: GRAY-004 / GRAY-005 29.90 € / 61.60 €

Lactobacteria Food III, 340 g

Lactobacteria food stimulates the **growth of the lactobacteria** in the body and can be continued to be taken even after the protocol has been completed.

Ingredients: Inulin (from chicory root), calcium carbonate, Dandelion root, Spirulina and Vitamin B5.

Item no.: GRAY-006

30.75 €

Step 4: KIDNEY & BLADDER CLEANSE

The kidney is a **vital filter** as well as a **regulating organ**. It has several tasks, amongst them, the kidneys take care of eliminating water soluble **toxins** as well as **medication residue** via the bladder. Furthermore, they take care of the regulation of salts, water content, blood pressure, as well as producing important hormones for blood formation.

Because of the **unhealthy life style** of today (salty and fatty foods, not enough liquids, environment toxins, too much alcohol, prescribed and over the counter drugs etc.) the kidney's **ability to function** at an optimum reduces during our life.

Our **kidney and bladder cleanse** helps to reduce the negative occurrences and supports these important organs to eliminate toxins.

The function of the **kidneys, adrenals and bladder** are clearly improved and strengthened.

14 organically grown herbs, triple extracted in a gentle way, produced to ease the burden for the kidneys and bladder.

Ingredients: Milk Thistle, Dandelion, Parsley, Gravel root, Lemon balm, Marshmallow root, Horsetail, Corn Silk, Barberry, Uva Ursi, Nettle, Yarrow, Liquorice, Hydrangea root.

Dosage: During the first 14 days, the tincture and chlorella tabs are taken as per dosage instruction. For the next 14 days, cease the protocol, instead, during this resting period drink a good quality kidney tea. Then repeat the protocol for another 14 days and then to conclude the course, repeat the 14 days of consuming the kidney tea.

Kidney and Bladder Cleansing Pack intensive protocol: 2x 50 ml Kidney Cleanse, 14-Herb Tincture, 200 g Chlorella tabs, Item no.: BTX-NR3-PACK-2 **67.37 €**

Step 5: LIVER INTENSIVE CLEANSE

The liver is the **main organ**, ruling over the whole metabolism and is the largest gland of the body. Its main job is the **production of vital proteins**, processing food ingredients (i.e. storage of glucose, iron and vitamins), break up and elimination of metabolic products, medicines and toxins.

Although the liver has the ability to regenerate itself, it should receive support to be **vitalised** through a targeted cleanse. From an old recipe, the ten healing herbs of the Biotraxx Intensive Cleanse have been united to create an effective tincture that soothes the liver and **strengthens its regeneration**.

Upon completion of the liver cleanse, you will feel noticeably better, have a higher concentration and performance in your daily routine. You'll feel great.

10 organically grown healing herbs, gently produced as a triple extract to **unburden the liver and gallbladder**.

Ingredients: Garlic, Milk Thistle, Gentian root, Ginger root, Red Clover, Burdock, Dandelion, Liquorice, Cat's Claw, Wormwood.

For optimal results, this combination should be taken daily for two months.

Dosage: 2x 20 drops daily of Liver Cleanse Tincture, plus 2x 7 Chlorella tabs. The remaining Chlorella tabs can be taken until they have all been used up.

Liver and Gallbladder Cleansing Pack intensive protocol: 3x 50 ml Liver Cleanse 10-Herb Tincture, 300 g Chlorella, Item no.: BTX-LE3-KUR-2 **100.59 €**

Step 6: HEAVY METAL DETOXIFICATION

Heavy metal and amalgam elimination as per Dr. Klinghardt

Daily we are subjected to different environmental damage, whether through harmful substances in the air, chemical residues in heavily laden soil, treated food, fish, seafood, cosmetics and tooth fillings. How can we deal with this burden and achieve a full performance and (w)holistic feeling of wellbeing once again?

The German doctor, **Dr. Klinghardt**, who practices medicine in the US, has, in scientific studies, developed concepts to effectively **discharge these pollutants**. His methods of **removing heavy metals** are based on Wild Garlic, Coriander and Chlorella. These three ingredients should accompany the application.

As per studies, **Wild Garlic, Coriander and Chlorella** help to transport the harmful substances out of the body. Essentially, Wild Garlic expels lead, cadmium and mercury out of the connective tissue. Coriander works especially on the **elimination of toxins in the brain**, the bones, as well as the nervous system, Chlorella binds all the heavy metals and environmental toxins together and transports them out of the body via the intestines.

The protocol lasts for 9 weeks and an accurate direction of the dosage accompanies the product.

Heavy Metal Detoxification in proven quality, 9 part package:

4x 50 ml Wild Garlic Tincture, 2x 50 ml Coriander Tincture, 900 g Chlorella, detailed directions, Item no.: KLIN-GPACK-1

196.20 €

NATURAL ESSENCES

Biotraxx produces **high quality natural extracts** made from old, handed down recipes that have been adjusted to our current time. We solely use **herbs and roots** that have been organically grown. To retain an

extremely, effective tincture, the extracts are **highly concentrated** and matured for up to 6 weeks in the **Cypriot Sun**.

Being on the high scale of a **wide spectrum of effectiveness**, Biotraxx tinctures have a long expiry date. The active ingredients of the herbs are maintained in a natural way through the **careful extraction with organic alcohol**. The dosage contains so little alcohol that it is broken down within minutes by the organism.

We only use **miron VIOLETGLASS** for all our tinctures, because it **energises and extends the expiry date** of products. The high regard and **safely characteristics** of violet glass can be traced back to the advanced civilisation of the Ancient Egyptians. Even back then, **precious tinctures** and **healing natural products** were stored in violet glass and gold.

**FREE OF
ADDITIVES**

Our **Biotraxx tinctures** are over the counter dietary supplements. They are produced **without preservatives, thickeners or release agents**.

Colon Cleanse Herbal Tincture as per the recipe of Dr. Hulda Clark

Tincture to discharge numerous parasites such as amoebae, worms, toxoplasmosis, Candida albicans etc. The ingredients of **Black Walnut, Cloves and Wormwood** are known for their ability to kill numerous parasites and their eggs.

For the protocol of 12 days, adults require 2x 100 ml tincture and 200 g Chlorella. The recommended dosage for adults, children, dogs and cats is included in the package.

NOT to be used for horses, as Black Walnut is highly toxic for them.

Parasite Cleanse Herbal Tincture, 100 ml

Item no.: BTX-PKUR-0100

29.80 €

Herbal Antibiotics 12-Herb concentrated Tincture

Our Herbal Antibiotic is a high grade concentrate made from beneficial ingredients to be taken at the first signs of **colds and flu**. The application for adults is 5 days and requires 2x 100 ml. Also suitable for **children, babies and pets**, lowering the dosage accordingly.

Herbal Antibiotics 12-Herb Tincture, 100 ml

Item no.: CYP-EV-ABK-100

26.89 €

Immun-Pro Tincture as per the recipe of Rene Caisse

A blood cleansing concentrate made from natural herbs to strengthen the immune system and the body's ability to heal itself. In her clinic in Bracebridge, Canada, Rene Caisse treated many of her patients with her own herbal called '**ESSIAC**'.

Ingredients: Burdock root, Sheep Sorrel, Slippery Elm, Turkish Rhubarb root.

Immune-Pro Tincture made to the original recipe of Rene Caisse, 100 ml, Item no.: CPV-EV-ESSIAC-100

30.94 €

Teasel Root Tincture

Some of the healing properties of the **Teasel Root** include **strengthening the tendons**, bones, and ligaments found in the human body. Teasel Root works to increase the **blood flow** to the affected body part and as a result, recovery from lower back pain, joint and knee stiffness, and many other ailments find relief with Teasel Root.

Recommended dosage for adults: In the morning and in the evening 5 ml is best on an empty stomach. In addition, 10 Chlorella pellets 3 times a day. Normal use for 4 weeks (up to a maximum of 6 months), then pause for 4-6 weeks.

Teasel Root Tincture, 100 ml
Item no.: HS-KDW-100 **29.80 €**

Black Walnut Tincture

Blackwalnut tincture is promoted as an herbal remedy for sore throats and tonsillitis, as well as for relieving minor digestive ailments.

Recommended dosage for adults: In the morning and in the evening, 5 ml each, the best on an empty stomach, for 14 days. In addition, 10 Chlorella pellets 3 times a day. Repeat 2-3 times a year.

Black Walnut Tincture, 100 ml
Item no.: HS-SWN-100 **29.80 €**

Dandelion Root concentrated tincture

The substances in the dandelion root generally have a **strengthening and detoxifying** effect. They also have a positive effect on the entire **digestive tract, the kidneys, liver, bile and pancreas**.

Recommended dosage: Twice a day, 20 drops best before meals with plenty of water, duration of use without time limit.

Dandelion Root concentrated tincture, 50 ml
Item no.: HS-LWZ-050 **20.55 €**

Devil's Claw concentrated Tincture

Devil's Claw gets its name from the appearance of its fruit. Its roots and tubers are used to make a strong anti-inflammatory tincture that is used for **rheumatism, arthritis and joint pain**.

Recommended dosage: 15 drops, 2x daily or more often as required.

Devil's Claw concentrated Tincture, 50 ml

Item no.: CYP-EV-TFK-050

23.35 €

Wild Yam concentrated Tincture

Wild Yam root contains diosgenin, a precursor of the feminine hormone **progesterone**. The tincture regulates hormonal fluctuation particularly during **menopause** and **alleviates PMT** (premenstrual tension) very effectively.

Recommended dosage: 10-15 drops 2-3 times daily.

Wild Yam concentrated Tincture, 50 ml

Item no.: CYP-EV-WYA-050

25.63 €

St John's Wort concentrated Tincture

Improves one's general **state of health**, particularly nervous stresses and mood swings and is known as the most important **plant base anti-depressant**. Its medicinal value has a balancing effect in a natural way.

Recommended dosage: 15 drops 3x daily or more often as required. There is no limit to the duration of the application.

St John's Wort concentrated Tincture, 50 ml

Item no.: CYP-EV-JHK-050

23.35 €

Holistic Tincture 7 (Lyme Disease) 13-Herb concentrated Tincture

Lyme disease is caused by spiral shaped bacteria and is transmitted to humans and animals primarily through the **bite of a tick**. The bacteria known as borrelia can manifest itself in constant symptoms and ailments in joints and organs.

Recommended dosage: 20 drops 3x daily, 1 hour before food. The recommended dosage should to be taken for up to five months.

Ingredients: Bio-alcohol (39,8% Vol.), Japanese Giant Knotweed, Teasel, Cat's Claw, Coriander, Garlic, Hawthorn, Sarsaparilla, Boneset, Astragalus, Devil's Claw, Olive leaves, Siberian Ginseng, Ginkgo Biloba.

Holistic Tincture 7 (Lyme Disease), 13-Herb concentrated Tincture, 50 ml

Item no.: CYP-EV-BOR-050

23.35 €

Artemisia Annua (Sweet Wormwood) concentrated Tincture

The annual Artemisia contains the **ingredient artemisinin** which has been used successfully in tradition Chinese medicine for thousands of years, for fever, malaria and infections.

Recent research at the Gutenberg university in Mainz, Germany, have found the effectiveness of Artemisinin to be beneficial for the **rapid growth of cancer cells**.

Recommended dosage: 30 drops, 3x daily before food. Recommended to be taken for 5 months. In addition, the protocol calls for liquid iron and pure vitamin C powder to be taken at the same time.

Artemisia Annua (Sweet Wormwood) concentrated Tincture, 50 ml

Item no.: CYP-EV-ATA-050

23.35 €

Chaga Mushroom concentrated Tincture

In Russian folk medicine, the **medicinal Chaga mushroom** has been used for many centuries and in Siberia even called the **gift of God**. It is mainly used in cancers of the gastrointestinal tract and has been listed since 1858 in the Russian drug list.

Many scientific studies show its enormous potential for cancer therapy and have proven its antiviral properties. Due to its **phytosterols** the medicinal mushroom also has an anti-inflammatory effect.

Chaga grows mainly on birch trees. It absorbs the nutrients of the tree and converts them into high-quality, human-usable, natural antibodies. It also contains many B vitamins, minerals such as potassium, sodium, manganese, calcium, silicon, iron, magnesium, zinc and copper.

Origin: Canada, from wild collection.

Recommended dosage: Adults take 1x to 3x daily 30 drops.

Chaga Mushroom concentrated Tincture, 50 ml

Item no.: EV-CHA-050

23.34 €

Ginkgo Biloba concentrated Tincture

In Chinese medicine, Ginkgo Biloba is known for over 3000 years for its capacity to **promote the blood circulation**.

The active ingredient, which is found in the leaves of this strong and robust tree, promotes mental performance. Ginkgo is also successfully applied for **Alzheimer's disease, Dementia and Arteriosclerosis**. Ginkgo Biloba is very popular because of its strong **effect on the brain**.

Recommended dosage:

12 drops twice daily.

Ginkgo Biloba concentrated Tincture, 50 ml

Item no.: CYP-EV-GKB-050

23.35 €

Bamboo concentrated Tincture

Of all known plants, Bamboo has the highest **capacity to store sun energy** and can grow more than one and a half meters per day. It contains a high amount of silicon, minerals, trace elements, **amino acids** and enzymes.

Bamboo has an excellent **bioavailability** and has been used in Chinese medicine for over 3000 years. It promotes hair growth, bone and **tissue development** and is suitable for the **elimination of aluminium compound** via the lymphatic system.

Recommended dosage: best taken 30 minutes before a meal, 20 drops twice daily. There is no limit to the length taken.

As a 20-day protocol (to discharge aluminium compound): 30 drops 3x daily for the first 10 days, on the following 10 days, 20 drops 3x daily. 2 bottles of tincture are required. In addition, it is recommended to take 10 Chlorella tabs 3x daily, to bind the toxins together.

Bamboo concentrated Tincture, 50 ml, Item no.: CYP-EV-BAB-050 23.35 €

Wild Garlic concentrated Tincture

In traditional medicine, Wild Garlic is used for **bowel disorders**. It is rich in **sulphurous and essential oils** and has **detox promoting properties**. Wild Garlic is also used in the **amalgam and heavy metal discharge** as per Dr. Klinghardt.

Recommended dosage: 10-20 drops daily with one meal and as required to enhance food.

Wild Garlic concentrated Tincture, 50 ml
Item no.: HS-126D **20.55 €**

Coriander concentrated Tincture

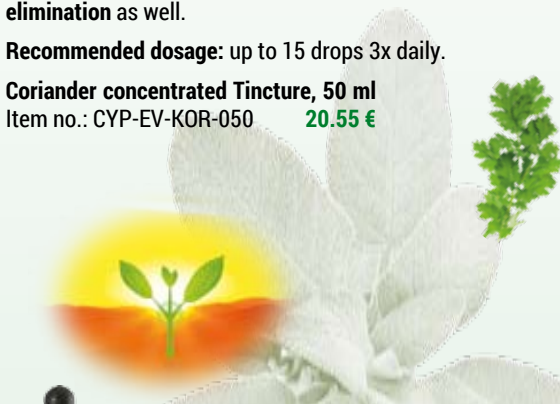

Our coriander extracts are made from hand-picked fresh Cyprus coriander and a portion of dried coriander in a gentle, alcohol process lasting several weeks.

In Traditional Chinese Medicine (TCM), Coriander is used primarily for **bowel maintenance** and also as a **digestive aid**. Dr. Klinghardt uses Coriander for the **amalgam and heavy metal elimination** as well.

Recommended dosage: up to 15 drops 3x daily.

Coriander concentrated Tincture, 50 ml

Item no.: CYP-EV-KOR-050 **20.55 €**

Original Spice Oil (Würzöl) – optimised recipe

The new Spice Oil is an excellent as well as an exceptional **refreshing product**. Its basis are **cold pressed oils** (Argan, Rosehip, Almond, Evening Primrose, Olive and Sunflower oil) from the first pressing, that have been spiced with different high grade and very **functional essential oils** (Thyme, Clove bud, Bergamot, Orange, Melissa and Tea Tree oils).

Recommended dosage: allow up to 30 drops daily (i.e. 3x 10 drops) to slowly dissolve in your mouth.

Original Spice Oil, 50 ml, Item no.: BTX-WOL-050 **26.78 €**

Kidney Cleanse – 14-Herb concentrated Tincture

Integral part of the KIDNEY & BLADDER CLEANSE

The over use of salt and fat in our food, too little liquid intake, environmental toxins, too much alcohol and medication etc. means the kidney's ability to function at an optimum reduces during our life. This exceedingly effective tincture, noticeably **relieves the kidneys** and **strengthens the function of the bladder**.

Ingredients: Milk Thistle, Dandelion, Parsley, Gravel root, Lemon Balm, Marshmallow root, Horsetail, Corn Silk, Barberry, Uva Ursi, Nettle, Yarrow, Liquorice, Hydrangea root.

Kidney Cleanse – 14-Herb concentrated Tincture, 50 ml

Item no.: BTX-NR3-0050 unit price: **25.63 €**

The protocol is for 2 months and is also available as a treatment pack:
Kidney and Bladder Cleansing Pack intensive protocol: 2x 50 ml Kidney Cleanse, 14-Herb Tincture, 200 g Chlorella, Item no.: BTX-NR3-PACK-2 **67.37 €**

Liver Cleanse – 10-Herb concentrated Tincture

Integral part of the LIVER INTENSIVE CLEANSE

This very effective tincture **clears the liver and gallbladder** and strengthens its regeneration. Upon completion of a liver or kidney cleanse you will feel **noticeable stronger, all round better** and will continue through your daily life with higher concentration and performance.

Ingredients: Garlic, Milk Thistle, Gentian root, Ginger root, Red Clover, Burdock, Dandelion, Liquorice, Cat's Claw, Wormwood.

Liver Cleanse – 10-Herb concentrated Tincture, 50 ml

Item no.: BTX-LE3-0050 unit price: **25.63 €**

The protocol is for 2 months and is also available as a treatment pack:
Liver and Gallbladder Cleansing Pack intensive protocol: 3x 50 ml Liver Cleanse 10-Herb Tincture, 300 g Chlorella, Item no.: BTX-LE3-KUR-2 **100.59 €**

Chlorella pyrenoidosa, tabs 250 mg each

Our **Chlorella** tabs have a wide spectrum of various nutrients such as proteins, amino acids, vitamins, minerals, trace elements, fatty acids and carbohydrates. They are dried during a **low heat process** in which it ensures that the important **nutrients are contained**. To optimally utilise this, the cell walls of our chlorella are cracked open.

Taking Chlorella is especially suitable for **athletes, vegetarians, vegans**, people who have special dietary needs and to support a **diet or detoxification**.

Recommended dosage: 5 tabs, 3x daily.

Chlorella has also proved to excel in the **elimination of amalgam and heavy metal as per Dr. Klinghardt**. With their special ability to **bind the heavy metals and toxins** to themselves, Chlorella then passes these out through the intestines.

Of course, our **Chlorella** tabs are **pollutant controlled, non-irradiated and with a gentle drying process**.

We guarantee the freshness of our Chlorella tabs.

Hawaiian Spirulina (Platensis Pacifica), tabs 500 mg each

Hawaiian Spirulina Pacifica is a specially cultivated variety of the edible microalgae platensis and is the highest quality available. The microalgae is cultivated in Hawaii in flat, open ponds which are provided by a combination of fresh and **deep sea water**. The most favourable **nutritional value** and growth is reached through **equal exposure to light**. The farmers' goal is to produce a **high quality microalgae** and therefore no fertilisers or chemical substances are added.

Spirulina is a microscopically, small, spiral, blue-green algae and has been used as an important food source for centuries. It is very easily digested and nutritious.

In nature, **Spirulina** is the **highest protein source** having a wide range of available proteins. It comes highly recommended in nutritional science because of its **absorption capacity** in food.

Worldwide, **Spirulina** is the richest source of beta carotene, mixed carotenes, organic iron, vitamin E and gamma linoleic acids (GLA). It has equal content of **chlorophyll** to alfalfa or wheatgrass. **Spirulina** contains nine important vitamins (including B1, B2, B3, B6 and B12) over 14 minerals that are bound in **amino acids and omega 6 fatty acids**.

These **concentrated nutrients** are assimilated by the body within a short time. The digestibility of spirulina **lies over 95%** and can be taken in large quantities, **as a meal substitute** as and when required.

Recommended dosage: the daily requirement is about 10x 500 mg tabs. Start with 1-2 tabs twice daily before or after meals increasing the intake as required.

Hawaiian Spirulina, 200 g, 400 tabs, Item no.: HS-163D

30.94 €

8 AMINO acids, with all 8 essential amino acids

Protein nourishment and supplements with the **8 essential amino acids** that are required for the structure of muscles and cell tissue. **Athletes, older people, vegans, children, pregnant women, nursing mothers and patients after an operation** benefit most from 8 AMINO acids. Also good for **strengthening the body, tissue, muscles**, regulating weight and detoxing.

8 AMINO acids is a superb, pure food in **albuminous nutrition**. The **8 vital amino acids** in this product are totally adjusted to the need of the protein building block of the human body. Every organism has its own, **specific amino acid pattern** which experts call the **Master Amino Pattern (MAP)**.

The weighing of the 8 amino acids that are used in our **8 AMINO acids**, correspond exactly to the human pattern. All must be included in food, that is why they are called **essentials**, in other words, **vital amino acids**.

One tab of 1000 mg contains 8 essential amino acids in relationship to:

L-Leucin	19.80%	198.0 mg	L-Phenylalanin	12.80%	128.0 mg
L-Valin	16.55%	165.5 mg	L-Threonin	11.00%	110.0 mg
L-Isoleucin	14.90%	149.0 mg	L-Methionin	7.10%	71.0 mg
L-Lysin HCl	14.20%	142.0 mg	L-Tryptophan	3.65%	36.5 mg

Recommended dosage: 5 tabs, 1-3x daily with plenty of water. Ideally, the last intake should be in the evening. During sports activity, take 3-5 tabs 30 minutes before begin. Competitive sports people should take 10 tabs, 3x daily.

Suitable for vegetarians. 8 AMINO acids can be taken long term.

8 AMINO acids, 120 tabs 1000 mg each, Item no.: BTX-MAP-T120 33.90 €

Moringa Oleifera – first class

The foliage of this *miracle tree* is packed full of very **important nutrients** that are **easily made available for the body**.

Moringa is known worldwide for its **most complex nutrients** that are totally absorbed by the body. **Moringa** is therefore a **100% natural** vitamin and protein source.

Taking Moringa regularly increases a **sense of well-being**, an **improvement in the metabolic process** as well as **higher concentration**.

Moringa contains high amounts of **unsaturated fats** (Omega 3, 6 and 9) **vitamins** A, B1, B2, B3, B6, B7, C, D, E and K, **minerals and trace elements**.

Contains 18 out of 20 of the best known amino acids

- they are relevant for the transportation of vitamins, minerals and oxygen to the cells
- regulate the acid-alkaline balance
- have a hormonal, enzyme forming and antibodies producing effect
- maintain and regenerate our bodies
- good for the skin, hair, blood vessels, connective tissue, bones, teeth etc.

Recommended dosage: daily 3x 1 capsule up to daily 3x 2 capsules with a little liquid. Corresponds to a daily amount of 1.2-2.4 g Moringa Oleifera.

Originates from a **controlled** cultivation in Egypt.

Pure vegan cellulose capsules. No added preservatives, thickeners or release agents.

Moringa Oleifera – first class, 150 capsules 400 mg each

Item no.: BTX-MOR-K0150

13.27 €

Curcuma with Piperin derived from black pepper

Curcuma has been used for thousands of years in traditional Indian healing (Ayurveda) and has now found high regard in the West. It is being heavily researched in cancer medicine.

In Europe, Curcuma is known mostly as a spice i.e. it is an ingredient of Curry, but it is also a strong **healing spice** as well as being an **antioxidant**. For its action to be noticeable, it would have to be consumed in higher doses than the small amounts used in seasoning.

Curcuma promotes the **digestion of fats**, has pain relieving, inflammation reducing and many other positive properties.

To improve the **bioavailability**, our **Curcuma** contains **Piperine** derived from black pepper. This encourages the absorption of the active substances by the body.

The capsules are **gastric juice resistant**, which means, the active substances take full effect in the intestines. For this reason, it is well tolerated by people with a sensitive stomach.

Ingredients: Curcuma powder, Hydroxypropylmethylcellulose capsule, black pepper extract with 95% piperine.

Recommended dosage: 3x 1 capsule daily taken with some liquid at mealtimes. Corresponds to 1.5 g per day.

Vegan **gastric juice resistant** cellulose capsules (HPMC) 100% plant based. No added preservatives, thickeners or release agents.

Originates from **proven cultivation**.

Curcuma with Piperin, 120 capsules 500 mg each

Item no.: BTX-CUC-K0120

20.55 €

Healing mushrooms have been used in Asia for thousands of years to ease and heal many illnesses. Now, many studies prove that healing mushrooms act as a stabiliser on the human and animal **immune system**, **inhibit tumours** and have a **cell regeneration effect**. Because of this, a new health care therapy using healing mushrooms, called Mycotherapy, is also establishing itself as a **classic natural healing therapy** in western cultures.

Reishi / Ling Zhi (*Ganoderma lucidum*)

In Asia, this extraordinary **healing mushroom** with its versatile, positive properties is a **stable ingredients in traditional Chinese medicine (TCM)**, which has been used for **over 4000 years**. Above all, it is the most used healing mushroom that is used for **illnesses, cancer** and for **fitness**.

In China, its name is **Ling Zhi**, but the Japanese call it **Reishi**. The new age definition **Anti-Aging Remedy** appropriately describes its properties as it is truly a **fountain of youth** and efficient **natural healing remedy**. Last but not least, it is also known as the **mushroom of immortality**.

After many clinical tests and scientific reports during the past decades, its **healing properties** have now been **academically proven**. In the meantime, in Japan, Reishi has been approved as a **medicine for cancer treatments**.

Recommended Dosage: 1 capsule, 3x daily, swallowed (not chewed) with water as a food supplement. Can be taken daily as a preventative.

Cellulose capsules, suitable for vegans.
Top quality from **proven cultivation**.

Reishi / Ling Zhi Mushroom, 90 capsules 500 mg each
(1 month's supply), Item no.: VP-REI-P0090 **19.90 €**

Sango Coral powder from Okinawa

Okinawa is a Japanese island in the Chinese Sea, and lies approximately 1500 km Southwest of Tokyo. It has a notably large amount of **centenarians**. The island is composed of petrified sea coral and its drinking water which is **rich in minerals**, seems to be the secret of this longevity

Our **Sango Coral** powder contains plenty of **calcium and magnesium** in a particular **ratio of 2:1**. The excellent bioavailability is achieved through the ionised formation, so that minerals and trace elements are easily absorbed through the cell walls.

Top, unadulterated Biotraxx quality

- creates a harmonious acid - alkaline balance
- over 70 colloidal minerals in an ionised form
- contains 23.7% calcium and 11.3% magnesium (in the ratio of 2:1)

The prefecture (district administry) of Okinawa has strict guidelines in place for the protection of the coral reefs. Only **sediment deposits** deeper than 60 meters are collected and also from places where no more living corals grow.

Recommended dosage: 1-3 g or 2-6 capsules daily before a meal. The powder can be stirred into completed meals or drinks or can be taken as it is.

100 Sango capsules 500 mg each, Item no.: BTX-SA-0055 **16.50 €**

100 g Sango coral powder, Item no.: BTX-SA-0100 **16.74 €**

400 g Sango coral powder, Item no.: BTX-SA-0400 **51.70 €**

Hydrogen Ions Solution, Acid-Base Concentrate. Intracellular acid-base regulation by the Nobel Laureates *Agree & McKinnon*

The base concentrate reduces the **chronic acidity** of the organism and releases energy reserves. On the basis of a human body, the **Hydrogen Ions solution** is the prime choice for cleansing one's body tissues.

The **acid-base balance** is the most important equilibrium system of living organisms. While acid Hydroxide-Ions (H^+) kills unwanted microbes, the basic Hydroxide-Ions (OH^-) provide a rejuvenating environment in which supportive micro organisms are strengthened.

pH value: < 12

30 ml each = approx. 0.25 meq (milliequivalent)

Ion-base: Himalayan salt as a food supplement

Internal application:

- Balances the osmotic pressure
- Regulation of intracellular acid-base flooding
- Revitalisation of the cellular metabolism
- Supports the proliferation of the enzymes Adenosine triphosphate (ATP) which raise cell energy
- Supports the absorption of mineral ions

The base concentrate to be taken for one month, daily, on an empty stomach, 1x 30 ml added to 125 ml of water which must be drunk immediately. After the month is complete, take a break of one to two months, and repeat as required.

External application:

- Wraps for both spider and varicose veins
- To improve healing of affected areas
- General use for all skin diseases

The water-cluster-technology stabilises the pH value for at least two years.

Hydrogen Ions Solution, Acid-Base Concentrate, 1000 ml

Item no.: HAN-HYDI-1000

56.45 €

Also available as **acid-base package** with Sango Coral Powder.

Bentonite Ultra fine plus, activated Mineral Clay

The **energetic activated Bentonite mineral clay** is a pure natural product and has a very **high proportion of Montmorillonite and Illite; top A quality, pollutant checked, pharmaceutical grade without any additions.**

Our high quality Bentonite contains at least **80% clay minerals** and binds very well **mycotoxins** (toxins of the mould), **heavy metals** such as mercury, cadmium and lead, and also radioactive elements such as Caesium and other pollutants.

As a result of the **energisation, a higher zetapotential** is produced and thus damaging substances can be bound even better.

Origin and quality: Our Bentonite-Montmorillonite is exclusively harvested and processed in Germany. It has a very high proportion of Montmorillonite and Illite (commodity class A / category 2). The powdered stone is ground extremely fine and **energetically activated at the same time.** It has an average **size of grains of 4 µm** and has a distribution of approximately 0.4 to 10 µm. These tiny granules are no longer noticeable and already have a **floury consistency.**

Application: It is also most suitable for external application, e.g. for **face masks** and for **body care.** The skin takes on a fresher, more youthful appearance in a very natural way.

In addition, bentonite protects the **gastric mucosa** and is an ideal **regenerator** of the entire gastrointestinal tract, especially in the case of stress caused by infections or during detoxification of toxins absorbed by the body via food.

For decades, Bentonite has been used successfully in animal care to build up a healthy intestinal flora and to strengthen the immune system.

Bentonite Ultra fine plus, activated, 200 g jar
Item no.: BENT-A-D-0200 **19.22 €**

Contained minerals:
see next page

Montmorillonite Illite (Bentonite) Ultra fine Mineral Clay

Although our **Ultra fine Montmorillonite Illite** mineral clay is of a very fine quality, in comparison to our activated Bentonite the grains are a little larger. The structure and areas of applications are identical; **top A quality, pollutant checked, pharmaceutical grade** without any additions.

Origin and quality: Our Montmorillonite Illite is exclusively harvested and processed in Germany. It has a very high proportion of Montmorillonite and Illite (commodity class A / category 2).

The powdered stone is ground extremely fine with an average **size of grains of 7 µm** and has a distribution of approximately 1 to 25 µm.

Mineral content:

minimum 80% clay minerals: Montmorillonite, Illite, Muscovite, Kaolinite and Chlorite.

Further minerals: Quartz, Feldspar, Calcite, Dolomite, Pyrite.

Other ingredients: none

Bentonite Ultra fine, 400 g jar, Item no.: MMN-P-0400

17.18 €

Natural micro fine Zeolite with a Clinoptilolite proportion of approx. 95%

Because of its extremely high ability to bind toxic substances and its function as an ion exchanger, it acts favourably both on the cells and as a pH balancer.

A quote about Zeolite from the *'Raum & Zeit'* (Space & Time) edition 152/2008 from **Prof. Dr. med. habil. Karl Hecht**, from Berlin: "An important function of the Clinoptilolite-Zeolite is its ability to act as an ion exchanger. When this shiny crystalline stone arrives in the digestion tract of humans (also in animals) it attracts and binds the harmful substances in the body to itself and at the same time emits necessary minerals to the body. The harmful substances are eliminated via the bowels."

Zeolite is volcano ash that deposited itself on the seabed 70 million years ago, it is a gift of nature. Clinoptilolite, a cube Zeolite, has the richest amount of silicate of all mineral stones.

Our **Zeolite** originates from **controlled cultivation** in Turkey. It is of a high purity which is recognisable by its pale, ivory coloured quality. The detailed **analysis certificate** is available as a download on our website.

Natural micro fine ground Zeolite < 40 µm with a **clinoptilolite proportion of approximately 95%**.

Zeolite is a natural rock powder without any additions. It is not a drug nor is it a dietary supplement.

Submission as per the animal feed protection. For a weight of approximately 60 kg, 1 level tea spoon 1-2x daily (approx. 1-2 g) has shown favourable results. It may be stirred into some water. This amount equals 2-8 capsules daily.

Natural micro fine Zeolite, 180 vegan capsules, 500 mg each.
No thickening agents or additives. Vegan cellulose capsules.

Item no.: ZEO-K-0180

23.18 €

Natural micro fine Zeolite, 600 g powder, Item no.: ZEO-P-0600

20.23 €

MSM is a natural sulphur compound

MSM (Methylsulfonylmethane) offers a **natural source of organic sulphur** which is normally found in vegetables, fruit, grains, as well as in animal foodstuffs. Sulphur is a **vital element** for humans.

Considering that the human body contains fifty times more sulphur than magnesium, it is advisable to take MSM on a regular basis. The structure of enzymes and proteins are inactive without sufficient sulphur, therefore, a sulphur deficiency in the body means a weakening of the immune system.

Our MSM is manufactured from **organic Dimethyl Sulfoxide**, under rigid and controlled procedures. This technological as well as a fully advanced manufacturing process, produces a **pure MSM** of the highest quality.

Only high quality ingredients are used. Produced and bottled in Germany.

Recommended dosage: 2 whole capsules to be taken daily with plenty of water. Not to be chewed.

MSM, 90 vegan capsules 500 mg each, Item no.: BTX-MSM-090 **13.39 €**

DMSO 99.9% organic solvent Dimethyl Sulfoxide

Pharmaceutically pure, additionally energised

We offer **DMSO 99.9%** in the **highest pharmaceutical purity** with a 99.9% proportion and is therefore above requirement of the quality criteria of the **European pharmacopeia**. A higher purity of 100% is only theoretically possible, because DMSO has hygroscopic properties, meaning it immediately binds with water from the surrounding air.

Our **DMSO 99.9%** is poured into special light protecting bottles. This increases the shelf life and the best quality for many years. Additionally, the liquid is energised to structure its positive tonal colours and vital force.

Because of its **very high purity grade**, our **DMSO 99.9%** can be used in all areas. It can even be used in **scientific processes** and complies with the quality standards that are of equal requirements of **pharmaceutical products**.

DMSO occurs during wood pulp production and is produced from the raw materials of tree bark and wood fibre. This **fantastic natural substance** has a broad range of **harmoniously acting properties**. According to **Dr. Hartmut Fischer**, over 40,000 professional articles have been written in which the diverse applications have been described. It belongs to the group of organic solvents that have both **water and fat soluble properties**. This is why it can be used as a **transmitter** to dissolve and disintegrate other active ingredients and to then transport these **through the cellular tissue**.

DMSO freezes under $+19^{\circ}\text{C}$ and then appears crystalline.

When this occurs, do not open the bottle with the pipette, instead place the bottle into warm water until it is liquid once again.

The freezing and thawing has no adverse effect on the quality and can be repeated countless times. Ideally, **DMSO 99.9%** should be stored at room temperature of $+20^{\circ}\text{C}$.

DMSO 99.9%, 100 ml in MIRON violet glass bottle with pipette

Natural Care, natural cosmetics for her and him!

Our **Natural Care** cosmetics is in a class of its own. It does **not contain preservatives, fragrances or similar additives**. In this highly concentrated serum, only natural and precious oils have been used. This makes it very yielding!

Natural Care, Eye Serum made with valuable oils

The rich oils have been combined to work on the sensitive skin around the eyes and mouth. Already after two weeks following daily applications, lines are noticeably diminished. The complexion is visually refreshed and rested.

Ingredients: Coconut oil, Grapeseed oil, Rose Hip oil, Argan oil, Castor oil, Avocado oil, Borage oil, Beeswax, Evening Primrose oil, Vitamin E, vegetable Glycerine, essential oils.

Application: Only externally. Apply thinly and evenly around eyes and mouth after your morning and evening cleansing ritual.

Natural Care, Eye Serum, 15 g, Item no.: BTX-NC-AS15

20.13 €

Natural Care, Face Serum with precious oils

After only a short time the face and neckline that has absorbed the precious oils feels so much softer and is visually smoother.

Ingredients: Coconut oil, Apricot oil, Argon oil, Castor oil, Beeswax, Avocado oil, Borage oil, Evening Primrose oil, Vitamin E, vegetable Glycerine, essential oils.

Application: Only externally. Apply serum thinly and evenly onto face, throat and neckline, mornings and evenings after cleansing and toning.

Natural Care, Face Serum, 30 g

DA FACE GRIZZLY – THE GOOD BEARD OIL.

Makes you look manly, yet sophisticated with a full beard. A blend of high quality natural and essential oils gives you that masculine and down-to-earth look as well as a powerful and natural scent.

Ingredients: Grapeseed Oil, Argan Oil, Avocado Oil, Jojoba Oil, Vitamin E, Essential Oils (Cinnamon, Rose Geranium and Cedar Wood).

Usage: After showering, place 5-7 drops into the palm of your hand and rub until slightly warm. Apply to your beard and thoroughly massage, right down to your facial skin. Walk away feeling powerful, confident and looking your absolute best!

DA FACE GRIZZLY BEARD OIL, 50 ml, Item no.: DF-GZY-050 9.90 €

CDL PLUS (Chlorine Dioxide Solution) for water treatment, additionally energised.

CDL PLUS is added drop wise into your drinking water to eliminate harmful germs. At the same time as the liquid goes through the patented manufacturing process, it is **structured with positive tonal colours and vital force**. The stabilised solution can often still be used even after the specified period of time.

Before its first use, the new **CDL PLUS is activated with a powder component** extending its shelf life. It can then be stored for several years without being activated. The activation powder is stored in a tube and is easily filled into the violet glass bottle. The user decides when to activate and after six hours the solution is ready for use. The shelf life after activation is 6 months.

The application of chlorine-free **CDL PLUS** is authorized for human consumption under the German drinking water regulation and develops its antibacterial power through **oxidation**. The release of oxygen results in the quick and safe elimination of germs, viruses, fungi, spores, legionella and bacteria.

Chlorine dioxide is one of the most reliable agents in the preparation of drinking water and is many times stronger than chlorine or hydrogen peroxide.

CDL PLUS is suitable for producing disinfected and food grade drinking water. Chlorine Dioxide Solution (0.29% solution) is manufactured in Germany. The concentrate will last for up to 1500 litres of drinking water, whereby the taste similar to chlorine is hardly noticeable.

Use drinking water disinfectant with care. Always read the label and production information before use. Store in a cool place after activation.

CDL PLUS, 100 ml glass bottle, Item no.: BTX-CDL-0100

28.37 €

Water Conditioner CLASSIC 1:1 Set with activator, energised.

Our **Water Conditioner Classic 1:1** consists of two components which are accorded to the guidelines of the drinking water regulations and compliant with the standards of the food industry. Adding components A and B drop wise, results in developing the **active substance chlorine dioxide**.

Both solutions are energised during the production. Due to this process a **better structuring** of the contained water molecules is created to add **positive information** for optimum availability and effectiveness as well as energetic high and low frequencies protecting against electromog.

Bottled in **pharmacy glass bottles** for light-protected storage and optimum durability over several years. One set **Water Conditioner Classic 1:1** will disinfect up to 3,000 litres of drinking water.

Component A: 25% Sodium Chlorite solution, Component B: Activator (acid)

Set with Hydrochloric Acid 5% (2x 100 ml) Set with Citric Acid 50% (2x 100 ml)

- Simple blend in the ratio 1:1, 1 drop of each solution
- Activated after 30 seconds, colour change from colourless to ochre

Use drinking water disinfectant with care. Always read the label and production information before use.

CLASSIC 1:1 Set with Hydrochloric Acid, Item no.: BTX-MMS-0100-S 23.28 €

CLASSIC 1:1 Set with Citric Acid, Item no.: BTX-MMS-0100-Z 23.28 €

Meine Quelle IV Gravity Water Filtration System with tap

This special filter invention is very similar to the **natural water filter system of Mother Nature**. Water gently flows through the multiple filtration into the 12 litre tank at the bottom, without electricity or artificial pressure.

The **spring water reservoir** filters **chemicals, heavy metals, bacteria and other pollutants**. Valuable filter materials made from natural substances enrich the water with **precious minerals and trace elements**. The result is an energetic, vibrant and soft water that you will love drinking.

Simply fill the top tank with tap water and draft the cleansed water from the bottom tank. This eliminates the lugging of water bottles.

All water-bearing parts are made of food safe plastic (BPA-free, free from plasticisers). **It's ideal for the home, or at work!**

The concept of the filtration stages:

Ceramic prefilter: filters dirt, sand, particles and bacteria to 0.3 µm.

6-Step filter: binds pollutants and enriches the water with minerals.

Maifan mineral stones: give off more minerals in an ionised form.

7 chakra gemstones: have been energised by **Raumvital** to enhance the water structuring.

The **BOVIS scale of the drinking water** is increased by a factor of 2-4 through the chakra stones. **19,500 BOVIS** were measured (without only 6000 BOVIS).

Size: 32,5 x 32,5 x 59,5 cm (W x D x H). Filter change every 6-8 months.

Meine Quelle IV Gravity Water Filter, Item no.: NAT-FIL-013

172.65 €

NATURE'S SPRING® Ceramic Prefilter for *Meine Quelle* Water Filter

This filter is made from heat-resistant, two-layered ceramic. With a density of 0.3 µm it filters dirt, sand particles, germs and bacteria out of the water. This micro filtering unburdens the main filter and no large particles can pass through.

Compatible water filter for

NATURE'S SPRING® Ceramic Prefilter:

- **Meine Quelle and models II, III, IV**
- **Maunawai® Ceramic Prefilter**
- **AcalaQuell® Ceramic Prefilter**
- **AcalaQuell® Smart Ceramic Prefilter**

The filter should be changed every 6 months at least.

Ceramic Prefilter

Item no.: NAT-ZUB-030-10

22.27 €

6-Step Filter Cartridge 1st class for *Meine Quelle* water filter.

This multi-stage system binds chemicals, chlorine, pesticides, drug residues, heavy metals, bacteria etc., and at the same time enriches the water with minerals and trace elements.

- 1: Charcoal made from natural coconut shells
- 2: A mixture of three ceramics for mineralisation
- 3: Coral sand supplies organic minerals
- 4: Antibacterial charcoals with a silver coating
- 5: Tourmaline and kaolinite spheres for activation
- 6: Antibacterial diatomaceous earth micro ceramic

The filter should be changed at least every 6 months.

6-Step Filter, Item no.: NAT-ZUB-035-20 36.50 €

Water Stones – Set of 7 energised Chakra gemstones

7 beautiful Chakra gemstones to optimise and structure the drinking water. They have been energised and programmed by **Paul Sommer MA**, from *Raumvital*.

The following gemstones have been selected: Red Jasper, Carnelian, Yellow Jasper, Rose Quartz, Sodalite, Amethyst and clear Quartz.

The water structure is changed by the gemstones in such a way that high grade water is produced which increases the intake of minerals. You will therefore increase the **BOVIS scale** in your drinking water by an approximate factor of 2 to 4.

An analysis was carried out on the **NATURE'S SPRING® Meine Quelle Water Filter** at the institute for bio feedback and stress research in Schleusingen, where a **BOVIS value was measured at 19,500 units**. Without the Chakra gemstone set, it measured only 6000 BOVIS,

The gemstones can be left in the bottom of the water filter or placed in a jug of water, letting it stand for 5 to 10 minutes. The water will seem much softer, due to the high energetic vibration. **The spiritual programming lasts a lifetime.**

Water Stones, Chakra gemstone set, Item no.: SET-WAS-CH01 **30.40 €**

Mineralisation level with Maifan Stones for water filter

The Maifan stones release minerals such as calcium, magnesium, iron, zinc, copper and selenium and can therefore be easier absorbed by the human body. It also regulates the water pH level. This only fits into the *Meine Quelle IV* Filter. To be replaced every 12 months.

Mineralisation with Maifan Stones, Item no.: NAT-ZUB-035-50 **30.40 €**

Stainless Steel Tap for water filter systems

The **stainless steel tap** is ideal for the upgrading of **Meine Quelle Systems** or similar. Also suitable for drinking fountain or dispenser with an appropriate nozzle.

Suitable for all **NATURE'S SPRING®** Filter and other systems.

Dimensions:

Length, tap to seal, external: 55 mm

Overall length: 89 mm

Height of the sealing rings: 33 mm

Minimum diameter: 16 mm

Maximum diameter: 28 mm

Maximum container thickness: 17 mm

- **Meine Quelle (I-IV)**

- **AcalaQuell®**

- **EVA**

- **Maunawai®**

- **Similar filter systems**

Stainless Steel Tap, Item no.: NAT-ZUB-0050

35.08 €

Stainless Steel Energy-Vortex-Spiral 14 mm

Unfortunately, today's tap or drinking water is lifeless and has next to no **living water** left in it. In nature, water flows in meandering loops and is constantly charged energetically, that is, clockwise. When it is placed under pressure in pipes, it **loses its energy** and turns anti clockwise.

The **weak condition** of water can be reversed when it is conducted clockwise, over an **Energy-Vortex-Spiral**.

The Austrian water researcher, Viktor Schauberger (1885-1958) recognised that moving and swirling water has a higher quality.

The Spiral is simply placed in front of the aerator of the tap.

Energy-Vortex-Spiral 14 mm, Item no.: NAT-ZUB-010-50

25.32 €

NATURE'S SPRING® 1THE under sink 3-stage Water Filter System

Instantly convert tap water into natural spring water

NATURE'S SPRING® 1THE Water Filter System is the most inexpensive method of removing all contaminants and capable of rejecting practically all particles, bacteria and organics. No electricity and no regular maintenance required. Efficient way of saving your counter space, without taking up counter space, you can install stylish designer faucet featuring all metal construction.

- Fresh, crisp and delicious tap water
- Minimization of the number of parts
- Automatic shutoff during filter replacement
- Convenient filter replacement
- Strong structure
- Sanitary quick change (SQC)
- Space efficiency
- Made in Korea

Put & Turn

A system that allows users to easily replace water filter cartridges by applying the easy and quick cartridge replacement SQC (Sanitary Quick Change) that considers sanitation.

First Stage - Sediment Filter

You may notice visible particles in your water. For example, sediment can collect in the bottom of your dishwasher or commode. Larger particles may collect behind the screens of your faucet aerator. Smaller particles may collect at the bottom of a glass of water that sits for a time. Rust and sediment are easily collected by particulate filters. Whole-house particulate filters are easy to install. They not only protect your drinking water, but also appliances, such as dishwashers and ice makers. Water filters are not effective against clear water iron, which can leave red stains in tubs and toilets. To treat this substance, a water softener is required.

Second Stage - UF Membrane Filter

If your house relies on a well, your water is more likely to be contaminated by bacteria and parasites. Many bacteria and parasites occur naturally in clear water supplies. Others are the result of water-supply contamination by sewage and wastes. Some bacteria and parasites affect the taste and smell of the water, but others do not. Cysts, such as Cryptosporidium and Giardia, are particularly hearty parasites and have been known to contaminate even chlorinated municipal water supplies. They can cause illness and are a serious hazard to the young, elderly or those with immune deficiencies. Water filters are available with various filter cartridges, which are effective against many of these contaminants.

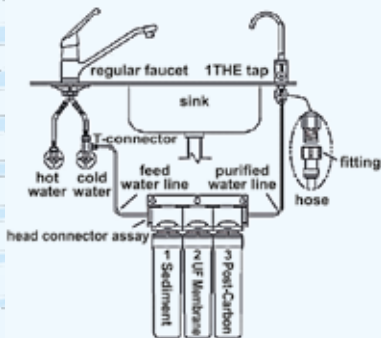

Third Stage - Post-Carbon Filter

Taste- and Odour-Causing Contaminants:

If your water smells or tastes bad, there is little doubt that you would benefit from a water filter. Municipal water often smells of chlorine, which is used to treat the water. Well water, which is dependent upon many local conditions affecting the water supply, also may smell bad. Water filters often treat these conditions by using carbon block, a substance that absorbs contaminants that would otherwise cause offensive tastes and odours.

Easy to install, all components included:

- Head connector assay
- Filter cartridge: Sediment
- Filter cartridge: UF-Membrane
- Filter cartridge: Post-Carbon
- Faucet
- Inlet valve
- Screws
- One touch elbow fittings
- Hose

Filter replacement alarm system APP

When it is time to change water filters, smart Application will alerts you. Just scan QR code before replace the new water filter (APP supports Apple and Android).

How to use the alarm:

1. After installation, tap **Registration** to launch the program.
2. Input your Email address.
3. Choose your country.
4. Select what kinds of filter set you have.
5. Input Email address same as Step 2 and tap **Login**.
(Auto login is available when you use app next time)
6. Image shows the remaining life of filter.
7. Tap **Alarm Set** when you set alarm duration.
8. Tap **Filter Set** and reset alarm duration after replacing filter.

Subliminal music and what it accomplishes

Subliminals are packages of information that you program into your subconscious and information field to make specific changes. This specific information has been worked into the music or sound in such a way that they are no longer audible to the listener. The subconscious however, takes on this information. Subliminal CDs can be listened to as often as liked, no matter how loudly or softly they are listened to.

Samples and MP3 downloads are available at www.subliminalmusik.de

As well as for personal use, many of our titles are the perfect accompaniment to therapies and can therefore be used during therapies and/or workshops.

uSonic 700N Ultrasound Brain & Vital-Coach BASIC

The **uSonic 700N** is your personal and mobile **Brain and Life-force Trainer** for all situations. The goal is to synchronise both brain hemispheres by using NLP patterns and the Synchron-Help **Pink Noise**, to stimulate and inform your subconscious mind.

The Neuro Linguistic Programming (NLP) is a type of learning and human communication. With the help of natural occurring ultrasound frequencies, you will float into calming or stimulating states. **uSonic** induces deep relaxation by both the waking and clear thinking state (Alpha state).

uSonic is an ideal prerequisite for:

- increased concentration and performance
- creative atmosphere
- improved learning ability for those suffering from ADS and ADHD
- ability to fall asleep quicker / deep and recuperative sleep
- well-being / equilibrium
- accompanying product in therapy (therapist information on request)

uSonic 700N Ultrasound Generator BASIC (without program or memory card)
