MESSAGE

Approximately, three months back, when I joined this Institute, noted two glaring gaps, firstly Telephone Directory and secondly Sign Boards.

I am happy to see the progress made in this direction, now that historical moment in the growth of NEIGRIHMS has come with the efforts of the faculty members under the Chairmanship of Dr. P. Bhattacharyya, Professor and Head Department of Anaesthesiology when the Telephone Directory of NEIGRIHMS has become a reality. It puts the section wise contents with page numbers for easier access to various phone numbers. More importantly, this team with the help of Dr. Elantamilan D, Senior Resident Department of Microbiology, has made NEIGRIHMS Telephone Directory App which can be downloaded in your smart phones, the contacts can be searched and the phone number can be directly dialed and the same can be saved.

I hope the Telephone Directory will act as a moral booster to set new standards in projecting NEIGRIHMS in its horizons.

Prof. (Dr.) D. M. Thappa
Director

MESSAGE

The telephone was invented by Alexander Graham Bell in 1876 and it was closely followed by the first telephone directory in 1878 - consisting of a single piece of cardboard, and was issued on 21 February 1878; it listed 50 individuals, businesses, and other offices in New Haven, Connecticut that had telephones. The first British telephone directory dates back to 1880, was published by the Telephone Company and contained just 248 names but didn't actually list any phone numbers. Since then, the phone book went from strength to strength. The humble phone book spent the 20th century as the prince of print jobs.

Over the years, with the emergence of multiple service providers, the long familiar large volume of the directory became a thing of the past. Today's mobile contact's list while very convenient, unfortunately needs to be built up from a scratch by entering the contact numbers and their details over time.

Prof DM Thappa, after his joining has launched a number of new initiative in NEIGRIHMS, and the Telephone Directory is one of the first.

When preparing this new directory, we as a team, felt that we needed to prepare this document as an "App" which could allow us to directly dial the number from the app and then save the number on our contact-list on our mobile. This would ensure that we did not feel at a loss whenever we did not find the printed copy near at hand. The team felt that we should honour the Director's confidence in us by delivering a product that NEIGRIHMS could rightly claim as a FIRST among all the medical institutions in our country. We hope that our colleagues will find both the print as well as the App version user friendly. It may take a few moments getting used to. Our endeavor has been to be as accurate as possible. We accept that improvements and updating will be a constant feature.

This App version could never have been created without the inputs from Dr. Elantamilan D, Senior Resident, Microbiology who designed the app and gave it its current form. Dr. W Valarie Lyngdoh was indefatigable in her efforts and a constant source of encouragement to our team. I must acknowledge the secretarial help of Ms. Marbianki Shullai, my PA who had helped with the entering of the large volume of data.

We are grateful to our Director, Prof DM Thappa who ensured that our enthusiasm never flagged. We, the members of the "Team Directory" hope that this initial small step will lead to more and higher achievements in the different projects already initiated in NEIGRIHMS.

Jai Hind !

Prof. (Dr.) Prithwis Bhattacharyya
Chairman, Institute Telephone Directory Committee
Professor & Head, Department of Anaesthesiology

MESSAGE

It is my pleasure to know that NEIGRIHMS is bringing out its own Telephone Directory. This Directory will be an interface between the Institute and the outside world and also increase and enhance the connectivity and requirement of information instantly.

The initiative taken by our Director Prof. D. M. Thappa, in bringing out this important project, is worth appreciating.

I congratulate all those who have contributed in making this project a success

(D. T. Umdor)
Deputy Director (Admin)
