Initial Cross Section Concepts

- Exploring range of potential design solutions based on community input to date
- Five “families” of concepts based on number and function of travel lanes
- Range of types and widths of roadway, roadside, and landscape element “cards”
- To be used in initial evaluations and next round of public and stakeholder agency review and comment

CTF Discussion

- Are there additional “Families” of design approaches to add?
- Are there additional cross section options we should illustrate?
- Are there cross section options we should eliminate?
- Other issues to discuss?
