FOREWORD

This most genuine dispersal sale of the entire herd including the Pedigree FOLDSPRIDE Herd of Shorthorns on behalf of Martin Tidmarsh trading as Bradda Farm, results from his decision to cease dairy farming.

The sale comprises 65 Cows and Heifers In-milk and In-calf, 10 In-calf and Served Heifers together with 16 Youngstock and a Pedigree Aberdeen Angus Stock Bull.

Martin is well known within the Shorthorn breed having established his Foldspride prefix over 10 years ago and having been an avid supporter of the breed society ever since. Within that time he has made some excellent purchases from a number of noted herds, many of which feature in the sale today, alongside his own breeding. The result is a superb offering of Shorthorns which should excite any enthusiast of the breed.

Martin has always run 50:50 Shorthorns and Black and Whites and the Holstein element of the sale are strong in stature and extremely milky.

The milking herd is youthful with 63 of the 65 milkers being in their 1st – 4th lactation which includes 26 heifers.

The youngstock are also worthy of note, displaying huge potential particularly for anyone with a desire to show within the Shorthorn arena.

The herd is cubicle housed and milked via a herringbone parlour with management based on grass silage with concentrates fed in the parlour. The herd is milking well and maintaining a superb milk quality with the latest NMR figures showing an average of

7740kg 4.47% 3.29% cc107

This is a most genuine dispersal sale that can be thoroughly recommended to both pedigree and commercial buyers with attendance at Leek thoroughly recommended.
