Divine Dance Academy Highlights

Philosophy- Our philosophy is to provide a learning environment that teaches students about proper technique, performance showmanship, and outstanding confidence. We encourage students to learn dance vocabulary as well as how to execute various steps and perform a variety of dance routines. In order to maintain these goals, our instructors give positive encouragement and show individual attention while maintaining a discipline and educational class environment.

Performances – Divine Dance Academy offers formal productions every other year. Students perform informal recitals on the years in between. Students may audition for feature solos, duets, or trios for formal productions. Auditioning for feature performances builds technique, showmanship, and confidence. In addition, feature parts teach leadership and responsibility.

Ballet Placement – Ballet auditions serve the purpose of placing students in correct ballet divisions. Students that wish to audition must have completed at least one year of ballet training in order to audition for ascending ballet divisions. Students 2nd grade and older are eligible for ballet auditions. New ballet students may enroll in beginner classes. Placements will be based upon ability, accuracy, and technique. **You must turn in a ballet audition form in order to be eligible to audition.**

Competition – Our studio is proud to give dancers the opportunity to compete in competitions and be a part of the Divine Dance Competition Team. We attend four-five local spring dance competitions and dancers may also perform their competition routines at the end of informal year recitals. For more information, please see the front office.
