BOB GRIFFITTS HAS YOUR NAMETAG

We encourage each of our members to own and wear a name tag. This is extremely helpful for those of us who have a hard time remembering names. The cost of the name tag is \$8.00. Payment in cash at the time of placing the order is required. Orders for name tags are taken at the first Saturday cruise in at Krispy Kreme. Orders placed this month will be available for pickup the next month at Krispy Kreme.

Please note that we have a new person to see to get your name tag. Bob Griffiths is a new member who has jumped right in and accepted the job of ordering the nametags. Chuck

Nevins has done it forever and I'm sure was ready for a break. Thanks Chuck! You can look for Bob's black 1968 Ford F250 at the Cruise In or contact him by phone at 205-504-3440. If you have already ordered your name tag he should have it.

A great invitation from the Alabama Packard Club

Alabama Packard's is inviting all members of the Dixie Vintage Club and the AACA to join us for a cruise upstate to see the Barnett collection in Morgan City, Alabama. Their collection contains many items you will not see anywhere else. In addition to several Marmon's dating from brass era through their demise, as well as a 1/4 scale Marmon model from a New York Auto Show, you will also be able to see the Huntsville made Keller automobile. This Keller has recently been restored and has received it's JR and Sr AACA awards. There is also an extensive collection of motorized cycles and some motorcycle. November 15th at 9am the caravan will depart from the Jefferson County Courthouse annex in Centerpoint for the cruise north. We will stop in Arab for a "dutch treat" brunch before completing the journey. Specific directions will be handed out that morning for those who wish to skip the meal. So that we can be kind to our hosts, we will need some type of head count. RSVP to Tim Stout stouttj3544@gmail.com before November 1st.

Metro Church Friends Day Sunday, September 14, 2014

Beautiful setting, Beautiful cars, and lots of new friends. Several of our club members were able to support this event at the Metro Church. Looks like everyone really enjoyed the show and there was a good turn out from the local community. One of those great ways we get to use our cars to support a variety of activities.

AND,
FOR THOSE WHO
WERE REALLY GOOD
THERE WAS EVEN A CHANCE
TO MEET
COWBOY BOB!

The turn out for the Helena First Friday wasn't quite as good as it has been but we still had some beautiful cars and a good time just visiting. The community is responding well to this effort of Helena to have a special day for "Old Town" to show off. Our cars are always a highlight for everyone!

Don't forget that there will not be a First Friday for October due to conflicts with the new Helena High School having homecoming. I look forward to seeing you all (Y'all) at the Krispy Kreme Cruise-in on Saturday, 4 September. - Wayne

One of my great pleasures at the Helena First Friday was to get to know “Coach” Mark Sanders and his 8 year old daughter Sarah Grace. You could tell by the time and care Mark took in setting up his car that he really loves to show it and Sarah Grace was right there helping. Mark told me that he had a 1963 Impala with a 327 while he was in high school. While he really loved that car the demands and financial requirements of college forced him to let it go. Now, 20 years later, he had a chance to reclaim that memory. In June he purchased this beautiful 1962 Impala with a 409 engine and had it shipped here from Ohio. Since June is also Sarah Grace’s birthday month she often refers to it as her car. Mark says the car has become the center of a great many family activities with his son Andruw (11) and his wife Dawn also being very enthusiastic about the car. Mark goes on to say he has really enjoyed being a member of Dixie Vintage. He always looks forward to the Krispy Kreme Cruise-in and any other opportunity to get out with his car and family.

I want to add that a love for cars and the people who restore and keep them is all that is really required to be a member of our club. You don’t have to wait until you have a car to show to take part in enjoying the cars. After all sharing them with others who really appreciate them is a lot of the fun. It also makes a great family activity and who knows where it may lead. When I joined the club I didn’t have more than my “daily drivers” but now I have a “Project Car” I’m working on. It will be a while before I share it with you though. My son bought it for me and said it should be a “bonding experience”. I think it will be.—Wayne

When I’m “cruising “ around the club activities with my camera one of the things I like to do is take some pictures of emblems and other unique parts of the cars. Thought I’d share some of them with you.—Wayne
