MORE ABOUT US

OBJECTIVE

In order to achieve our mission and vision our company has four main objectives which are:

- To be professional at all times dealing with current and potential clients
- To always be honest and ethical in all our business transactions
- To remain an independent company giving 100% service to our clients
- To always meet the expectation of our clients

Dluu Fresh Agri Processing has been supplying parastatals, hospitals, clinics and other companies with freshly cut vegetables, fruit and salad greens since 2006 and prides itself on its track record.

Dluu Fresh Agri Processing commenced operation in 2006 and has been supplying parastatals, hospitals, clinics and other companies with freshly cut vegetables, fruit and salad greens.

We offer a range of technologies to assist with

controlled atmospheric storage and modified atmospheric packaging to maintain a freshly packaged appearance.

For further processing we have chilling, freezing and coating technologies to ensure a high quality value added product. Our storage facility includes a cold room and our delivery trucks are all fitted with cold storage by ISO Bodies.

Our cold storage facility is able to store large scale bulk quantities of all type of fruits and vegetables as well as meat an added advantage is that we are able to store frozen vegetables for a determined time period.

Other products that we can supply are dry food rations, please contact us for more details on these rations.

Our client reference list is available on request.
