CHAPTER 12

REQUIRED SUPPLEMENTARY INFORMATION

1201 DISAGGREGATED STATEMENT OF BUDGETARY RESOURCES

- ★ 120101. The Disaggregated Statement of Budgetary Resources (SBR) shall be prepared and reported in the Required Supplementary Information section of the financial statements as described in subparagraphs 120101.A-E, below. The format of the disaggregated SBR shall follow the format contained in Chapter 7, section 0701 of this volume. The Office of Management and Budget does not require consolidated and consolidating statements of budgetary resources. Therefore, the Department of Defense (DoD) has elected for fiscal year (FY) 2000, and each FY thereafter, to prepare a combined Principal SBR and a combining Disaggregated SBR. The statements shall be appropriately titled combined or combining.
- A. <u>The DoD Agency-Wide Disaggregated SBR</u>. The DoD Agency-wide SBR shall be disaggregated into nine appropriation/fund account groupings. Provide column headings and breakout by: (1) Military Personnel; (2) Operation and Maintenance; (3) Procurement; (4) Research, Development, Test, and Evaluation (RDT&E); (5) Military Construction/Family Housing; (6) Military Retirement Fund; (7) Other General Fund (GF) Accounts; (8) Civil Works; and (9) Working Capital Fund (WCF).
- B. <u>Military Department General Funds (GF) Disaggregated SBR.</u> The Department of the Army GF, Department of the Navy GF, and the Department of the Air Force GF will be disaggregated into six appropriation/fund groupings. Provide column headings and breakout by: Military Personnel, Operation and Maintenance, Procurement, RDT&E, Military Construction/Family Housing, and Other GF Accounts.
- C. <u>Military Retirement Fund and U.S. Army Corps of Engineers (USACE)</u>
 <u>Disaggregated SBR.</u> A disaggregated SBR for the Military Retirement Fund is not applicable; and the USACE Civil Works may disaggregate as appropriate the Treasury Index 96 accounts in the stand-alone USACE financial statements.
- D. <u>The WCF Disaggregated SBR</u>. The stand-alone Army WCF, Navy WCF, and Air Force WCF will be disaggregated by business activity.
- E. <u>Narrative Information</u>. Include the following language as the first disclosure under narrative information. "The Department has identified the Government Performance and Results Act (GPRA) performance measures based on missions and outputs. The Department, however, is unable to accumulate costs for major programs based on those performance measures, because its financial processes and systems were not designed to collect and report this type of cost information. Until the process and systems are upgraded, the Department will break out programs by its nine major appropriation groupings."

120102. <u>Appropriation Groupings for the Disaggregated SBR.</u> Table 12-1 summarizes appropriations for each appropriation grouping. A detailed list in <u>Appendix A</u>, "Appropriation and Fund Symbols by Reporting Entity" identifies each appropriation and fund accounts to be included in the disaggregated groupings for the DoD Agency-wide and stand-alone Army GF, Navy GF, and Air Force GF Statements of Budgetary Resources.

120103. <u>Appropriation Groupings for the Disaggregated SBR</u>

Legend used in Table 12-1:

The asterisk () in the third position of the appropriation symbol identifies that the account includes all current and expired years for this FY appropriation.

^The caret (^) in the third position of the appropriation symbol identifies that the account includes all current and expired years for FY appropriation and also includes No-year accounts for this appropriation.

are upgraded, the Department will break ou	t programs by its nine major appropriation					
groupings."						

Table 12-2

★1202 DEFERRED MAINTENANCE

The Department is required to disclose in its annual financial statements material amounts of deferred maintenance on property, plant and equipment (PP&E). This reporting requirement is prescribed in the Statement of Federal Financial Accounting Standards (SFFAS) No. 6, "Accounting for Property, Plant, and Equipment" and the Statement of Recommended Accounting Standards (SRAS) No. 14, "Amendments to Deferred Maintenance Reporting."

- ★ 120201. <u>Policy</u>. The DoD Components shall report deferred maintenance amounts consistent with the amounts reported in the budget.
- 120202. <u>General Disclosure Requirements</u>. The DoD Components, as applicable, shall prepare two tables:
 - A. General PP&E Real Property Deferred Sustainment table, and
 - B. National Defense PP&E Deferred Maintenance table.
- ★ 120203. <u>Narrative Statement</u>. A narrative statement disclosing and describing the method used to determine the estimated amounts of deferred maintenance/sustainment and information on asset condition shall be provided. In addition, DoD Components shall include in a narrative statement indicating whether the Component has material amounts of deferred maintenance/sustainment for General PP&E personal property.
- ★ 120204. General PP&E, Real Property Deferred Sustainment Tables

	2,222						
	<u>1,111</u>						
\$	9,999						
	unts Thousand (b)						

Figure 12-1

- B. <u>Instructions</u>. The Military Departments shall use the format at Figure 12-1 to report material amounts of deferred maintenance on National Defense PP&E assets.
- ★ 1. <u>National Defense PP&E Deferred Maintenance</u>. The methodology used to develop the deferred maintenance amounts reported in the updated (January time frame) Budget Exhibit OP-30 that accompanies the President's Budget shall be used as the basis to identify and report amounts in the National Defense PP&E Deferred Maintenance table (Figure 12-1). It is recognized that the deferred maintenance submission for annual financial statements normally precedes the submission of the "Summary of Unfunded Deferred Requirements," OP-30 to the Office of the Deputy Comptroller (Program/Budget) in the Office

of the Under Secretary of Defense (Comptroller). Thus, while the deferred maintenance amounts reported for the two requirements may not match exactly, there should be reasonable correlation and the difference (if any) should be reconcilable. Specifically, the prior year (PY) dollar amounts that are expected to be reported in the "Total Unfunded Requirement" column of the Budget Exhibit OP-30, shall be used as the basis for completing Figure 12-1 with the following qualifications:

- ★ a. The amounts reflected in the Budget Exhibit OP-30 are reported by lower level categories (e.g., for Aircraft, Airframe Maintenance, Engine Maintenance, Software Maintenance, and Other Maintenance) than the categories reflected in the National Defense PP&E Deferred Maintenance table. Therefore, such amounts shall be aggregated to reflect the major asset type categories in Figure 12-1. Also, the Military Departments shall consolidate the amounts reported in the Budget Exhibit OP-30 for their respective Reserve Components.
- ★ b. Though unlikely, reporting activities may determine that material amounts of deferred maintenance beyond the scope of the OP-30 Budget Exhibit may exist and therefore warrant reporting. In general, such instances would entail ND PP&E being in, or projected to be in, an unacceptable condition (per guidance contained in Volume 4, Chapter 6, paragraph 060109), and the required maintenance is deferred into a subsequent fiscal year. Examples of potential reporting instances include, but are not limited to, the following:
- (1) An extended work stoppage in a maintenance facility for which no workaround or alternate source of repair has been identified.
- (2) A significant delay in completing field-level maintenance affecting the entire inventory of a weapon system.
- (3) A Navy Casualty Summary Report (CASREP) condition of C-4 or C-5 due to maintenance requirements deferred to a subsequent year.
- (4) Unfunded depot or field maintenance work performed under Interim Contractor Support (ICS), Contractor Logistics Support (CLS), or a similar contract.
- ★ c. If identified, material amounts of non-OP-30 deferred maintenance will be reported:
- (1) <u>In the Table at Figure 12-1</u> by including amounts in each of the totals.
- (2) <u>In the narrative</u> by describing the nature, dollar value, and subcategory (identified in Figure 12-1) of each non-OP-30 amount.

2. <u>Narrative Statement</u>. A narrative statement shall be included with the table to explain the method used to value the deferred maintenance amounts, any changes to the method that may have taken place, and a description of requirements or standards for acceptable operating condition.

1203 SEGMENT INFORMATION

- 120301. Reporting entities are required to provide specific information for each franchise fund or other intragovernmental support revolving fund that is not separately reported on the entity's principal statements.
- 120302. Within the Department, segment information is to be provided for each WCF organization that is not required to report as an individual entity. Segment information is required for the: (a) Defense Information Systems Agency, (b) Defense Commissary Agency, (c) Defense Logistics Agency, (d) Defense Finance and Accounting Service, (e) the Joint Logistics Systems Command, (f) Defense Security Service, and (g) U.S. Transportation Command. In addition, segment information must also be provided for other significant revolving funds operated with the Department's appropriated funds.

120303. Required Information

- A. <u>Assets, Liabilities, and Net Positions (Part A)</u>. Condensed information for assets, liabilities, and net position as of the reporting date: (1) fund balance, (2) accounts receivable, (3) PP&E, (\$) other assets, (5) liabilities due and payable for goods and services received, (6) deferred revenues, (7) other liabilities, (8) unexpended appropriations, and (9) cumulative results of operations.
- B. Revenue and Expenses (Part B). A summary, for the reporting period, by product or line of business of: (1) the full cost of goods and services provided, (2) the related exchange revenues, and (3) the excess of costs over exchange revenues.
- C. <u>Fund Description (Part C)</u>. A brief description of the services provided by the fund and the identity of the funds major customers (major customers are organizations that account for more than 15 percent of the fund's revenues).
- D. <u>Segment Eliminations.</u> The amounts presented for each reporting segment shall be consolidated amounts and therefore net of intrasegment eliminations.

* E. Reporting Format. The required format for providing segment information is contained in Figure 12-2.

★1204 INTRAGOVERNMENTAL AMOUNTS

120401. Information on intragovernmental balances shall be reported in the RSI section of the financial statements. The following schedules shall be included in the DoD annual audited financial statements, except where noted.

- A. <u>Intragovernmental Amounts</u>. Report, as RSI, intragovernmental amounts for assets, liabilities and non-exchange revenue. For the DoD Agency-wide statements, the Department shall report intragovernmental revenues from trade transactions and the cost of generating such intragovernmental revenues. Except for the gross cost of generating intragovernmental revenues and intragovernmental gross costs that are presented by budget functional classification, partner agencies shall be identified for each intragovernmental amount presented. The schedules of intragovernmental amounts shall be prepared for DoD stand-alone reporting entities identified in paragraphs 010601 and 010605 of this volume and the DoD Agency-wide financial statement reports and all amounts should be net of intraentity transactions. Intragovernmental asset and liability amounts reported as RSI should agree with the intragovernmental asset and liability line items reported on the balance sheet.
- B. <u>Reconciliation of Intragovernmental Amounts</u>. Guidance for the reconciliation of intragovernmental amounts is provided in <u>Chapter 13</u> of this volume.
- 120402. <u>Intragovernmental Assets</u>. Intragovernmental assets reported in this schedule shall agree with the intragovernmental asset line items and totals on the reporting entity's consolidated balance sheet. For each intragovernmental asset line item on the consolidated balance sheet, a corresponding column heading should be reported in the intragovernmental assets RSI that identifies the trading partner balances that make up the line item. For purposes of this presentation, reporting entities may aggregate trading partners whose individual totals for a particular asset category collectively comprise less than 20 percent of the total asset category. If intragovernmental transactions with a trading partner are material in one asset line item category, but immaterial in another asset line item category, report transactions with the trading partner for each asset line item category.

★ 120403. <u>Intragovernmental Liabilities</u>. Intragovernmental liabilities reported in this schedule shall agree with the intragovernmental liability line items and totals on the reporting entity's consolidated balance sheet. For each intragovernmental liability line item on the consolidated balance sheet, a corresponding column heading should be reported in the intragovernmental liabilities supplementary information that identifies the trading partner balances that make up the line item. For purposes of this presentation, reporting entities may aggregate partner agencies whose individual totals for a particular liability category collectively comprise less than 20 percent of the total liability category. If intragovernmental transactions with a trading partner are material in one liability line item category, but immaterial in another liability line item category, report transactions with the trading partner for each liability line item category.

★ 120404. Intragovernmental Earned Revenue (Schedule, Part C) and Related Costs (Schedule, Part D). Agencies with total intragovernmental revenues (net of intraentity activity) greater than \$500 million are required to report such revenues in Schedule, Part C. For purposes of this presentation, reporting entities may aggregate partner agencies whose individual totals for a particular revenue category collectively comprises less than 20 percent of the total revenue category. For the DoD Agency-wide statements only, the Department shall prepare Schedule, Part D by reporting by budget functional classification the gross cost of goods, services, and

^{*}This \$2 billion debt amount is owed to the Federal Financing Bank.

other transactions that generated the intragovernmental earned revenue in Schedule, Part C. These gross costs may be either intragovernmental or with the public. For example, the Department should report the gross cost of providing products or services on a reimbursable basis to a non-DoD federal agency.
