Technology – OH NO!!

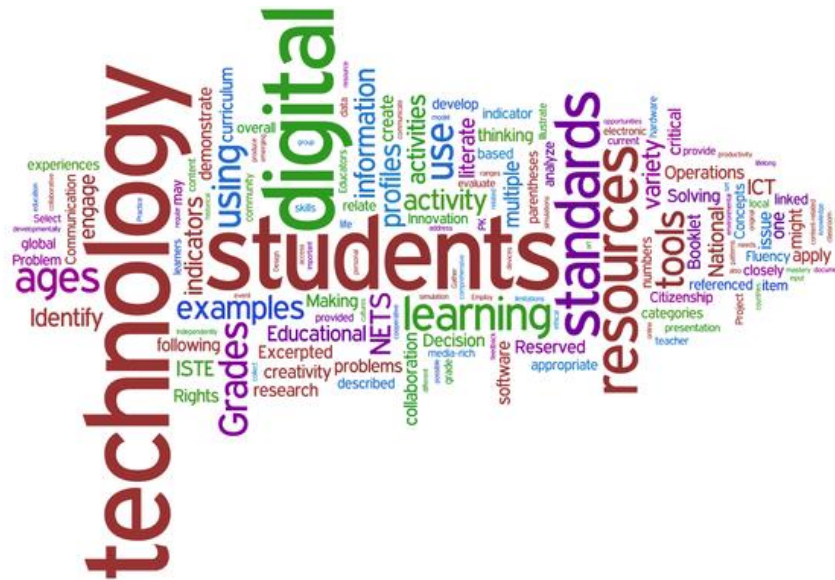

Different levels of learners...

S

Technology & Learning Connections

- **District-wide Technology Tools** (Mimio, projector, sound projection and document camera)
- **Classroom Supports** (programs, software, techbooks)
- **Individualized Support** (Assistive Technology – AT referral process)

District-Wide Technology Tools

- **Projectors**
- **Document Camera**
- **Amplification System**
 - Helps with processing
 - Tones of voice
- **Mimio – more than just a mouse**
 - Mimio galleries - interactive
 - Increases engagement

Technology Resources

PowerPoint

- Front loading
- Word building
- Response to text
- Story writing
- Demonstration of knowledge

Microsoft Word

- Speech to Text/Text to Speech
- Adjust size and color
- Typed responses
- Grammar/Spell Check
- PDF

Publisher

- Templates
- Respond creatively
- Non-linear

THE HUNGER GAMES

The moment the anthem ends, we are taken into custody. I don't mean we're handcuffed or anything, but a group of Peacekeepers marches us through the front door of the Justice Building. Maybe tribute have tried to escape in the past. I've never seen that happen though.

Once **inside**, I'm conducted to a room and left alone. It's the richest place I've ever been in, with thick, deep carpets and a velvet couch and chairs. I know velvet because my mother has a dress with a collar made of the stuff. When I sit on the couch, I can't help running my fingers over the fabric repeatedly. It helps to calm me as I try to prepare for the next hour. The time allotted for the tributes to say good-bye to their loved ones. I cannot

dress with a collar made of the stuff. When I sit on the couch, I can't help running my fingers over the fabric repeatedly. It helps to calm me as I try to prepare for the next hour. The time allotted for the tributes to say good-bye to their loved ones. I cannot

Other Resources

- WYNN - Accessible information
- Kidspiration/Inspiration - brainstorming, outlining, vocabulary building
- Countdown Timer
- Fonts for Teachers

Emodo/Angel

- Polls
- Assignments
- Class discussions
- Background knowledge

Livescribe Pen

- Create accessible tests/worksheets
- Student/teacher can record information for playback later
- Can assist with note-taking

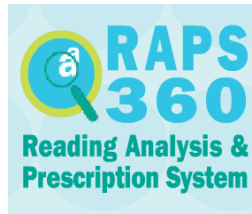

KEEP
CALM
AND
EMBRACE
TECHNOLOGY

Reading Specific Tools and Supports

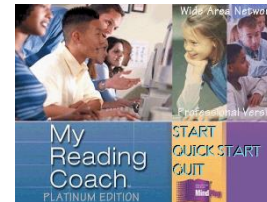

RAPS 360

Diagnostic tool for deficits in reading

My Reading Coach

Models and teaches phonemic awareness and phonics

FLRT

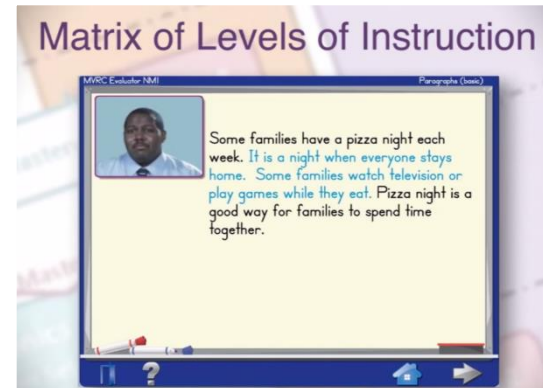

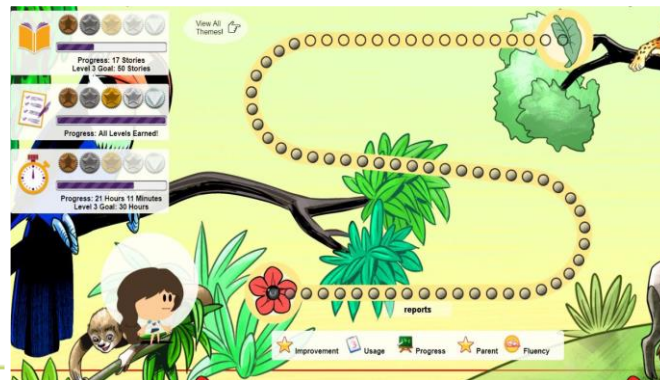

Builds fluency for comprehension with incentives

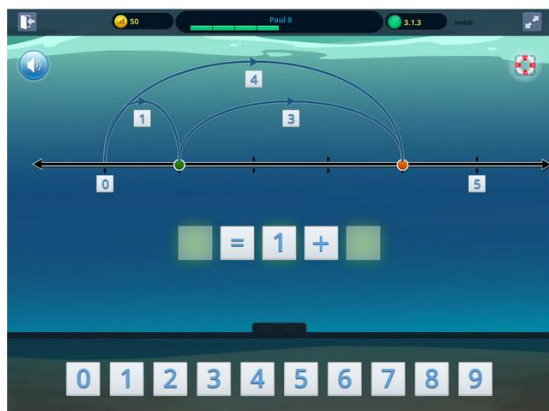

Mindplay Virtual Reading Coach

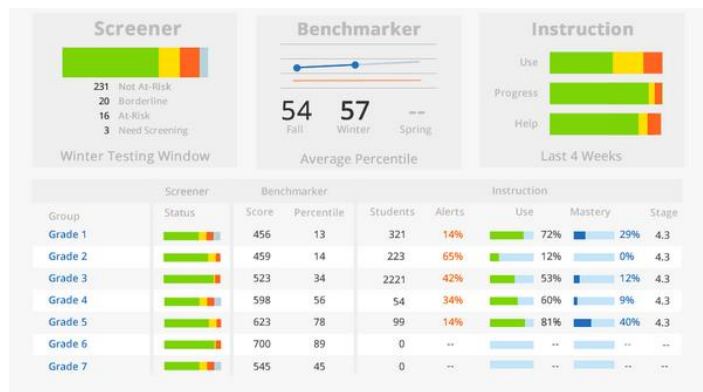

- Diagnostic – Assignment - Mastery
- Comprehension, fluency. Vocabulary, Phonemic awareness, eye tracking, grammar for meaning
- Feedback and reinforcement
- Reteaches differently
- Data is tracked/certificates of achievement

Symphony and Ascend Math

- Symphony – elementary
- Ascend – middle/high
- Screener, Benchmarker, Instruction
- Self-paced, prescribed learning path
- Instruction, practice, post assessment

What do you know?

Which of these tools would allow a student to differentiate an online reading passage?

A. Angel

B. FLRT

C. Snap and Read

C

What do you know?

Which of these tools would help diagnose a reading deficiency?

- A. MS Word**
- B. RAPS 360**
- C. Edmodo**

What do you know?

Which of these tools would allow you to hold an online class discussion about a literacy piece?

- A. PowerPoint**
- B. My Reading Coach**
- C. Edmodo**

Individualized Support : Assistive Technology

Share activity

S

What is Assistive Technology?

Assistive technology (often abbreviated as AT) means any item, piece of equipment or product system, whether acquired commercially off the shelf, modified, or customized, that is used to increase, maintain, or improve the functional capabilities of children with disabilities.

C

Different disabilities require different assistive technologies.

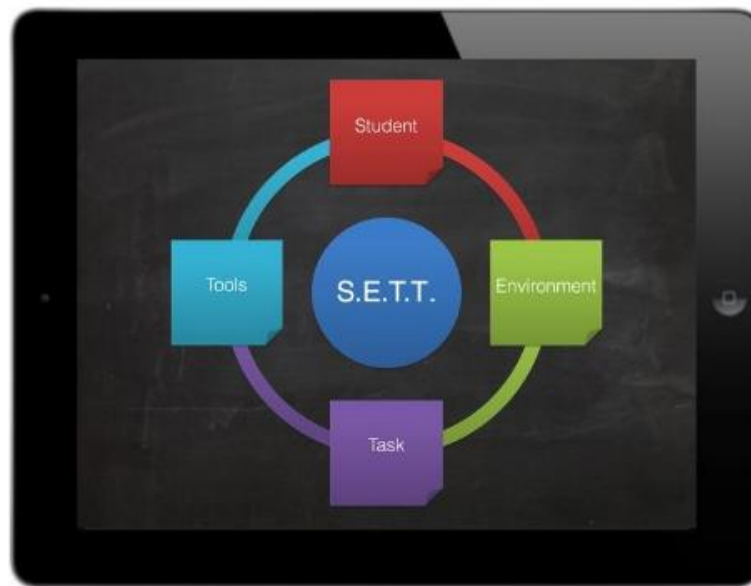

Assistive technology includes products and services to help people who have difficulty speaking, typing, writing, remembering, pointing, seeing, hearing, learning, walking, etc.

C

The goal of Assistive Technology (AT) is to enable independence and facilitate the full participation of students with disabilities in all activities.

AT Hierarchy

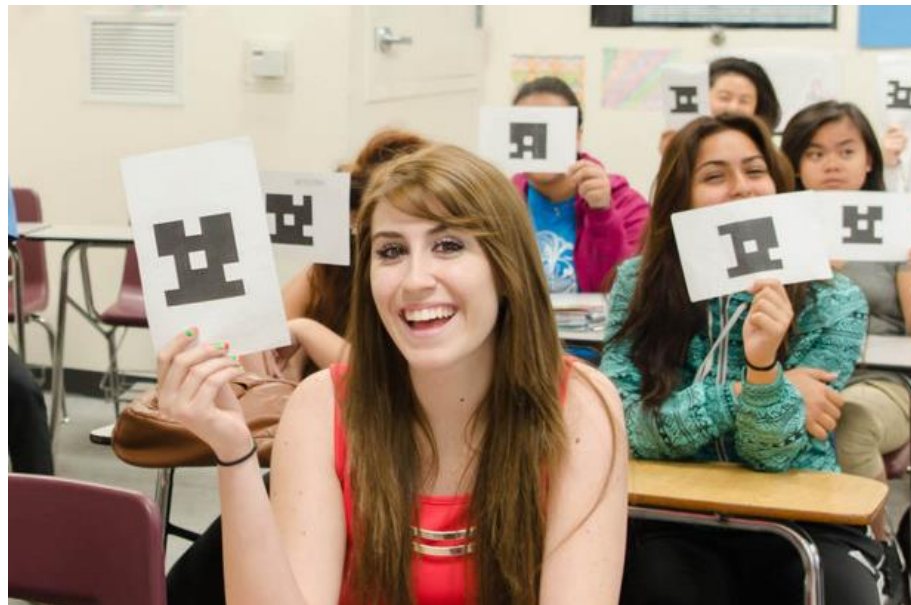

- **No Tech/Low Tech**
 - Pencils grips, slant boards, adapted books, schedules, and many others
- **Mid Tech**
 - Go Talk, Big Mac, Mimio, Audio system, Portable Word Processors, software and anything with batteries
- **High Tech**
 - Touch Monitor, computer/laptop, iPad, Nova Chat (dynamic AAC) and many more

C

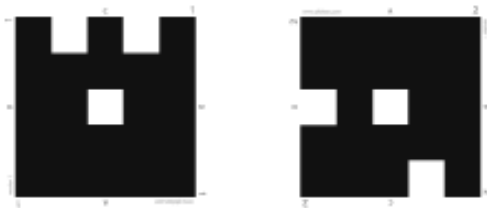

Plickers Activity

Which is it?

- A. High Tech
- B. Mid Tech
- C. Low Tech

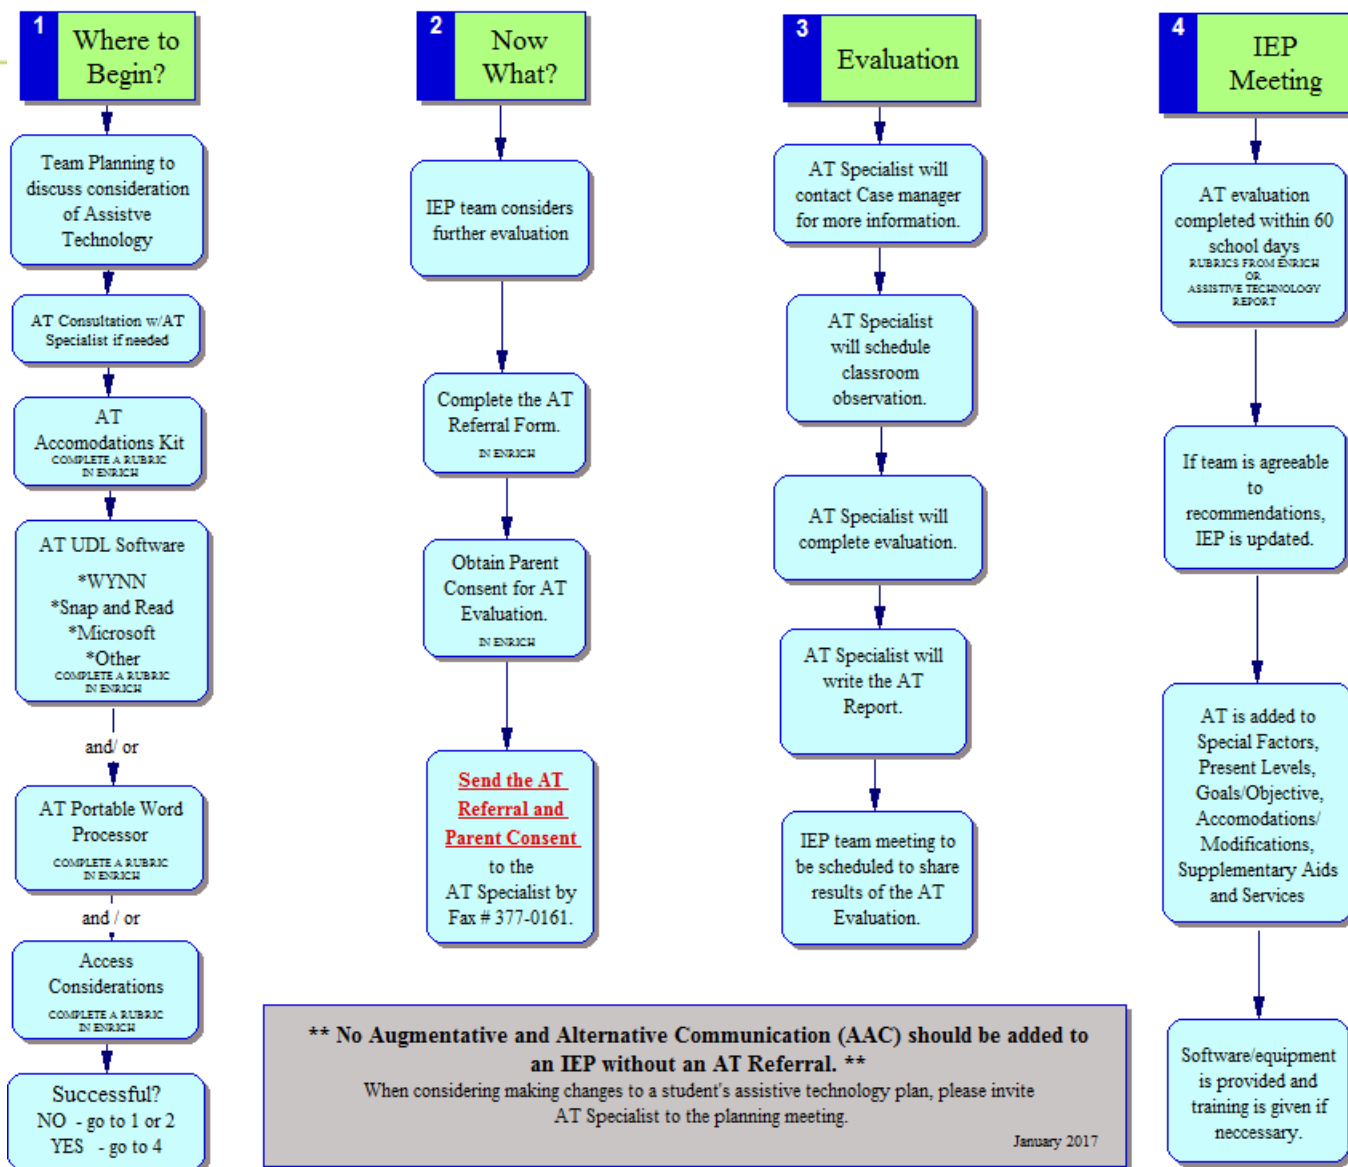

AT Consideration Questions

- What is it we want the student to be able to do within the education program that the student is not able to do because of the disability?
- Is the student currently able to complete this task with special strategies or accommodations?
- Is there assistive technology currently being used to address this task?
- Would assistive technology help this student perform the task/skill more easily with less personal assistance?

Assistive Technology (AT) Considerations and Referral Process
