

One Piece Book-Fold Style Medication Cards

Drug Package one piece, Book-Fold Medication Cards offer economical, convenient and secure medication packaging. You choose cards for either cold sealing or heat sealing in a wide range of blister counts and blister sizes. Cards are designed to prevent adhesive contact with medication and, when properly sealed, meet approved Class B packaging standards.

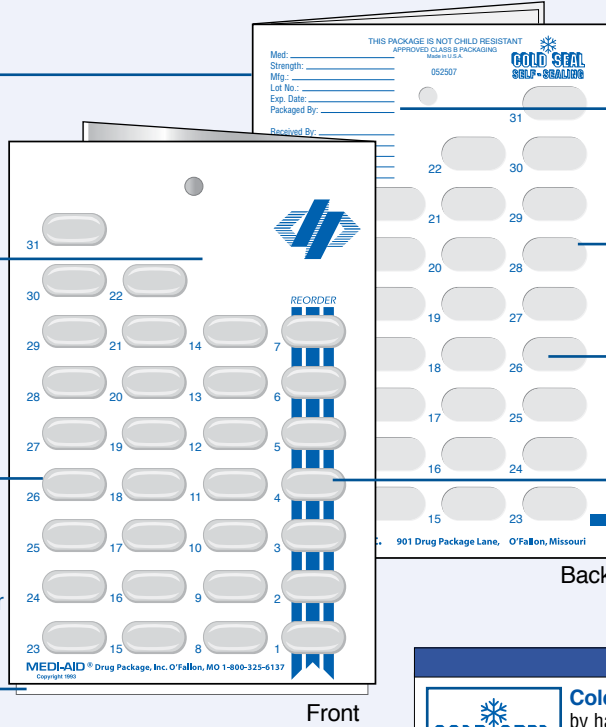

One Piece Book-Fold

Book fold makes cards easier to handle.

Ample room on front of card accommodates your label size.

A variety of blister counts and sizes accommodate all commonly prescribed pills and tablets.

For Cold Seal cards only, liner paper peels away to expose strong, permanent pressure-sensitive adhesive.

Back of card is preprinted for pharmacist to fill in all information required for drugs not in original container.

Strong, paper-backed foil protects medication until dispensed.

One-piece construction saves storage space, reduces packaging time.

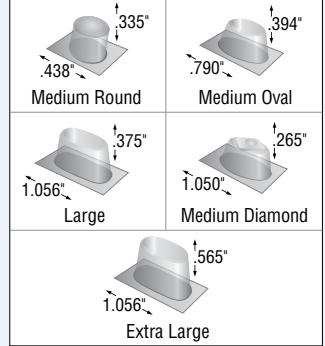

Ribbon design highlights visual countdown for medication reorder.

Back Folded Card Size: 6" x 9"

BLISTER MATERIALS

BLISTER SIZES

SEALING REQUIREMENTS

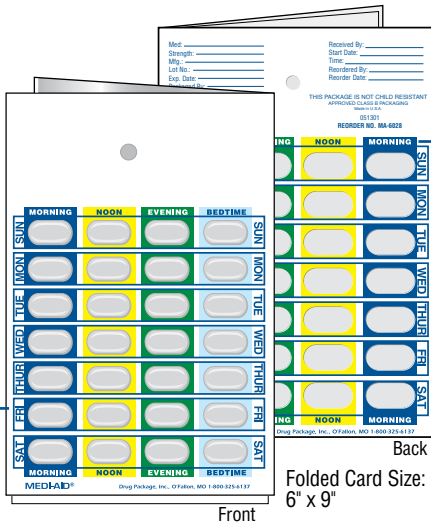

Cold Seal Cards may be sealed by hand or with Drug Package's automated Cold Seal Machine. (see page 6)

Heat Seal Cards require processing in a heated machine to achieve proper sealing. (see page 7)

28 Count Home Care Cards

Days of week clearly printed at beginning and end of each row.

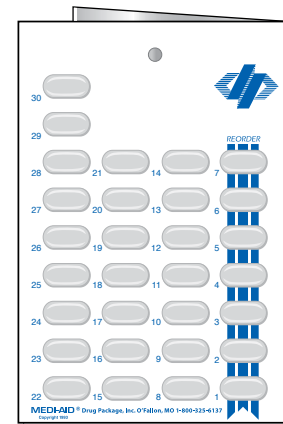

Color coded columns highlight time for medication dispensing.

Personalized Medication Cards

Drug Package offers personalized imprinting on all its cold seal and heat seal medication cards. Enhance your cards with Pharmacy or Facility name and logo printed in one or two of the standard colors illustrated. Call 800-325-6137 for complete information.

Medication Card Sealing Equipment

Drug Package supplies equipment to expedite filling and sealing both Cold Seal and Heat Seal Medication Cards. The equipment detailed below, when properly used, will provide sealed Medication Cards meeting approved Class B packaging standards.

Cold Seal Machine

A motor driven roller automatically applies correct pressure over the entire card for perfect sealing.

MA-AS-4

Cold Seal Card Roller

With Card in Sealing Tray, this hand-held roller concentrates pressure to help ensure proper sealing.

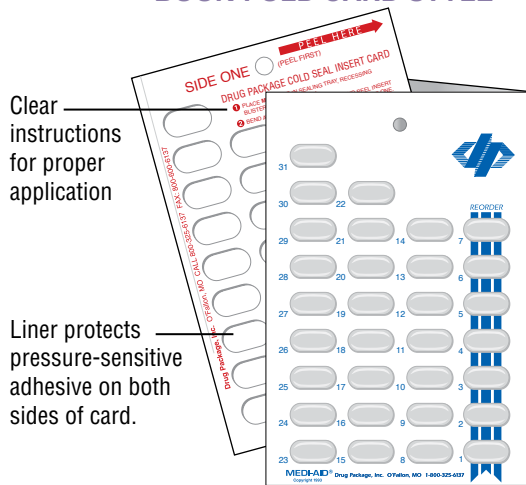

MA-1217B

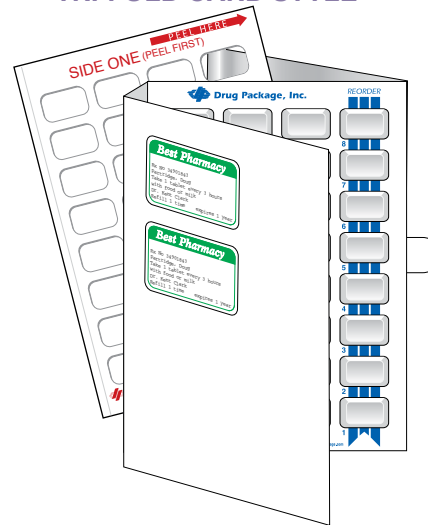

Cold Seal Insert Cards CONVERT HEAT SEAL CARDS TO COLD SEAL

Cards quickly convert Heat Seal Cards to Cold Sealing when only one or two Medication Cards are needed. No waiting for Heat Seal Machine to warm up.
