ETA CLAMS UP

Eta Brothers enjoy the annual Massachusetts College of Pharmacy ClamBQ. Brothers spent the day at the Gore Place in Waltham MA. The event was sponsored by the Student Government association and was a last chance to enjoy the nice weather before buckling down for finals. The experience was a great day for further developing their brotherhood and bringing the chapter closer together over seafood and BBQ foods.

Outgoing Regional Correspondents

Regional Correspondents play a vital role in the daily operations of the Fraternity. They serve as the bridge between our local chapters, and the national office. Over the past year, the 2011-2012 Regional Correspondents have been busy contributing in a variety of ways. The year started off in Memphis, TN at St. Jude Children's Hospital where the fraternity conducted its strategic planning retreat. The Regional Correspondents helped identify the needs of our fraternity and voted on our top 5 goals. Aside from making monthly calls to each chapter in their region, they also traveled to participate in a Chapter Visit in the Fall, and a ChEQ Visit in the spring. They also served as the Chair at the 2012 Regional Conferences and were instrumental in the planning, and execution of the conference.

The outgoing 2011-2012 Regional Correspondents are listed at right. I have greatly enjoyed working with these Regional Correspondents and the work they have done, and the Brotherhood they have shown over the past year is truly inspiring.

Incoming Regional Correspondents

With the completion of all the 2012 Regional Conferences, it is my pleasure to announce the 2012-2013 Regional Correspondents (listed below right).

The Regional Correspondents were elected to serve a 1 year term by their respective region. I look forward to working with all of them over the next year as we tackle issues such as pledge education, and identifying and supporting struggling chapters. They will also be participating in Chapter and ChEQ visits, as well as assisting Chapters with the Achievement Award Program. Please join me in thanking the outgoing Regional Correspondents, and also in welcoming the newly elected Regional Correspondents!

AAAE,

Ryan Costantino

THE TOM STOUT THOUSAND TOURNAMENT, DINNER, & RAFFLE

By Lisa Keikoan and Nam Nguyen

The Tom Stout Thousand Golf Tournament and Raffle Dinner is an annual event hosted by the Alpha Psi Chapter in the Spring time. This year's Tom Stout Thousand was held on April 14, 2012 at the Brookside Golf and Country Club in Stockton, California and consisted of a shot gun golf tournament, a formal dinner and a raffle with a grand prize of \$1,000.

In admiration of our brother, Tom Stout, the Alpha Psi Chapter is pleased and honored to put on this special annual event in his name. The Tom Stout Thousand pays tribute to his life and loyalty as a brother of Phi Delta Chi. Tom Stout pledged Alpha Psi in 1973 and was very active in the Fraternity, even as an alumnus. Tom was the type of Brother that gave to the fraternity first, himself second. He is described by Jeff Jellin (Alpha Psi), as

"anytime there was anything worth doing, Tom was always the first to stand up and say, 'I'll do it.' His enthusiasm for everything good was infectious. He was a leader by his actions. He was honest to the core... good to the bone...enthusiastic to do the right thing...loyal to his friends...and caring to everyone who needed help. And, oh yeah, he was a bundle of fun to be around. In other words, Tom Stout was the epitome of a Phi Delt."

The Tom Stout Thousand also serve as our main alumni reunion event and through all the raffle ticket sales, holes and events golf sponsorships it also serves as our largest fundraising event. Proceeds from this event helps fund our annual rush events, chapter retreats,

Alumnus George Jenkins (Beta Rho) and Ty Stout (Beta Rho) enjoying a morning of golfing at the Alpha Psi Tom Stout 1000 Golf Tournament at the Brookside Golf and Country Club

travel to Phi Delta Chi Regional and National meetings and St. Jude Children's Research Hospital. This year, we had over 80 actives, alumni and family and friends in attendance including Past Grand President Ralph Saroyan (Alpha Psi), Pacific Regional Director of Alumni Affairs, Marshal Abdullah (Omicron) and Tom Stout's Family; Andy Stout (Alpha Nu) and Ty Stout (Beta Rho).

Additionally, the chapter has the honor to recognize one collegiate and alumni brother for their involvement in the fraternity. This year, Daniel Salas (WVC) was awarded the Gerald A. Miller Memorial Scholarship sponsored by the Alpha Psi Education, Scholarship & Leadership Foundation based on his involvement within the fraternity and scholastic ability. The 2012 Distinguished Alumnus of the Year was awarded to An-Chun Kwan (09).

**THE DELICATE ART OF DANCING WITH PORCUPINES!*****What you might learn at LDS...**

Gary Keil (Alpha Mu)
Co-Coordinator, LDS 2010
Gary.Keil@astrazeneca.com

You know them. You've worked with them. You've run into them in the grocery store. And they've stopped you in their tracks. They've scared you because they can HURT you. They are the prickliest, most cantankerous, dangerous and unenjoyable of people with whom you may interact. They are, figuratively and perhaps literally, human porcupines. (Perhaps you're one of them, too, but that is a different matter...)

The prevailing belief is that these people are the most difficult of all with whom to work. Indeed, all it takes is one miscommunication or misstep with them and the barbs begin flying. You get struck by a hundred daggers, piercing you sometimes to your bone marrow and soul. Their attacks are not just painful - they can be fatal.

So would you believe me if I told you that these people are actually the best asset you could ever hope for in your life? Would you buy my line that I'd rather have ten porcupines working on a high pressured project with me than thirty fluffy, nice little bunnies?

The key is leveraging their strengths, and carefully choreographing their involvement. Imagine trying to wrestle one of them into a project - you hop on his back or get him riled up and what happens? Not a pretty ending - you are left plucking out his quills from your body! Instead, imagine slowly warming up to him, encouraging him to open up a bit to expose his soft side (otherwise known as the underbelly!). Now show him he is able to see the most of the world when standing upright - not with his nose buried in the dirty ground.

But don't leave him to teeter alone - he is not used to standing and needs support! How do you support him? With confidence and skill, extend a hand and invite him to dance. If you have more than one porcupine simply repeat this the same number of times per porcupine in your midst!

Gently take each one in your arms, snuggling up to that soft side. What does this accomplish? It supports them and helps them view the world from a completely new vantage point. The benefit to you for taking this risk is that you are now protected from the quills and can use them for what they are: some of the most POWERFUL of shields designed by nature to keep you safe as you navigate challenging situations.

Once the dance begins you are set and ready for any assault from any angle - twirl smoothly and adjust your direction

as the need arises. You can lead or they can lead, or you can take turns, but without communicating who is doing what you're flirting with disaster. Stay close! Concentrate and don't stray too far away for they may twirl unexpectedly and you may get nicked.

Imaging dancing with such a powerful and protective partner... and dancing to the music of life! Sound like an easy art to learn? It isn't! Sound like you'd like to give it a whirl on your own and see how it goes? You could. Or you could take dancing lessons. Leader Development Seminar-style 'dancing' lessons.

Are you ready? We'd love to have you join our party. All you need to do is come to the dance floor...

**In our 26th annual presentation,
The Pharmacy Leadership & Education Institute (PLEI) announces
Dr. Conan MacDougall, winner of the Albert B. Prescott Pharmacy Leadership Award**

February 5, 2012, East Hanover, NJ – Conan MacDougall, PharmD, MAS, BCPS, a faculty member at the University of California San Francisco (UCSF) School of Pharmacy, has been named the 2012 recipient of the Albert B. Prescott Pharmacy Leadership Award. In its 26th year, the award recognizes a young pharmacist who demonstrates exemplary leadership qualities indicative of someone likely to emerge as a major leader in pharmacy over the course of his or her career. Dr. MacDougall will be honored during the APhA Annual meeting in New Orleans, Louisiana, on Sunday, March 11, 2012 at 5:30pm at the Hilton Riverside.

Nominator, Robert L. Day, PharmD, Associate Dean, University of California, San Francisco, School of Pharmacy, writes, “Dr. MacDougall joined the faculty at UCSF in 2005 as an assistant professor. His promotion to associate professor was accelerated by two years in recognition of his high level of early achievement. His clinical practice is devoted to infectious disease pharmacology at the UCSF Medical Center, where he serves as pharmacy lead for antimicrobial stewardship. ... His research efforts in appropriate antimicrobial use and antimicrobial pharmacoepidemiology have resulted in over two dozen peer-reviewed articles published or in press. He also serves as chapter author for leading textbooks such as *Goodman & Gilman’s The Pharmacologic Basis of Therapeutics*, *Anesthetic Pharmacology*, and *Emergency Management of Infectious Diseases*. ... Dr. MacDougall’s accomplishments as a clinician and researcher are matched by his passion for teaching. His classroom approach blends humor, attention to detail, and an ability to see the subject from the learner’s point of view. ... Dr. MacDougall’s commitment to improving the experience of students extends beyond the classroom. He is recognized as an outstanding preceptor, with his rotation in Infectious Disease being highly sought-after by students and residents. ... Dr. MacDougall’s credentials and accomplishments are those of an outstanding candidate for the 2012 Albert Prescott Award.”

The selection committee was comprised of Mary Euler, PharmD, Chair of the Committee, two members of the PLEI Board Colin O’Neill, PharmD, and Candace Roberts, PDC Board member Amy Valdez, PharmD, and by previous winners of this prestigious award: Timothy Cutler, PharmD, Jeffrey Neigh, PharmD, Scott Evans, PharmD, Macary Marciniak, PharmD.

About Dr. Conan MacDougall

Dr. MacDougall is currently Associate Professor of Clinical Pharmacy at UCSF. He came to UCSF from the University of California, Davis where he was a National Merit Scholar and recipient of the Chancellor's Award. Both at UC Davis and UCSF he was a University of California Regents Scholar. After graduation, he completed a PGY-1 residency at Duke University Medical Center and a PGY-2 in Infectious Diseases at UCSF. He received fellowship training at Virginia Commonwealth University School of Pharmacy under the guidance of Dr. Ron Polk. Dr. MacDougall joined the faculty at UCSF in 2005. His clinical practice is in Infectious Diseases pharmacotherapy at the UCSF Medical Center, where he provides consultation on complex infectious diseases patients and manages the antimicrobial stewardship program. He serves as a consultant to the University Health System Consortium Antimicrobial Stewardship Steering Committee and the California Department of Public Health Antimicrobial Metrics Committee.

Dr. MacDougall has been long recognized as a leader in classroom teaching. As a pharmacy undergraduate teaching assistant and again as a specialty resident, he received UCSF's teaching award for outstanding performance as an instructional assistant. When he became a member of the faculty, he continued this level of achievement as a course coordinator and lecturer, receiving the school's Long Award for Excellence in Teaching from the third year class in his first year teaching, and every year he has taught the course subsequently. He was the first assistant professor ever to receive the Long Prize as most outstanding teacher for the entire graduating pharmacy class in 2007 and has received that honor twice more. His accomplishments were recognized University-wide when he received the Academic Senate Campus Award for Distinction in Teaching in 2009, bestowed on a single faculty member across all UCSF's many outstanding schools and programs.

Dr. MacDougall's is recognized as an outstanding preceptor, with his rotation in Infectious Diseases being highly sought-after by students and residents, and he recently became director of the PGY-2 residency in Infectious Diseases. He has been a leader in reforming the curriculum at UCSF through his service on the Courses of Instruction, Educational Policy, and Clinical Curriculum committees. He co-authored (with Jason Gallagher) the textbook *Antibiotics Simplified*, which has been used as an instructional text by a number of schools of pharmacy and nursing.

About Pharmacy Leadership & Education Institute, Inc.

The Pharmacy Leadership & Education Institute (PLEI) develops leaders among student pharmacists and pharmacists by conducting programs to improve leadership skills, to strengthen the profession as a whole, and thereby advance the public health. PLEI takes a special interest in supporting and advancing the Phi Delta Chi Pharmacy Fraternity's mission of developing pharmacy's future leaders.

As a nationally active enterprise, PLEI strives to reach as many student pharmacists and young pharmacists as possible, in a variety of venues, to help them grow in their personal leadership skills, giving them examples of how to apply these skills in pharmacy settings (e.g., ambulatory, inpatient, long-term care, corporate, academia, government) and in their personal lives.

Phi Delta Chi's 60th Grand Council (Memphis, 1995) authorized the Fraternity's Executive Council to establish a not-for-profit foundation to advance the leadership, educational, and other

benevolent missions of the Fraternity. This charge was fulfilled in the creation of the Pharmacy Leadership & Education Institute, Inc. (PLEI), which held the inaugural meeting of its Board of Directors during APhA's 143rd Annual Meeting in Nashville, March 1996.

The Institute serves charitable and educational purposes, advancing the Fraternity's mission of training pharmacy's future leaders. The Institute aims to advance healthcare by improving the professional and interpersonal competencies of America's pharmacists and student pharmacists. The Internal Revenue Service (IRS) recognizes the Institute as a 501(c) (3) charitable organization; EIN 582296988.

The PLEI coordinates the Prescott Pharmacy Leadership Award, the Leader Development Seminars, and other educational events for the Fraternity's Brothers and other members of the pharmacy profession.

The Institute is led by a Board of Directors of distinguished Brothers and colleagues. The Grand President, Grand Past President, and Executive Director serve ex officio on the PLEI Board of Directors.
