User Guide x 1 (**Complete manual available online at sceptre.com)**

Recycling Information

Dispose unwanted electronics and batteries through an approved recycler.
For TVs please visit the web at http://www.earth911.com/recycling-guide/how-to-recycle-large-electronics/

For Batteries please visit the web at http://www.call2recycle.org/

ATTACHING & REMOVING THE BASE

1.   Insert the neck into the base and screw in the 3 screws at the bottom of the base.

2.   Install the neck / base assembly onto the back of the display. Screw in the 3 screws as indicated to secure the installation.

3.   To finalize your installation of the Display, please read the following:
     a.   If you are placing the Display on a stand, we would recommend you to use a Display safety strap (not included) in order to minimize the possibility of the Display toppling over.
     b.   If you are mounting the Display on the wall
     c.   Make sure the wall is structurally safe for the weight of the Display
     d.   Make sure the wall mount kit is compatible with the Display
     e.   Read and follow all instructions provided by the wall mounting kit.
     f.   Securely install all screws and connections.

Rear View Mounting Pattern

Mounting Specification: **75mm x 75mm** using screw size **M4**. The mounting holes are **5mm** deep.

Connecting Your Cables

The following picture offers a suggestion for connecting most of your audio video equipment.

TV Tuner is optional. It may or may not be equipped in your product. Please check with the authorized seller, authorized distributor or Sceptre Customer Service for further information.
Ready to Watch Some TV? (Optional)

1. Make sure your power cable is connected and the standby red light in the front of the HDTV is lit up.
2. Check all your connection cables off the side or the back of your HDTV and also your AV devices. Make sure they are all connected securely.
3. Turn on your HDTV and other AV devices if necessary. Select "HOME MODE".
4. Press the Ⓢ button on the side of the HDTV or the SOURCE button on the remote control and select the correct source according to the Connecting pages in the User Manual.
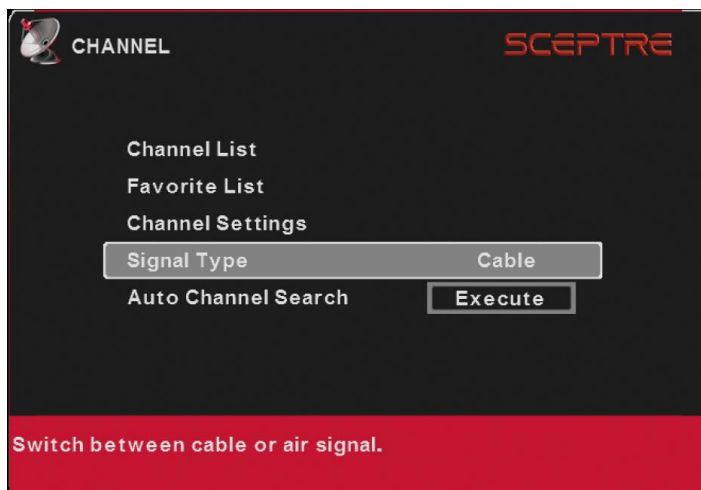

If You've Connected Antenna to the HDTV…

If an antenna or cable (**without a cable box**) is connected to your TV's tuner, you will need to go through an INITIAL SETUP process in order to watch the HDTV.

1. Press MENU to open the menu

2. Use the ◄ or ► button to select the CHANNEL icon and press **ENTER**.

3. Use the ▲ or ▼ buttons to highlight the signal type and press ◄ or ► to select your connection either AIR or CABLE**.**
4. Use the ▲ or ▼ buttons to select AUTO CHANNEL SEARCH and press **ENTER** to scan for channels**.**
5. Once the scanning finishes, you can begin to watch HDTV

If You've Connected Cable or Satellite Set-top Boxes to the HDTV…

1. Press the (S) button on the side of the HD Display or the SOURCE button on the remote control and you will see the picture above.
2. Use ▲▼ buttons to select the source you want to switch to and press the ENTER button in the middle of the ▲▼ buttons.
3. **If you have connected coax cable (the cable with a needle in the middle and a ring to tighten the connection) from the box to the display, you'll need to change to the correct channel. Make sure your source is TV and press 3 and ENTER on the display's remote. If that does not work you'll need to connect your Satellite or Cable Company for support.**

   Please Note:
   - Not all broadcasts are in High Definition (HD). Please refer to your local broadcasting stations for more information.
   - The HD Display's tuner is designed for HD Display therefore requires a stronger signal than normal Displays. If you cannot achieve that signal level with your antenna or cable**, your HD Display might lose picture or sound.**
   - **HDMI doubles as a MHL enabled port, so if you have a cell phone that supports the Mobile High-definition Link, you can purchase a MHL cable and connect it to HDMI.**
   - **HDMI supports MHL devices such as ROKU MHL streaming stick device.**
   - **DVD source only available with optional built in DVD player.**

Call Us If You Need Help!

Products are often returned due to a technical problem rather than a defective product that may result in unnecessary shipping charges billed to you. Our trained support personnel can often resolve the problem over the phone or email. For more information on warranty services or repairs after the warranty period, please contact our support department at the number below.

For technical help, contact our Technical Support Group via email or phone. **Please have your Product Number (P/N), Serial Number (S/N), and date of purchase available before you call.**

Operation Hours: Mon - Fri at 8:30 AM – 5:30 PM (PST)
Tech Support E-mail: SceptreTS@Sceptre.com

SCEPTRE Remote Control

Please insert two AAA batteries into the remote control. Make sure that you match the (+) and (-) symbols on the batteries with the (+) and (-) symbols inside the battery compartment. Afterwards, re-attach the battery cover.

Please note:

- Only use AAA batteries.
- Do not mix new and old batteries. This may result in cracking or leakage that may pose a fire risk or lead to personal injury.
- Inserting the batteries incorrectly may also result in cracking or leakage that may pose a fire risk or lead to personal injury.
- Dispose the batteries in accordance with local laws and regulations.
- Keep the batteries away from children and pets.
- If the remote control is not used for a long time, remove the batteries.
- Keep the remote control away from moisture, sunlight, and high temperatures.

1 4 4 0 2 1 1 2 0 9 9 1 K

This remote control follows SONY's universal remote code. To find the actual code you need to consult your cable or satellite tech support.

GENERAL FUNCTION BUTTONS

1. POWER – Turns the display on or off.
2. INFO – Shows the display info.
3. FREEZE – Press this button to freeze current picture.
4. SLEEP – Turns the display off in a specific set of time dependent on your selection.
5. CC – Cycles between different closed captioning modes.
6. MTS – Selects stereo, mono, or second audio programming.
7. FAVORITE – Gives you your list of favorite channels.
8. ADD/DEL – Adds or Deletes current channel from favorite list.
9. FAV(-) – This button changes to the previous favorite channel.
10. FAV(+) – Press this button to change to the next favorite channel.
11. NUMBER BUTTONS (0-9) – Press 0-9 to select a TV channel directly when you are watching the display. The channel will change after 2 seconds.
12. (-) – Inserts the dash for selecting digital channels directly.
13. R – Returns to the previous channel.
14. PICTURE – Selects various preset picture settings.
15. MUTE – Turns the sound off from the display. To un-mute either press VOL(+) or press the MUTE button again.
16. VOL(+)/VOL(-) – Press the VOL buttons to increase or decrease the sound level.
17. CH(+)/CH(-) – Press the CH buttons to switch to the next or switch to the previous channel.
18. SOUND - Selects various preset sound settings.
19. ASPECT – This button changes the picture's cropping method.
20. GUIDE – Opens the current digital channel information guide **(antenna only)**.
21. SOURCE – Press this button to cycle through INPUT source.
22. ▲/▼/◄/► /ENTER – These directional buttons allow you to move around in the display's menu. Press the ENTER button when you want to select a particular option. Under ROKU™ these buttons have the same functionality.
23. MENU – Brings up the main display menu on the screen.
24. EXIT – Exit the main display menu on the screen. Under ROKU™ this button functions as the return button, returning to the previous screen.
25. TV – This button select the source TV.
26. USB – Launches the USB reader function for images and music.
27. YPBPR – This button switches the source to YPbPr.
28. HOME / MHL – This button selects the source HDMI for MHL connection or regular HDMI connection. The button while using a ROKU™ product will return any current running program back to the ROKU™ home screen.
29. REWIND – Under ROKU™ this button rewinds the current video being played.
30. PLAY / PAUSE – Under ROKU™ this button plays or pauses the current video being played.
31. FAST FORWARD – Under ROKU™ this button plays the current video at a faster pace.
32. STAR (*) – Under ROKU™ this button gives the info on the ROKU™ MHL Streaming Stick.

The following buttons are functions designed to work with the optional, Sceptre Sound Bar.
33. POWER – This button turns on the sound bar.
34. SOURCE – This button selects the sound bar's source.
35. MODE – This button selects the sound bar's sound modes.
36. VOL(-) – This button decreases the volume of the sound bar.
37. VOL(+) – This button increases the volume of the sound bar.

Please Note:
- The remote supports MHL ROKU™ stick with **PURPLE** buttons under the source HDMI.
- Buttons encircled by the word SOUND BAR are to be used with a Sceptre's sound bar only.

*optional DVD remote: This remote control follows SONY's universal remote code. To find the actual code you need to consult your cable or satellite tech support.

1. POWER – Turns the TV on or off.
2. INFO – Shows the display info.
3. FREEZE – Press this button to freeze the picture on the screen.
4. SLEEP – Turns the TV off in a specific set of time dependent on your selection.
5. CC – Cycles between different closed captioning modes.
6. MTS – Selects stereo, mono, or second audio programming.
7. FAVORITE – Gives you, the favorite channels list.
8. ADD/DEL – This button adds or deletes a channel from the favorite channels list.
9. NUMBER BUTTONS (0-9) – Press 0-9 to select a TV channel directly when you are watching TV. The channel will change after 2 seconds. For switching DVD chapters over 100 the 0 button acts as the 100 button, so press the 0 button twice to get that chapter.
10. (-)– Inserts the dash for selecting digital channels directly.
11. R – Returns to the previous channel. For switching DVD chapters over 100 the R button acts as the 100+ button, so press the R button and the number you want to switch to. For example for chapter 125 you would press R and 2 and 5 for the combination of 125.
12. PICTURE – Selects various preset picture settings.
13. SOUND – Selects various preset sound settings.
14. VOL(+) / VOL(-) – Press the VOL buttons to increase or decrease the sound level.
15. CH(+)/CH(-) – Press the CH buttons to go through the channel list.
16. MUTE – Turns the sound off from the TV. To unmute either press VOL(+) or press the MUTE button again.
17. ASPECT – Selects different viewing modes of the TV.
18. GUIDE – Opens the current digital channel information guide (**antenna only**).
19. MENU – Brings up the main TV menu on the screen.
20. ▲/▼/◄/►/ENTER – These directional buttons allow you to move around in the TV's menu and the DVD's menu. Press the ENTER button when you want to select a particular option.
21. SOURCE – Press this button to cycle through the INPUT source.
22. EXIT – Exit the main TV menu on the screen.
23. AUTO EJECT – Press this button to open or close the DVD player.
24. D.MENU – Shows the menu of the DVD disc.
25. DVD – Press this button to go to the DVD source.
26. ►/‖ – Play/pause button in DVD mode.
27. ■ – Stop button in DVD mode.
28. REPEAT – Press this button for repeat the program.
29. AB – Press this button for repeat play point A and B
30. PREVIOUS CHAPTER – Press this button to select the DVD's previous chapter.
31. REWIND – Press this button to reverse the DVD movie to a previous scene.
32. FAST FOWARD – Press this button to fast forward the DVD to the next scene.
33. NEXT CHAPTER – Press this button to select the DVD movie's next chapter.
34. D.SETUP – Press this button to setup the disc in DVD mode.
35. TITLE – Press this button to go to the title menu if the DVD you're watching has a title page.
36. SUBTITLE – Displays the subtitle.
37. AUDIO – Press to select TV sound option.

Please Note:
- **To insert, eject a disc from the DVD player, to use any functions on the DVD you must press the DVD button first.**
- **This display does not support QAM function. You need to have a digital cable box in order to receive cable channels.**
- **The remote picture might be different from the actual remote. Please refer to the user manual on our website http://www.sceptre.com**

INSERTING A DVD *optional

With the display turned on and the DVD button pressed from the display remote, you can now insert the DVD disc you want to play. **When you are facing the front of the display, insert the DVD disc with the side that is labeled with the movie title facing away from you.**

DVD Drive Buttons

1. **EJECT** – Press this button to eject the DVD disc.
2. **PLAY / PAUSE** – Press this button to play the DVD disc or to pause the DVD disc.

FCC Compliance

This device complies with Part 15 of the FCC Rules.
Operation is subject to the following conditions:
This device may not cause harmful interference
This device must accept any interference received, including interference that may cause undesired operation.

Please Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and the receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Caution: To comply with the limits for an FCC Class B computing device, always use the signal cord and power cord supplied with this unit.

The Federal communications Commission warns that changes or modifications to the unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

European Notice
Products with the CE marking comply with both the EMC Directive (89/336/EEC), (93/68/EEC) and the Low Voltage Directive (72/23/EEC) issued by the Commission of the European Community.

SAFETY INSTRUCTIONS

Electricity is used to perform many useful functions, but it can also cause personal injuries and property damage if improperly handled. This product has been engineered and manufactured with the highest priority on safety. However, improper use can result in electric shock and / or fire. In order to prevent potential danger, please observe the following instructions when installing, operating and cleaning the product. To ensure your safety and prolong the service life of your Liquid Crystal Display, please read the following precautions carefully before using the product.

1. Read & Keep these instructions.
2. Heed all warnings.
3. Follow all instructions.
4. Do not use this apparatus near water.
5. Clean only with dry cloth.
6. Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.
7. Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
8. Do not defeat the safety purpose of the polarized or grounding-type plug. A polarized plug has two blades with one wider than the other. A grounding type plug has two blades and a third grounding prong. The wide blade and the third prong are provided for your safety. If the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.
9. Protect the power cord from being walked on or pinched particularly at the plugs, convenience receptacles, and the point where they exit from the apparatus.
10. Only use attachments/accessories specified by the manufacturer.
11. Use only with the cart, stand, tripod, bracket, or table specified by the manufacturer, or sold with the apparatus. When a cart is used, use caution when moving the cart/apparatus combination to avoid injury from tip-over.
12. Unplug this apparatus during lightening storms or when unused for long periods of time.
13. Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.

IMPORTANT INFORMATION

WARNING: TO REDUCE THE RISK OF FIRE OR ELECTRIC SHOCK, DO NOT EXPOSE THIS PRODUCT TO RAIN OR MOISTURE.

CAUTION
RISK OF ELECTRIC SHOCK
DO NOT OPEN

CAUTION: TO REDUCE THE RISK OF ELECTRIC SHOCK, DO NOT REMOVE COVER (OR BACK). NO USER-SERVICEABLE PARTS INSIDE. REFER SERVICING TO QUALIFIED SERVICE PERSONNEL.

The lightning flash with arrow-head symbol, within an equilateral triangle, is intended to alert the user to the presence of uninsulated "dangerous voltage" within the product's enclosure that may be of sufficient magnitude to constitute a risk of electric shock to persons.

The exclamation point within a triangle is intended to alert the user to the presence of important operating and maintenance (servicing) instructions in the literature accompanying the product.
