A welcome from Chief Constable Alastair McWhirter

Welcome to Police Aviation 2006. This meeting, to be held in London on the 14-15 November 2006 will provide a focused opportunity for an exchange of ideas and for networking in this important field of police work.

Subjects as diverse as acquisition, homeland defence, tactical personnel insertion, night operations and engineering, will be presented and discussed. Speakers will bring views from the UK Association of Chief Police Officers, the Home Office and UK police forces and from Italy, Germany, the Netherlands and the USA. All this combined makes for a truly cosmopolitan event which will embrace the world of police aviation on an international scale.

I wish the delegates a most rewarding and fulfilling meeting at a time when more than ever police aviation operations around the world are being called upon, and for
