FOREWORD

211 Texas at United Way of Tarrant County is pleased to make available this downloadable edition of the **2015 Blue Book Directory of Community Resources**.

It is our hope that this directory will continue to facilitate accurate and easy referral of persons in need of services to the nonprofit and governmental agencies which can be accessed by Tarrant County residents. Preparation of this publication is a cooperative effort of the agencies and organizations listed. Numerous attempts are made to eligible agencies to ensure their inclusion in the directory. We wish to thank all those who responded in a timely manner to our request to review and update their agency's data. Some services may have been omitted inadvertently or for lack of information at publication deadline, and this we regret.

We urge each agency to report changes or additions to 2-1-1 which helps us to keep the public up-to-date on the many services that exist in our community. Revisions may be reported by phone, mail, fax or online at www.tarrantcounty211.org. All inquiries regarding this directory may contact:

A Word from United Way's CEO:

United Way's mission to improve lives in the local community through education, income and health has always been built on the dedication of Tarrant County residents to work together. People from all walks of life invest their time, money and talent in United Way because they want the best possible lives for those who call this area home.

This spirit of collaboration is also evident in hundreds of other health and human service organizations that selflessly serve people in need. United Way and its 2-1-1 information and referral service publish the Blue Book Directory of Community Resources to provide a current and comprehensive overview of the assistance these organizations provide. Along with United Way, they are creating a stronger and healthier community.

Sincerely,

A handwritten signature in blue ink that reads "Tim McKinney". The signature is written in a cursive, flowing style.

Tim McKinney
