To Students, Parents and Guardians:
Week 5 and 6 Packets will be mailed
out the week of April 27th
Week 7 and 8 Packets will be mailed
out the week of May 11th.

2nd, 3rd, 4th, and 5th Grades

Your child should spend up to 60 minutes over the course of each day on this packet. Consider other family-friendly activities during the day such as:

<p>One Sentence Story:</p> <p>One person starts the story with one sentence, then each member adds one sentence when it is their turn.</p>	<p>Plan an indoor or outdoor family picnic.</p>	<p>Discuss where you notice in your body that you are feeling nervous. Discuss 2 ways you will address that feeling. Such as taking deep breathes and talking to parent.</p>	<p>Help with yardwork.</p> <p>Take a nature hike.</p>
<p>Mindful Minute: Take 3 deep breathes and focus on the sounds in the room.</p>	<p>Watch a YouTube video on mindfulness with Mind Yeti.</p>	<p>Read a book together.</p>	<p>Do a family workout together (run in place, jumping jacks etc.) Need help. Search for P.E. for Joe</p>

**All activities are optional. Parents/Guardians please practice responsibility, safety, and supervision.*

For students with an Individualized Education Program (IEP) who need additional support, Parents/Guardians can refer to the Specialized Instruction and Supports webpage, contact their child’s IEP manager, and/or speak to the special education provider when you are contacted by them. Contact the IEP manager by emailing them directly or by contacting the school. The Specialized Instruction and Supports webpage can be accessed by clicking [HERE](#) or by navigating in a web browser to <https://www.usd259.org/Page/17540>

Alone Time, Together Time

What do you like to do? What do you enjoy doing by yourself? Have you tried something new with your friends?

Maybe you like to read alone. Sometimes it's fun to read together.

Beth was playing alone with blocks. Then her dog wanted to cheer her up. His tail wagged. It made Beth's block building fall down. Her building was spoiled, but Beth was happy.

Two friends were having fun together. They were playing a game. Then the girl's mother came to get her. The girl was going home. What will the boy do now?

A birthday is a good reason to be with friends. A cake and some presents are for a party. Everyone has fun.

It's fine to be alone sometimes. When you are alone, it is quiet. You can think. It's fine to be with friends sometimes, too, and it is fun to play together.

Draw a picture of a friend.

Write about 3 things you like to do with your friend.

A Walk Around a City

Let's take a walk around a city. We'll start by walking down this street. Look to your left. Do you see the clothing shop? I like the shirt and pants in the window.

Turn here. Let's walk down a different street. Look to your right. Do you see the park? It has trees and benches. Should we take a break?

Let's go again. Look to your right. Do you see the music store? Do you want to buy a guitar? No. How about a set of drums?

Now walk straight ahead. Do you see the diner? I am hungry. I think it's time to eat. Let's get a yummy snack!

To the teacher: Read the directions and questions with children. Passages and answer choices should be read independently.

Go outside and sit.

Draw and label or make a list of all
the things that you see.

PWIM

Label the picture with words that you know. On the back write 5 sentences about the picture.

On the Farm

It's never boring on a farm. You wake up very early every morning. It may still be dark outside!

What do you do first? You go to milk the cows. After that, you check out the chicken coop. The hens' eggs are delicious! You keep some and sell the rest at a farm stand.

Then you look in on the pigs. They are always loud. Sometimes they fight over their food!

By this time, you are really hungry. What do you have for breakfast? You eat some of the eggs that the hens just laid!

If it's a school day, you run to catch the school bus. If it's not a school day, you go into the garden. Some vegetables or fruits might be ready for picking.

You have eaten dinner and done your homework. You are tired as you climb into bed!

Before you know it, it's time to get up. The cows are waiting for you. There's never a dull moment on the farm!

Look at the farm picture.

Write about 3 things you can do or see at the farm.

Vines from climbing, grass from growing,
Birds from singing, winds from blowing,
Buds from blooming, crickets humming
Sunbeams dancing, raindrops drumming.
All the world is whirling, dizzy
Nature is very busy!

A Frog's Life

How does a frog begin its life?

It begins as a very small egg.

In about ten days, a tadpole hatches.

The tadpole lives in water.

It uses its tail to swim like a fish.

It has gills to help it breathe.

It eats many plants in the water.

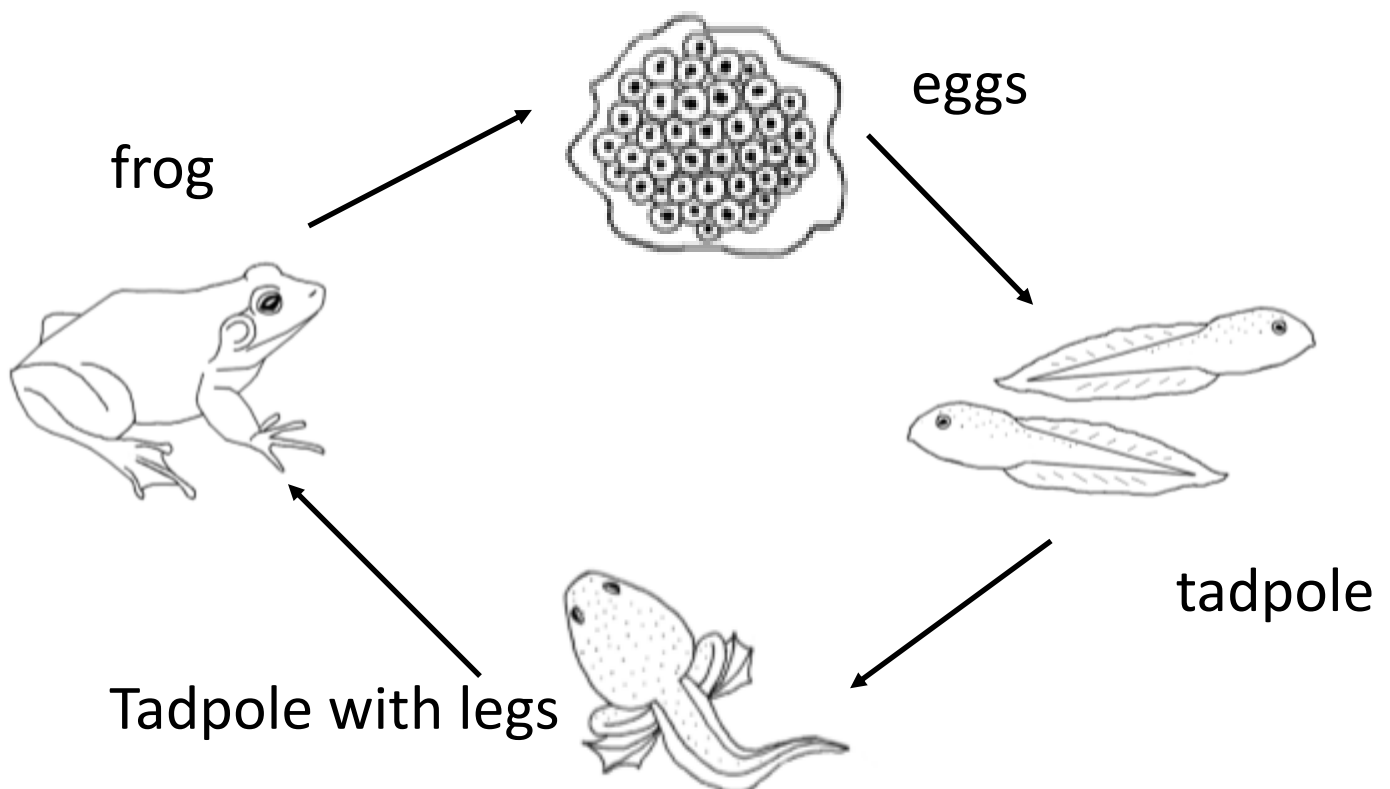

After five weeks, the tadpole grows lunch.

It does not have gills any more.

In about six more weeks, the frog grows legs.

It does not have a tail any more.

Now the frog can live on land.
