Communication

Whether it's in a written email, a meeting, presentation, or simply a conversation with a co-worker, effective communication is an important skill all employees need to master.

In the Go1 Content Hub, you'll find courses on many aspects of workplace communication, including negotiation, delegation, and how to make meetings as productive, engaging and efficient as possible.

- Communication key messages
- Communication techniques for web-based presentations
- Honing HR communication
- Communicating in a diverse world
- Communicating vision to your employees
- Interviewing basics
- Listening skills
- Presenting with confidence
- Preparing for a customer service call
- Polishing your feedback skills
- Non-verbal communication skills
- *More courses available and regularly added*

OLIVER

"The decision to work with Go1 was due to the massively extensive library available as part of the per person license fee. The huge variety has meant that as a business we've been able to be extremely agile."

Emmett Pink, Head of Management Development & Training, Oliver Agency

Compliance

Ongoing compliance training is the best way to meet your legal obligations and protect your business, while keeping staff up-to-date on important workplace policies and standards.

Explore a huge range of online training materials covering all aspects of compliance – from employee health and safety, to workplace harassment and discrimination, as well as social media usage and data security.

- Apply safe work practices
- Ergonomics
- Internet and email policy
- Employee dismissal
- Mandatory data breach reporting
- Code of conduct
- Open disclosure/continuous disclosure
- Anti-bribery and anti-corruption
- Conflicts of interest
- Bullying, harassment, and sexual harassment
- Managing workplace information
- Safeguarding mobile devices
- GDPR
- Privacy and data protection
- Information security awareness
- Social media in the workplace
- Aged Care compliance
- *More courses available and regularly added*

Customer service

Go1 offers a large selection of customer service content that can provide your staff with the knowledge and skills they need to deliver good customer service.

In the Go1 Content Hub, you'll find courses covering all areas of customer service, including developing good rapport with customers, building customer loyalty, improving listening skills, handling objections, and treating customers fairly.

- Quality customer service skills
- Point-of-sale handling procedures
- Building rapport
- Internal customer service
- Developing a customer service strategy
- Customer service in Aged Care
- Customer success and growth
- Handling customer complaints
- Service gap analysis
- Keeping customers informed
- Meeting customer needs
- Operating retail technology
- Working effectively in a retail environment
- *More courses available and regularly added*

Finance

Taking some time to learn basic finance skills will help staff to feel more confident in managing expenditure, creating reports and balancing the books.

The Go1 Content Hub has online training materials to cover all aspects of finance – from basic accounting concepts and principles, to preparing financial statements and closing accounts, as well as managing inventory and receivables, and analysing financial reports.

- Key accounting concepts and principles
- Basic accounting concepts for non-financial professionals
- Preparing financial statements and closing accounts
- Recording, posting, and balancing the books
- Comprehending financials: a guide to financial statements
- Xero
- Stockbroking/share market
- Finance and the law
- Presenting financials
- Analysing financial reports
- Understanding balance sheets
- Debt and equity
- *More courses available and regularly added*

Health and safety

Employee health and safety training should be a top priority for every business. How are you training your staff, to reduce the risk of accidents and injuries in your workplace?

Go1 offers a wide range of online training courses, covering all aspects of workplace health and safety such as fire safety, manual handling, electrical hazards, and risk assessment, while learning the importance of WHS procedures.

- Work health and safety legislation
- First aid principles
- General evacuation training
- Chemical hazards
- Monitoring procedures and equipment
- Occupational health and safety fundamentals
- Confined spaces hazard guide
- Office ergonomics
- Safety audits
- Fire prevention
- Active shooter
- Food hygiene and safety
- Manual tasks
- Eye safety
- Fall protection in construction
- Rigging safety in construction
- From risk assessment to accident investigation
- Warehouse safety
- Aged Care WH&S
- *More courses available and regularly added*

Health and wellbeing

It's important to know how to support employee health and wellbeing in the workplace, to provide assistance to staff and encourage a safe and positive work culture for all.

Through online training courses, staff can learn all kinds of important techniques and practical tips to improve their overall wellbeing, including how to reduce distractions, build resilience, manage stress and/or anxiety in the workplace, and focus on priorities to take back their day.

- Wellbeing in the workplace
- Mental health
- Maintaining work/life balance
- Coping with stress and anxiety
- Building resiliency
- Establishing a positive work environment
- *More courses available and regularly added*

“When we came across Go1 we were amazed at the amount of courses that they had on offer. We also saw providers that we were having conversations with prior, and saw that they were already in the Go1 library. So it became a one-stop-shop for all our eLearning.”

Sulman Bajwa, Learning Design and Technology Lead, Surrey County Council

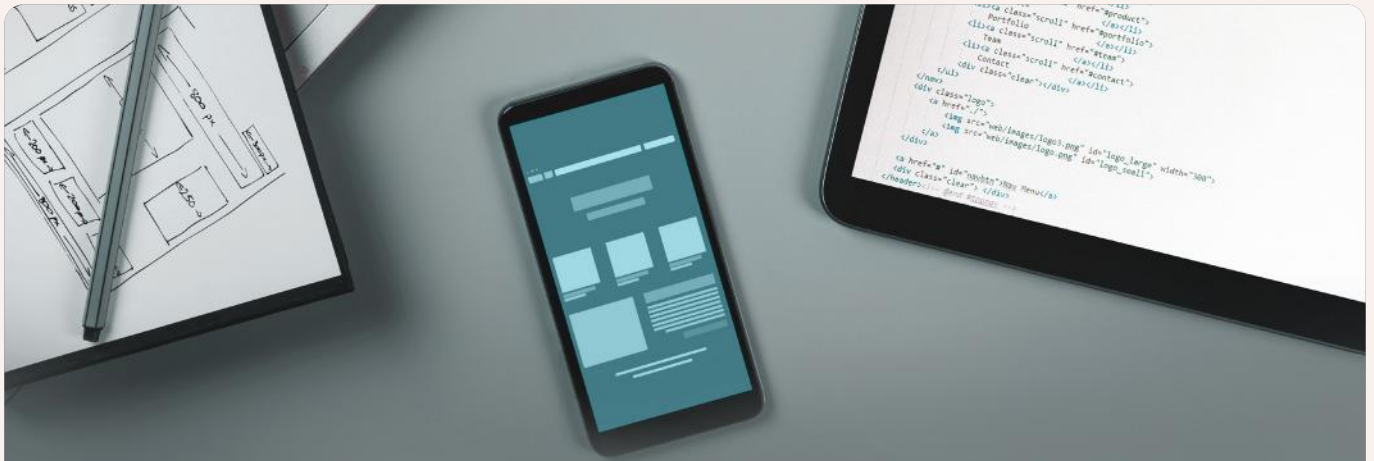

Human resources

Empower your human resources team with the right HR training technology, to help them improve the way they hire, onboard, train and manage your employees.

In the Go1 Content Hub, you'll find online training courses on all aspects of human resources, such as creating professional development programs, supporting employees in the workplace, giving effective feedback, managing workplace conflict or misconduct, and delivering workplace policies to other teams.

- Building employee skills
- Conducting professional interviews
- Creating a strong team culture
- Workplace rules and policies
- Performance review
- Working with a diverse team
- Dealing with workplace conflict
- Decreasing employee turnover
- Employee rights
- Succession planning
- Employee contract fundamentals
- Grievance procedures
- *More courses available and regularly added*

IT skills

Help employees to feel more confident in their IT skills, to improve their efficiency and productivity, while keeping company data safe and secure.

Enrol your staff in data privacy and information security training, covering topics such as cyber security awareness, secure document sharing with mobile devices, protecting against malware, and understanding two-factor authentication and strong passwords.

- Secure document sharing with mobile devices
- Configuring devices
- Cyber security awareness
- Wordpress for web development
- Programming for beginners
- Intro to web development (CSS, Javascript, HTML)
- Managing big data in your organisation
- Protecting against malware
- Strong passwords
- Two-factor authentication
- ITIL service management
- Google drive
- Salesforce Lightning
- Digital collaboration with Office 365
- *More courses available and regularly added*

Leadership

Successful companies recognise the need to develop strong leaders. Support your employees as they take their career to the next level with effective leadership training.

In the Go1 Content Hub, you'll find online courses on guiding and motivating team members, building trust, becoming a reliable leader with integrity, foreseeing (and resolving) problems and issues, encouraging teams to work toward shared goals, and more.

- Effective decision making
- Building innovation cultures and leaders
- Keeping top performers challenged
- Leveraging emotional intelligence
- Managing for cross-functionality
- Career and family challenges for women leaders
- Succession planning
- Leadership in Aged Care
- Communicating vision to your employees
- Assessing your own leadership performance
- *More courses available and regularly added*

Management

Being a good manager is something that can be continually developed and improved upon – and online training is one of the best way to help employees build their management skills.

Explore hundreds of online training courses on topics such as providing feedback, developing employees, effective decision making, performance management, and using the SMART approach to goal setting.

- Essential management skills
- Managing remote teams
- Managing diverse teams
- Creating a plan for performance management
- Managing motivation during organisational change
- Managing Generation Y
- Accelerating goal achievement
- Management for the Aged Care industry
- Building trust with employees
- How to manage difficult conversations
- Inform and inspire your team

- One on ones with your boss
- *More courses available and regularly added*

Marketing and advertising

For marketing and advertising professionals, working in a fast-paced industry, it's important to keep up-to-date with the latest industry trends and developments.

Providing team members with access to ongoing training will help them stay in step with current industry trends, allowing them to continually improve the way in which your business is reaching, engaging and converting audiences.

- Product promotion
- Digital marketing
- Marketing mix
- Strategic marketing
- Influence and persuasion
- Developing a communication strategy
- *More courses available and regularly added*

CityFibre

“Go1 plays a really large role in the business. Whenever we need something, that’s where we go! I haven’t reached a point where I haven’t been able to find what I need.”

Rachael Barker, L&D Manager, CityFibre

Personal development

Personal development training can help to unlock an employee's potential, encouraging them to discover new skills that will enhance their work and personal life.

Personal development training is the best way to help employees improve their productivity and time management skills, develop stronger communication and collaboration techniques, and even learn how to manage stress.

- Networking
- Time management
- Increasing productivity and efficiency
- Identify your skill gaps
- Presentation skills
- Working in a team
- Giving positive and constructive feedback
- Advancing your career
- Building relationships with colleagues
- *More courses available and regularly added*

Project management

Project management training can help provide employees with an understanding of the steps they need to follow to successfully deliver, close, and evaluate a project from start to finish.

Through online training, employees can cover all aspects of project management, including how to create objectives, prioritise goals, organise tasks, and time manage projects – while also sticking to budgets and available resources.

- Project closure
- Setting project goals
- Project management for non-project managers
- Understanding critical path analysis
- How to estimate work
- Strategic delegation
- Using Microsoft Project
- SWOT analysis
- AgilePM Project Management
- Evernote for Project Management
- Six Sigma techniques
- Ethics and project management
- Working with status reports
- More courses available and regularly added

Sales

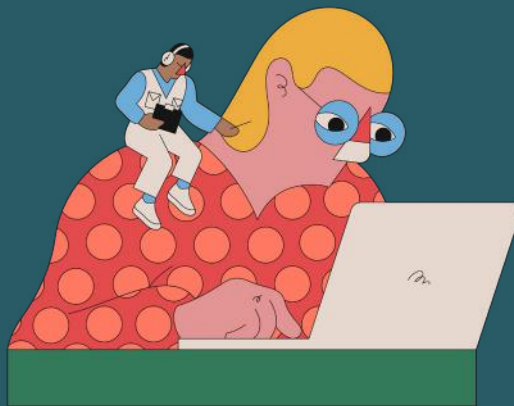

Want to see more positive results from your sales team? Help your employees to improve and develop their sales skills with online training courses from the Go1 Content Hub.

- Outbound calling
- *More courses available and regularly added*

Transformational learning

Timely, relevant, and engaging recommendations

Go1 understands that you have unique training requirements, so we work with you to ensure only the most relevant, curated recommendations are presented to you and your learners, in line with your L&D priorities.

Delivered in your existing system, or in ours

If you have an existing platform to deliver learning, the Go1 Content Hub seamlessly plugs in to hundreds of LMSs, HRISs, and Apps at the touch of a button. If you're still seeking the right platform to deliver your learning, the Go1 Platform is available as a standalone SCORM-compliant solution.

Unlimited access for a single subscription

Access many providers in the Go1 Content Hub for a single, low price, without the hassle of juggling multiple vendors. The Go1 Content Hub is offered through a Premium annual subscription. With Go1, there is no need to compromise versatility, quality or delivery.

Go1 helps millions of people in thousands of organisations engage in learning that is relevant, effective and inspiring.
