AACE Clinical Case Reports

Official Journal of the American Association of Clinical Endocrinology

Open Access

Editor-in-Chief

Sina A. Jasim, MD, MPH
St. Louis, Missouri, United States

Aims and Scope

AACE Clinical Case Reports is an online journal that publishes case reports with accompanying commentaries six times a year. The primary mission of the journal is to present the most up-to-date information for practicing endocrinologists, fellows in endocrinology and health care professionals dealing with endocrine disorders including diabetes, obesity, osteoporosis, thyroid and other general endocrine disorders.

elsevier.com/locate/accr

Annales d'Endocrinologie

Editor-in-Chief

Michel Pugeat, MD, PhD
Civil Hospices of Lyon, Lyon, France

Aims and scope

The Annales d'Endocrinologie, mouthpiece of the French Society of Endocrinology (SFE), publishes reviews, articles and case reports coming from clinical, therapeutic and fundamental research in endocrinology and metabolic diseases.

elsevier.com/locate/ando

Best Practice & Research: Clinical Endocrinology & Metabolism

Editor-in-Chief

Ashley Grossman, FMedSci

University of Oxford, Oxford, United Kingdom

Aims and scope

Best Practice & Research Clinical Endocrinology & Metabolism is a topical serial publication integrating the results from the latest original research into practical, evidence-based review articles that seek to address the key clinical issues of diagnosis, treatment and patient management.

elsevier.com/locate/beem

Bone

Editor-in-Chief

Sundeep Khosla

Mayo Clinic, USA

Aims and scope

BONE is an interdisciplinary forum for the rapid publication of original articles and reviews on basic, translational, and clinical aspects of bone and mineral metabolism.

elsevier.com/locate/bone

Bone Reports

Official Journal of the European Calcified Tissue Society

Co-Editors-in-Chief

Jane Aubin

University of Toronto, Canada

David Burr

Indiana University, USA

Aims and scope

Bone Reports is an interdisciplinary forum for the rapid publication of original Research articles and case Reports across basic, translational and clinical aspects of bone and mineral metabolism.

elsevier.com/locate/bonr

Open
Access

Canadian Journal of Diabetes

Official Journal of Diabetes Canada

Editor-in-Chief

Elizabeth Sellers, MD MSc FRCPC

University of Manitoba, Winnipeg, Manitoba, Canada

Aims and scope

The *Canadian Journal of Diabetes* is Canada's only diabetes-oriented, peer-reviewed, interdisciplinary journal for diabetes health-care professionals.

elsevier.com/locate/cjd

Current Opinion in Endocrine and Metabolic Research

Co-Editors-in-Chief

Karen Elizabeth Chapman

Queen's Medical Research Institute, UK

Vassilios Papadopoulos

University of Southern California, USA

Aims and scope

Current Opinion in Endocrine and Metabolic Research is an integrative review journal that provides a unique and educational platform for updates on recent advancements in cutting-edge research in the fields of basic, translational and clinical endocrinology and metabolism.

elsevier.com/locate/coemr

Cytokine

Editor

Dr. Dhan Kalvakolanu

Aims and scope

The journal *Cytokine* has an open access mirror journal *Cytokine: X*, sharing the same aims and scope, editorial team, submission system and rigorous peer review.

elsevier.com/locate/cytokine

Cytokine: X

Editor

Dr. Dhan Kalvakolanu

Aims and scope

Cytokine and *Cytokine: X* have the same aims and scope. A unified editorial team manages rigorous peer-review for both titles using the same submission system.

elsevier.com/locate/cyttox

Open
Access

Cytokine & Growth Factor Reviews

Editor

J. Hiscott

Pasteur Laboratories Pasteur Institute, Rome, Italy

Aims and scope

Cytokine & Growth Factor Reviews publishes thought-provoking articles (critical reviews, state-of-the-art reviews, letters to the Editor, meeting reviews) devoted to important advances in the rapidly changing fields of growth factor and cytokine research.

elsevier.com/locate/cytogfr

Diabetes & Metabolic Syndrome: Clinical Research & Reviews

Editor-in-Chief

Professor Anoop Misra

Aims and scope

Diabetes and Metabolic Syndrome: Clinical Research and Reviews aims to reach out to healthcare professionals, diabetes educators and other stakeholders, providing them with a global platform to submit their research on diabetes care.

elsevier.com/locate/dsx

Diabetes & Metabolism

Editor-in-Chief

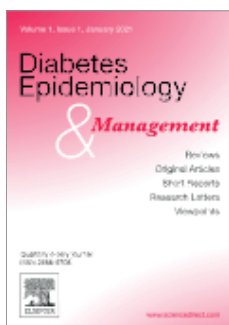

Fabrice Bonnet

University Hospital Rennes, Rennes, France

Aims and scope

A high quality scientific journal with an international readership official publication of the SFD, *Diabetes & Metabolism*, publishes high-quality papers by leading teams, forming a close link between hospital and research units.

elsevier.com/locate/diabet

Diabetes Epidemiology & Management

Spin off title published in association with Diabetes & Metabolism

Editor-in-Chief

Fabrice Bonnet

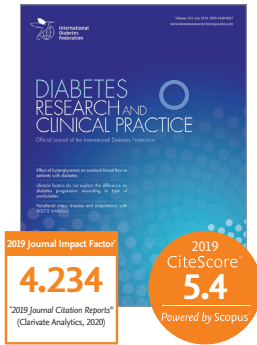

University Hospital Rennes, Rennes, France

Aims and Scope

Diabetes Epidemiology & Management is a peer-reviewed gold open-access e-only publication. The journal welcomes original articles, reviews and meta-analyses, pilot studies, reports that assess drug and medical device safety and tolerability in all phases of development. The Editors will especially encourage the publication of real-world data and papers on digital technologies, medical devices for diabetes using the data driven approach based on artificial intelligence, leading to remote monitoring and thus be able to cover new grounds with the journal.

elsevier.com/locate/deman

Open
Access

Diabetes Research and Clinical Practice

Official Journal of International Diabetes Federation

This is a Transformative Journal

Editor-in-Chief

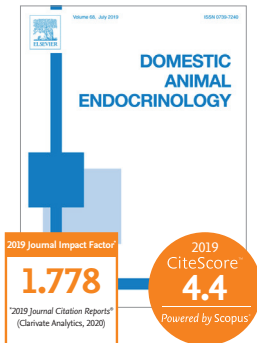

A. Ceriello, MD

Gruppo MultiMedica, Sesto San Giovanni (MI), Italy

Aims and scope

Diabetes Research and Clinical Practice is an international journal for health-care providers and clinically oriented researchers that publishes high-quality original research articles and expert reviews in diabetes and related areas.

elsevier.com/locate/diabres

Domestic Animal Endocrinology

Editors-in-Chief

Rodolfo Cardoso

Texas A&M University Department of Animal Science, United States

Xavier Donadeu

The University of Edinburgh The Roslin Institute, United Kingdom

Aims and scope

Domestic Animal Endocrinology publishes scientific papers dealing with the study of the endocrine physiology of domestic animal species. Those manuscripts utilizing other species as models for clinical or production problems associated with domestic animals are also welcome.

elsevier.com/locate/domaniend

Drug Resistance Updates

Editor-in-Chief

Y G Assaraf

Technion - Israel Institute of Technology, Haifa, Israel

Aims and scope

Drug Resistance Updates is a bimonthly publication that contains thought-provoking reviews on important developments in drug resistance in infectious disease and cancer as well as novel drugs and strategies to overcome drug resistance.

elsevier.com/locate/drug

Endocrine and Metabolic Science

Open
Access

Co-Editors-in-Chief

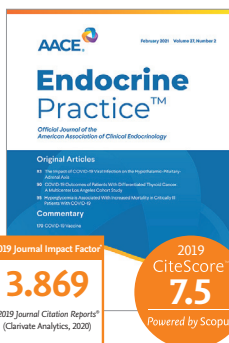

Fady Hannah-Shmouni
Trillium Health Partners, Canada

Zeynep Madak-Erdogan
University of Illinois at Urbana-Champaign, USA

Aims and Scope

Endocrine and Metabolic Science is a broad-scope, open access journal accepting basic, translational and clinical original articles, reviews, clinical trials and case reports on all aspects of endocrinology and metabolism.

elsevier.com/locate/endlmts

Endocrine Practice

Official Journal of the American Association of Clinical Endocrinology

Editor-in-Chief

Vin Tangpricha, MD, PhD, FACE
Atlanta, Georgia, United States

Aims and Scope

Stay on the leading edge of treatment of patients with endocrine diseases. *Endocrine Practice*, AACE's official journal, is peer-reviewed, published twelve times a year, and contains original articles, review articles, commentaries, editorials, and visual vignettes. Clinical endocrinologists worldwide rely on *Endocrine Practice*. Look for special issues of *Endocrine Practice* for the latest AACE clinical practice guidelines, consensus statements, position statements and more.

elsevier.com/locate/eprac

Endocrinología, Diabetes y Nutrición (English ed.)

Official journal of the Sociedad Española de Endocrinología y Nutrición (SEEN) and the Spanish Society Sociedad Española de Diabetes (SED)

Editor in Chief

Dr. Carles Zafón Llopis

Hospital Universitario Vall d'Hebron, Barcelona, Spain

Aims and Scope

The aim of the journal is to improve knowledge and be a useful tool in practice for clinical and laboratory specialists, trainee physicians, researchers, and nurses interested in endocrinology, diabetes, nutrition and related disciplines. It is an international journal published in Spanish (print and online) and English (online), covering different fields of endocrinology and metabolism, including diabetes, obesity, and nutrition disorders, as well as the most relevant research produced mainly in Spanish language territories.

elsevier.com/locate/endien

Frontiers in Neuroendocrinology

Editor

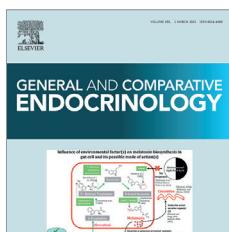

Liisa Galea

University of British Columbia, Canada

Aims and scope

Frontiers in Neuroendocrinology (FIN) is comprised of comprehensive review articles, systematic reviews, opinion pieces, and meta-analyses.

General and Comparative Endocrinology

Co-Editors-in-Chief

Deborah Power

Universidade do Algarve (UAlg), Portugal

Mark Sheridan

Texas Tech University, USA

Aims and scope

General and Comparative Endocrinology publishes articles concerned with the many complexities of vertebrate and invertebrate endocrine systems at the sub-molecular, molecular, cellular and organismal levels of analysis.

Hormones and Behavior

Editor

Cheryl McCormick

Brock University, Canada

Aims and scope

Hormones and Behavior publishes original research articles, reviews and special issues concerning hormone-brain-behavior relationships, broadly defined.

elsevier.com/locate/yhbeh

Journal of Clinical and Translational Endocrinology

Open Access

Editor-in-Chief

Dr. Trang N. Le, MD

Virginia Commonwealth University Department of Internal Medicine, Richmond, Virginia, United States
Endocrinology, Pediatric Endocrinology, Diabetes, Telemedicine

Aims and scope

The focus of *Journal of Clinical and Translational Endocrinology* is patient-oriented research in a variety of disciplines in endocrinology, including diabetes, metabolic bone disease and osteoporosis, thyroid disease, pituitary and lipid disorders.

elsevier.com/locate/jcte

Journal of Clinical and Translational Endocrinology: Case Reports

Open Access

Editor-in-Chief

P. Camacho MD

Loyola University Health System, Maywood, IL, USA

Aims and scope

The journal publishes case reports in a variety of disciplines in endocrinology, including diabetes, metabolic bone disease and osteoporosis, thyroid disease, pituitary and lipid disorders.

elsevier.com/locate/jecr

Journal of Clinical Densitometry

Official Journal of ISCD

Editor-in-Chief

Ronald C. Hamdy, MD, FRCP, FACP, CCD

Osteoporosis Center, East Tennessee State University, Innovation Lab, Tennessee, USA

Aims and scope

The *Journal of Clinical Densitometry: Assessment and Management of Musculo-Skeletal Health* publishes the latest clinical research on the uses of bone mass and density measurements in medical practice, as well as state-of-the-art review articles on critical topics.

elsevier.com/locate/jocd

Journal of Diabetes and its Complications

Editor-in-Chief

Vivian Fonseca, MD

Professor of Medicine and Pharmacology, Tulane University Health Sciences Center, New Orleans, USA

Aims and scope

Journal of Diabetes and Its Complications (JDC) is a journal for health care practitioners and researchers, that publishes original research about the pathogenesis, diagnosis and management of diabetes mellitus and its complications.

elsevier.com/locate/jdiacomp

Journal of Nutrition & Intermediary Metabolism

Open Access

Editor-in-Chief

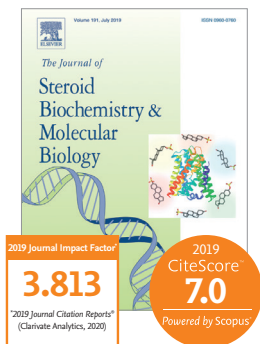

Maarten R. Soeters, MD, PhD

Amsterdam University Medical Centers, Netherlands

Aims and scope

It publishes original research articles and reviews relating to advances in nutritional sciences and mechanisms by which nutrition interventions influence clinical outcomes, with a focus on research describing how nutrients or nutritional supplements modulate metabolic pathways in the body.

elsevier.com/locate/jnim

The Journal of Steroid Biochemistry and Molecular Biology

Editor-in-Chief

Jerzy Adamski

Helmholtz Zentrum München, Germany

Aims and scope

The *Journal of Steroid Biochemistry and Molecular Biology* is devoted to new experimental and theoretical developments in areas related to steroids including vitamin D, lipids and their metabolomics.

elsevier.com/locate/jsbmb

Metabolism

Editor-in-Chief

Christos S. Mantzoros, MD, DSc, PhD h.c.
Boston, MA, United States

Aims and scope

Metabolism promotes excellence in research by publishing high-quality original research papers, fast-tracking cutting-edge papers, research brief reports, mini-reviews, and other special articles related to all aspects of human metabolism.

elsevier.com/locate/metabol

Metabolism Open

Editors-in-Chief

Maria Dalamaga, MD, MSc, MPH, PhD
National and Kapodistrian University of Athens, Athens, Greece

Junli Liu, PhD

Shanghai JiaoTong University Affiliated 6th People's Hospital and Shanghai JiaoTong University School of Medicine, Shanghai, China

Aims and scope

Metabolism Open is a peer-reviewed, open-access journal publishing original research and reviews related to all aspects of human metabolism.

elsevier.com/locate/metop

Open
Access

Microvascular Research

Editor-in-Chief

Pedro Cabrales
University of California, San Diego, USA

Aims and scope

Microvascular Research is dedicated to the dissemination of fundamental information related to the microvascular field.

elsevier.com/locate/ymvre

Molecular and Cellular Endocrinology

Editors

Carolyn Klinge

University of Louisville, USA

Ross Laybutt

Garvan Institute of Medical Research, Australia

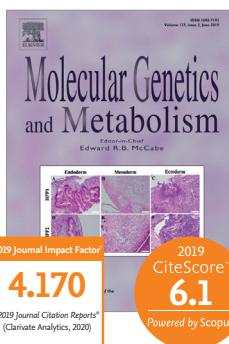

Constantine A. Stratakis, MD, DMedSci

Bethesda, MD, USA

Aims and scope

Molecular and Cellular Endocrinology was established in 1974 to meet the demand for integrated publication on all aspects related to the genetic and biochemical effects, synthesis and secretions of extracellular signals (hormones, neurotransmitters, etc.) and to the understanding of cellular regulatory mechanisms involved in hormonal control.

elsevier.com/locate/mce

Molecular Genetics and Metabolism

Editor-in-Chief

Edward RB McCabe, MD, PhD, FAAP, FACMG

Distinguished Professor Emeritus, Department of Pediatrics, and Inaugural Mattel Executive Endowed Chair of Pediatrics, UCLA School of Medicine, Inaugural Physician-in-Chief, Mattel Children's Hospital UCLA

Aims and scope

Molecular Genetics and Metabolism contributes to the understanding of the metabolic and molecular basis of disease.

elsevier.com/locate/ymgme

Molecular Genetics and Metabolism Reports

Open
Access

Co-Editors-in-Chief

Edward RB McCabe, MD, PhD, FAAP, FACMG
Distinguished Professor Emeritus, Department of Pediatrics, and Inaugural Mattel Executive Endowed Chair of Pediatrics, UCLA School of Medicine, Inaugural Physician-in-Chief, Mattel Children's Hospital UCLA

Gerard T. Berry
Harvard Medical School, Boston, Massachusetts, United States

Aims and scope

Molecular Genetics and Metabolism Reports is a peer reviewed, open access journal that publishes reports describing investigations that use the tools of biochemical genetics and molecular genetics for studies of normal and disease states.

elsevier.com/locate/ymgmr

Molecular Metabolism

Open
Access

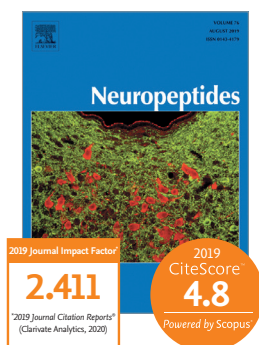

Editor-in-Chief

Stephan Herzig
Institute for Diabetes and Cancer (IDC), Helmholtz Zentrum München, Neuherberg, Germany

Aims and scope

Molecular Metabolism is committed to serving as a platform reporting breakthrough discoveries in energy homeostasis and in the etiology, development, treatment and associated health consequences of metabolic disorders, such as obesity, diabetes, cardiovascular disease and cancer.

elsevier.com/locate/molmet

Neuropeptides

Editor

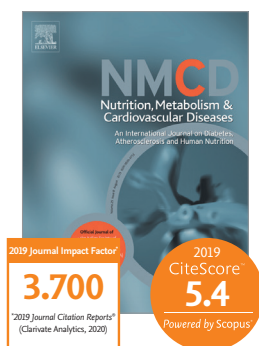

Herbert Herzog

Garvan Institute of Medical Research, Australia

Aims and scope

The aim of *Neuropeptides* is the rapid publication of original research and review articles, dealing with the structure, distribution, actions and functions of peptides in the central and peripheral nervous systems.

elsevier.com/locate/npep

Nutrition, Metabolism & Cardiovascular Diseases

Editor-in-Chief

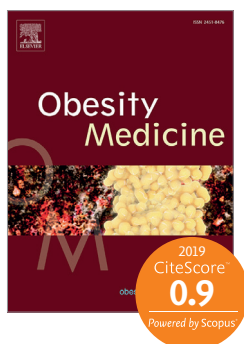

A. Siani

Avellino, Italy

Aims and scope

Nutrition, Metabolism & Cardiovascular Diseases is a forum designed to focus on the powerful interplay between nutritional and metabolic alterations, and cardiovascular disorders.

elsevier.com/locate/nmcd

Obesity Medicine

Official Journal of the Shanghai Diabetes Institute

Editor-in-Chief

Jianping Ye

Shanghai Diabetes Institute, Shanghai Jiao Tong University Affiliated Sixth People's Hospital, Shanghai, China and Pennington Biomedical Research Center, Louisiana State University, Baton Rouge, USA

Aims and scope

Obesity is a disease of increasing global prevalence with serious effects on both the individual and society. *Obesity Medicine* focusses on health and disease, relating to the very broad spectrum of research in and impacting on humans.

elsevier.com/locate/obmed

Obesity Research & Clinical Practice

Editors-in-Chief

Gary Wittert MBBCh, MD, FRACP

Professor of Medicine, University of Adelaide, Adelaide, Australia.

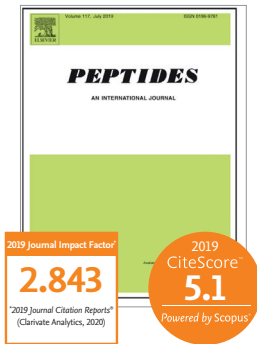

Kuo-Chin Huang, MD, PhD

Professor of Family Medicine, College of Medicine, National Taiwan University, Taiwan

Aims and scope

The aim of *Obesity Research & Clinical Practice* (ORCP) is to publish high quality clinical and basic research relating to the epidemiology, mechanism, complications and treatment of obesity and the complication of obesity.

elsevier.com/locate/orcp

Peptides

Editor

Karl-Heinz Herzig

University of Oulu Institute of Biomedicine, Finland

Aims and scope

Peptides is an international journal presenting original contributions on the biochemistry, physiology and pharmacology of biological active peptides, as well as their functions that relate to gastroenterology, endocrinology, and behavioral effects.

elsevier.com/locate/peptides

Primary Care Diabetes

Official Journal of Primary Care Diabetes Europe (PCDE)

Editor-in-Chief

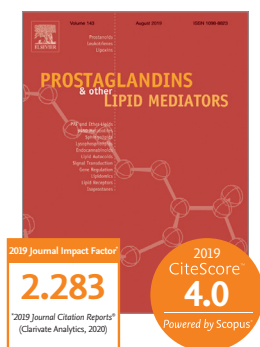

Alice Pik-Shan Kong, MBChB, MD, MRCP, FRCP

The Chinese University of Hong Kong Department of Medicine and Therapeutics, Shatin, Hong Kong

Aims and scope

The journal publishes original research articles and high quality reviews in the fields of clinical care, diabetes education, nutrition, health services, psychosocial research and epidemiology and other areas as far as is relevant for diabetology in a primary-care setting.

elsevier.com/locate/pcd

Prostaglandins and Other Lipid Mediators

Editor-in-Chief

Michal Laniado Schwartzman

New York Medical College, USA

Aims and scope

Prostaglandins & Other Lipid Mediators is the original and foremost journal dealing with prostaglandins and related lipid mediator substances. It includes basic and clinical studies related to the pharmacology, physiology, pathology and biochemistry of lipid mediators.

elsevier.com/locate/prostaglandins

Prostaglandins, Leukotrienes and Essential Fatty Acids

Official Journal of the International Society for the Study of Fatty Acids and Lipids

Editor-in-Chief

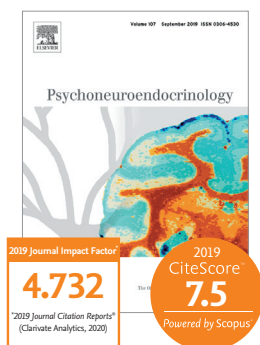

Richard P Bazinet

Toronto, Ontario, Canada

Aims and scope

The role of lipids, including essential fatty acids and their prostaglandin, leukotriene and other derivatives, is now evident in almost all areas of biomedical science.

elsevier.com/locate/plefa

Psychoneuroendocrinology

Editors-in-Chief

Robert Dantzer

Symptom Research, MD Anderson Cancer Center, Texas, USA

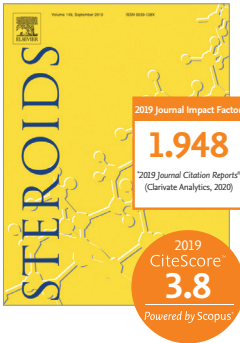

Isabella Heuser, MD, PhD

Charite University Hospital Berlin Campus Benjamin Franklin, Berlin, Germany

Aims and scope

Psychoneuroendocrinology publishes papers dealing with the interrelated disciplines of psychology, neurobiology, endocrinology, immunology, neurology, and psychiatry, with an emphasis on multidisciplinary studies aiming at integrating these disciplines in terms of either basic research or clinical implications.

elsevier.com/locate/psyneuen

Steroids

Editor-in-Chief

Donald DeFranco

University of Pittsburgh, USA

Aims and scope

STERIODS is an international research journal devoted to studies on all chemical and biological aspects of steroidal moieties.

elsevier.com/locate/steroids

The Lancet Diabetes & Endocrinology

Editor-in-Chief

Marta Koch

Aims and scope

The Lancet Diabetes & Endocrinology is dedicated to providing a global, authoritative, and independent forum for high impact clinical research and opinion covering all aspects of endocrinology, diabetes, metabolism, obesity, osteoporosis, bone metabolism, as well as thyroid, lipid, and adrenal disorders.

Introducing Researcher Academy

A new and free e-learning platform designed to unlock the full potential of early and researcher

Did you know?

225.000+ academics join the research community yearly *

Between 30-50% of papers get rejected before review *

43% of PhD's don't have a job at graduation *

Only 18.3% of grant applications are successful *

To stay ahead of the game, researchers need skills that cut across disciplinary lines and teach them how to succeed.

Discover a wealth of knowledge

Researcher Academy supports researchers throughout their research journey

Join a global community

Researcher Academy is unlocking the potential of thousands of researchers around the world

125.000+ Registered users

190 Countries

40.000 Monthly unique visitors

60.000 Certificates awarded

Visit researcheracademy.com
