DONN[®] DX[®]/DXL[™]

Acoustical Suspension System

Maximum economy, simplicity, and access.

This ceiling suspension system is an exposed-grid system that has a hot-dipped galvanized steel body. It can be used for both general and fire-rated applications. Many of the DX/DXL components are available with High Recycled Content (HRC).

*Sold in FULL CARTONS ONLY

TRIM - TEX PRODUCTS

J Bead

Trim-Tex's first product, the J Bead launched rigid vinyl into the drywall industry 40 years ago. Use J Bead to finish rough drywall ends and under all door and window encasements.

- PJB12 1/2" x 10' PLASTIC J BEAD #1110 50 PCS/CTN \$161.14/CTN
- PJB58 5/8" x 10' PLASTIC J BEAD #1210 50 PCS/CTN \$161.14/CTN

Tear away™ L Bead

Comes with a full 5/16" tear-off leg that is one of the largest in the industry. The tear-off leg acts as a guide for the taping knife as well as a protective masking for mudding and painting. When finished, simply tear off the leg for a clean, sharp look.

- TALB12 1/2" x 10' TEAR AWAY L BEAD #9010 50 PCS/CTN \$178.68/CTN

350 Bull™ Corner Bead

Smaller radius & extra long legs allow 350 Bull to absorb extreme impact. Half the radius of the 3/4" Bullnose. Works great for accenting large and small details without requiring a setback of drywall.

- 35010 10' BULL RADIUS EDGE CORNER BEAD 35 PCS/CTN \$172.80/CTN

350 Bull Arch™

The only exclusive archway bullnose in the world that doesn't require filling notches on the exposed bead area.

- 35020 10' BULL ARCHED CORNER BEAD 25 PCS/CTN \$172.00/CTN

0920 - 350 Bull™ 2 Way

0920 is designed to finish 350 Bull Outside Corners, adjoining at a 90° angle

- 0920M 2 WAY BULL CORNER ADAPTER 10 PCS/CTN \$93.56/CTN

0923 - 350 Bull™ 3 Way

0923 is designed to finish three 350 Bull Outside Corners that adjoin at a 90° outside angle

- 0923M 3 WAY BULL CORNER ADAPTER 10 PCS/CTN \$93.56/CTN

350 Bull Adapter

Joins to a 350 Bull Bead and transitions to a standard square outside corner. Simplifies the installation of the baseboard. Designed with a minimal mud bump which uses less compound and prevents excessive outward splaying of the baseboard.

- 0926 BULL ADAPTER / TRANSITION 50 PCS/CTN \$100.12/CTN

REFLECTIX, INC

Reflective Insulation

ADVANTAGES OF REFLECTIX:

- Ease of Installation and Handling
- Over 40 Verified Applications (Residential, HVAC, Metal Building, Post Frame...)
- Extensive Testing on Products Complete Assemblies: wall, floor, duct, studs, joists, Fire Safety and more
- ISO Certified
- Energy Star Qualified for Residential Applications

Single Reflective Insulation

The product consists of one 96% reflective layer of film bonded to two internal layers of heavy gauge polyethylene bubbles (Single layer of bubble is 5/16").

The Reflectix® Single Reflective Insulation is ideal for applications that only require a single reflective (side of the product) or a job that specifies a white interior wall surface. As with our Double Reflective Insulation, ease of handling and installation are key characteristics, contributing to a reduction in labor cost (during installation).

Single Reflective Insulation (DOUBLE BUBBLE)

RDBW48125: 4' x 125' Foil / White Poly **\$320.42/Roll**

Single Reflective Insulation (SINGLE BUBBLE)

RSBW48125: 4' x 125' Foil/White Poly **\$271.88/Roll**

Double Reflective Insulation

The product consists of two 96% reflective layers of film bonded to two internal layers of heavy gauge polyethylene bubble (Single layer of bubble is 5/16")

Other materials available by Special Order:

6' x 125' foil/white Double Bubble Poly,

ST16125: 16" x 125' Staple Tab Foil/Foil,

Concrete Pad, Slab Insulation and more... Call for Pricing

Bilco stakWEL

Emergency Egress Window Well System

<u>ITEM</u>	<u>DESCRIPTION</u>	<u>PRICE</u>	<u>5+ PRICE</u>
STKWL	21"H X 54"W stakWEL (Standard width)	\$258.56	\$244.42
STKWLC	stakWEL Cover 40PSI & UV Resistant	\$647.68	\$612.26

StakWEL® Window Wells - Modular Design

Modular system is one of the fastest and least expensive ways to add code-compliant emergency egress to any basement area. Simply "stack" the modules (4 module stack shown) to accommodate your foundation height and add natural daylight to your finished basement. StakWEL features a unique "Grip/Step" design to aid emergency egress and provides corrosion resistant performance at "steel-like" window well prices.

- 1. Safe...** Unique "Grip/Step" design features a convenient handle and gusseted step to meet building code requirements for egress in an emergency situation.
- 2. Inviting...** Allows natural daylight and ventilation into lower-level living areas. Soft earth tone color complements the basement interior.
- 3. Durable...** Constructed of maintenance-free materials that will never rust, rot, or need replacing.
- 4. Economical...** Easy to install system features modules that simply slide together to create the required window well height for your foundation.
- 5. Versatile...** Mounding flanges are designed for attachment to a standard window buck or directly to the foundation wall.
- 6. Code-Compliant...** Satisfies IRC 2012 Building code requirements for emergency egress in finished basement areas.

JUST CAULK AND WALK AWAY!

Caulk-N-Walk® Seamless Column takes column installation to the next level. No more parting lines to sand or fix with body putty.

Caulk-N-Walk® Seamless Columns are available with Plumb Perfect installation system and concealed fasteners which make complet-

HERE'S WHAT YOU GET IN THE BOX:

- White Seamless Column
- White polyurethane Snug-Fit capital with foam ring insert that hugs the column.
- White composite base, same material as the column. Base fits snug on top of the base ring.
- Base ring with predrilled holes
- Base ring target to assist in plumbing the column.
- Installation disc with predrilled holes. Center hole accommodates the plumb bob hanger.
- Plumb bob with hanger and string
- (9) Screws

Our **FIN/Trim™** Head screws have the smallest screw head on the market; with sizes available from 1"1/4 (30 mm) to 5"(125mm). The **FIN/Trim™** Head screw's exceptionally small head, along with the **W-Cut™** thread design, prevent most material splitting. Pre-drilling is only necessary if the building material's limitations require a pilot hole to be drilled. (Always consult wood supplier's/ manufacturer's recommendations).

FIN/Trim™ Head Screw

RT Composite™ Trim™ Head Screw

- Interior / Exterior Use
- No Pre-Drilling Unless Material Requires
- Fine Carpentry
- Smallest Head On The Market
 - Window / Door Jambs

- Interior / Exterior Use
- No Pre-Drilling Unless Material Requires
- Fine Carpentry
- Reverse Threads Under Heads
 - Composite Decking

REVOLUTION™

Rolled Ridge Vent by COR-A-VENT, Inc.

Environmentally responsible – Made with 100% pre-consumer Polypropylene plastic
Durable & Power-Nailable – Won't crack or compress like other vents
Tested & approved – Protects from rain & snow infiltration without clogging
Superior Airflow – 12" NFVA, has better airflow than VentSure® & Rapid Ridge®
More bang for your buck – 11" x 20' roll comes with 2 coils of 1 ¾" nails

REV11

36 Rolls/ Pallet

ROLL PRICE: \$52.70 EA.

SKID PRICE: \$48.99 EA.
