2020, Seoul

ENGLISH

Declaration of NextRise

NextRise promise

Startups needs a bigger stage
to unleash their innovations,
and to take a quantum leap forward

NextRise

Overview

Title NextRise 2020, Seoul

Dates June 23rd (Tue) ~ June 24th (Wed) 2 Days

Plan KDB Bank, KITA

Hosts KDB Bank, KITA, NST, KOVA, KVCA

Official Languages Korean & English

Venue Coex Hall D, Hall E, Auditorium

Programs Exhibition, Offline Conference, Online Forum, 1:1 Meetup

2020, Seoul

Participating Organizations

Plan

Hosts

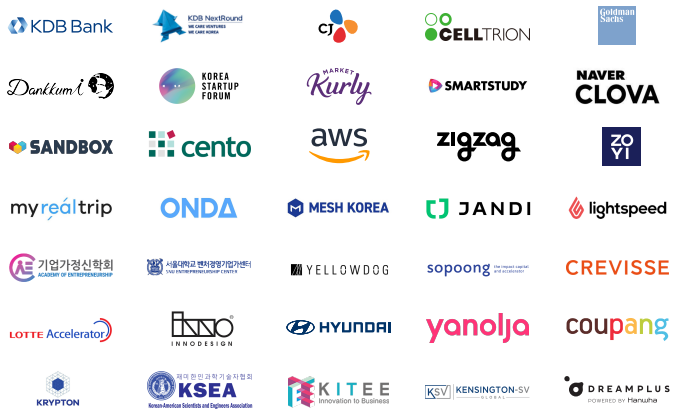

Multinational Corporation 1:1 Meetup

VC 1:1 Meetup

Offline Conference

Exhibiting Companies

A001	Play The World Corp.	Gamification content creation tool using interaction elements
A002	TEUIDA Inc,	Non-native Korean speakers can improve speaking skills in Korean with TEUIDA providing video contents with voice signal analysis.
A003	Mathpresso Inc.	Global education platform app "Qanda" provides highly personalized education contents along with AI search and solve functions backed by cutting edge NLP and OCR technologies.
A004	Tictocroc Inc	Connecting children and teachers through technology, Tictocroc Inc.
A005	SoomBi	Production of Korea's first MR musical, ICT-based remote MR stage platform
A006	Art & Space IT, inc.	Data analysis processing, 3D content production, AR/VR content production and interaction configuration
A007	Deepixel	Visual intelligence tech-startup, Natural user interface for AR/VR, Virtual try-on for AR-commerce
A008	CONPOTECH Co., Ltd.	RFID Food Waste Collector(RFID food waste bin) -pay as much as you throw. Can check food waste throw information (user, weight, cost) of apartment in real time through ICT technology. Food Waste Digester-It can be disposal as soon as soon as food waste is generated. Self-developed microorganisms have the effect of speeding up decomposition. It is an excellent product that takes into account economic feasibility at the consumer level as it can be used continuously and continuously without any accumulation of food waste.
A009	G2B Co.,Ltd	Energy-saving windows and doors, production of smart window film for display
A010	HOJEONABLE INC.	Electric appliance RIGID, bonding agent for the chips on the flexible PCB board, semiconductor circuit materials
A011	AJASCHOOL	A total solution platform of 2,000 hands-on learning. Career inspection→AI recommendation →Experience report provided automatically.

Exhibiting Companies

A012	PoinBlacK Inc.	Contactless education system
A013	Voithru Co. Ltd.,	Video translation service, video translation & subtitling service
A014	ALGORIGO	Machine learning based posture analysis, Data-driven lifestyle management service
A015	willim.Inc	3LINEDIARY - Capture your life in 3 lines.
A016	VICTORIA PRODUCTIONS INC.	A POWERFUL NEW AR MARKETING & COMMUNICATIONS PLATFORM
A017	TeeLabs	Indoor VR/AR map by scanning
A018	RESOURCE INNOVATION Co., LTD	Development of a network system which can realize efficient collection on time for home wastes in a residential area.
A019	baserth Co., Ltd.	Human-friendly adsorbent for removal of air pollutants
A020	IGEN	Utility poles EV charging system
A021	ARCHIDRAW	Retail tech: Cloud-based 3D home planner, space 3D, 4K performance, 360 HD viewer, AR viewer used in order to present life-like products to the customers and sales maximized through various channels
A022	DOORIBUN Co., Ltd.	Character content creation S/W
A023	PiQuant Co.,Ltd	IoT solution for spectroscopy-based component assessment and detection
A024	movements	Underground Utilities Management System
A025	WELCON Systems	WELCON Standard/Mini/Robot Joint SERVO DRIVE
A026	FANFORMER Inc.	Fan upgrade product development and sales(Fan Transformation Kit, Air Circulator,Household air purifier)
A027	UNOMIC Co.,Ltd.	Digital Transformation Solutions, Digital Twin ISO23247 Standard, Untact AI Factory
A028	ConnexioH	AI-based business data management tool, decision making dashboard, corporate information summarization

A029	AKA AI	AKA is an artificial intelligence development company. Products include AI communication engine (Muse) that can serve as a SaaS, Muse embedded AI social robot (Musio) and data collection system (Bach).
A030	COOGY	Ultrasonic Testing(NDT) Solution <ul style="list-style-type: none"> - Custom solution - Total UT solution integrated H/W, S/W and mechanical - Various inspection: Steel, pipe, water-pipe, nuclear rod, parts and etc. - Measurement technology of thickness, diameter, crack, flaw and etc. - Dedicated UT zig for users - A/B/C-Scan (2D/3D)
A031	ANGELSWING	Drone Data Platform for construction
A032	DISSOL Co.,Ltd	Special Carbon Fiber / Carbon Nano Tube Paper / Hydrogen Container Manufacturing Facilities
A033	INECO Inc.	Let's Change Health In Our Space
A034	SGO	Since its foundation in 2000, SGO has been specializing in broad ranges of its proprietary manufacturing and service technologies for maximizing the performances and efficiencies of oilless bearings used in industrial machines and molds.
A035	LionRocket Co.,Ltd	Service using Deep learning-based speech synthesis(TTS) technology
A036	TEEware	TEE-based security software
A037	Allganize	ALLGANIZE's natural language understanding AI can answer the questions from customers or staff without a separate manual data taking
A038	VisualCamp	Eye-tracking software and its data analysis tool that can be applied to education, UI/UX test, and advertisements.
A039	PNM TECH CO., LTD.	Best Protective technology for Anti Contamination, hydrophobic and Instant Self healing
A040	INNERBOTTLE Co., Ltd.	Solution for leaving no leftover behind

Exhibiting Companies

A041	FLUX Planet	Based on the 4D scanning solution, photo realistic avatar is created by our holographic content creation solutions. And it easily enables 4D reconstruction of natural performance including facial expression and allows for utilization of this contents in various industries
A042	MarinelInnovation	Marine Innovation have developed alternatives to plastics and wood we rely on. We want to be a step closer for a greener world with alternatives to plastics and woods around us and contribute the long-term value and sustainability to environmental and more eco-friendly, and more social responsibilities.
A043	PJB Co., Ltd	An innovative exercise habituation platform, World's first Motion Bike
A044	THE.WAVE.TALK,INC.	Sensor for detection of particular material or bacteria in liquid (tap water, hospital, liquid product test equipment)
A045	PLASMAPP co.,Ltd	The world's first direct injection pouch-type low-temperature plasma sterilizer
A046	PureSpace Inc	Development of the device that can be added to cold chain to extend freshness of food
A047	VISTECH KOREA Co., Ltd	Viztech Korea Co., Ltd. is a company that develops/sells 3D printers. We are focusing our capabilities on the medical and bio 3D printer business, which is a special purpose 3D printer with higher technology concentration and added value than general 3D printers, and we are focusing on developing materials related to 3D printing in order to secure control of the printer market by materials.
A048	xSync	Event Management Platform-Application/Website Solutions
A049	Influential	"audiobook subscription service "
A050	DANKKUMI Co., Ltd.	The only edutainment IP brand made for children and their parents.
A051	Vendys	Offline payment platform based on the mobile meal coupon
A052	AIZEN Global	AutoML Platform in Finance, Banking-as-a-Service
A053	Grib Co., Ltd	Development and operation of IoT service platform & development and production of devices (housing management, smart home, smart office)

A054	HEX	Software that automatically provides optimized sound by analyzing individual hearing abilities
A055	Ineeji	An AI system which automatically learns manipulations of equipment from human operations
A056	D&I PARVIS Inc.	Patent Search AI & Enterprise Internal Data Retrieval AI
A057	Institute of Blockchain Technology and Service	LEDGIS blockchain platform, DID, MY DATA, Blockchain key
A058	Nota Incorporated	Model Compression, On-device AI Solutions, Object Detection, Facial Recognition, People Tracking
A059	DOGUGONEGAN CO., Ltd.	Autonomous Security Robot, Tele-operation Robot, Smart Security Solution
A060	ROBORUS CO., LTD.	Through "Identification and Classification using the face recognition", we can collect not only customer side but also its sales and environmental data to combine each other, then we provide tailored service for B2C like quick ordering, recommendation, smart membership etc. and the prediction & loyalty program for B2B like upselling, interactive advertisement, employee relationship and face payment.
A061	bitsensing	Radar technology applied to ITS, ADAS, and self-driving sensor
A062	ROPE Inc	e-Call system for self-reporting of accidents for vehicles
A063	Sherpa Space Inc.	Tunable, Full-Spectrum Lighting for Optimal Plant Growth.
A064	Dot Incorporation	Dot kiosk provides tactile information(text and graphic) to the disabled people.
A065	chainlogis	4-hourly massive delivery platform, Doobalhero, In time quick
A066	GymT Inc.	A Fitness Tech Platform offering an Individual Customized Training Service
A067	Sweetspot	Retail space platform service

Exhibiting Companies

A068	JeongYookGak Inc	Livestock distribution value chain, fresh livestock product distribution service
A069	Twinny Co., Ltd.	Autonomous Robot & Management S/W
A070	The Momma	Mommaeat Application
A071	J'Car co., ltd.	FCEV & EV Car-sharing service
A072	42Maru Inc.	A.I. tech startup that develops a Deep Semantic QA Platform
A073	Dabeeo Inc.	IMVPATH is visual indoor positioning tech with AI.
A074	I-SYNAPSE	Device Free Car Commerce Solution
A075	MORAI	A simulation solution to assess the performance and reliability of autonomous vehicles before testing on public roads.
A076	seoul ventures	We lead and set a standard for integrated commerce channels through an Artificial Intelligence based solution.
A077	CVT	Embedded system that works even when the network is down Fast recognition speed Walk thru recognition Smart IR for darkness Liveness detection to prevent identity spoofing
A078	RippleAI	AI system for conversation & advertisement which utilizes various types of data on the Internet
A079	Coding Robot Lab	AI-powered Coding-education Talent Platform for Tech Career
A080	Motion2AI-Korea, Inc.	Integrated control of the mobility inside logistics warehouse, software to assist self-driving
A081	BCD Enc Co.,Ltd.	Development of 360VR drone and Gimbal & Rig exclusively for VR
A082	BOMAPP	Manage & buy insurance digitally
A083	Vutler Inc.	MOSILER provides chauffeur services on an hourly basis.
A084	Mesh korea Co. Ltd.	VROONG last-mile delivery, TMS

A085	mobidoo corp.	SmartSound is a data-over-sound technology that transmits information and contents in an inaudible sound. Providing in SDK(S/W), it can be applicable to existing hardware infrastructure and can be used as an authentication and payment solution in contactless.
A086	VIRNECT CO., Ltd.	Digital Twin, AR content production, AR information visualization, Real-time remote collaboration solution
A087	NAiEEL Technology	Global Leader of BNNT Production and Its Applications BNNT is a Core nano-material for the 4th Industrial Revolution
A088	Skelter Labs	AI-based conversation solution
A089	wave On Co., Ltd.	Technique that increases the absorption of cosmetics or medicines in the skin for Beauty devices, medical devices, Skincare, etc.
A090	MOBILINT	AI Accelerator, NPU Solution (ASIC, FPGA), On-Device AI Solution
A091	ulalaLAB, Inc.	WimFactory is a smart factory platform that visualization/data analysis/ML and AI.
A092	AITRICS	AITRICS is an AI solution provider whose technological competence is globally known with its research outcomes recognized for years by international AI societies and conference such as NeurIPS and ICML, etc.
A093	ESPRESOMEDIA	AI based Super Resolution
A094	FOUNT	Mobile wealth management service
A095	RoboRisen Co., Ltd.	Single modular robot, SW/AI education robot, LEGO for robotics
A096	LYCANTHROPE CO.,LTD	Free Voltage Charging Technology Develop & Manufacture
A097	BREATHINGS Co., Ltd.	Personal Smart IoT Solution, Lung Health
A098	mobilio	machine defect monitoring system / big data deep learning using digital transformation

Exhibiting Companies

A099	Every Feb	Kokonut is an on-demand service that covers every range from personal information regulation adaptation to personal data protection
A100	searcheese	Data portal for everyone
A101	BAGEL LABS	Bagel Labs innovating the way we measure and utilize size data using its smart device and cloud solution technologies.
A102	WizSchool Inc.	Coding education platform to foster children's creativity through building games
A103	INGINE INC.	Economical Onshore Type Wave Energy Converter. Ready to Commercialize
A104	BA ENERGY CO., LTD.	ESS safety management system with AI and material technology.
A105	Monnit Korea	Monnit Korea has its head office in the USA, which is a number one IOT wireless sensor manufacturer. It developed more than 80 wireless sensors on its own and has generated added value much greater than any other existing solutions across the industry through various big data accumulation, analysis, alarm and control capabilities, etc.
A106	VUERON	LiDAR Perception Solution for self-driving/security system
A107	INNONET CO.,Ltd	TWWS Solutions for Smart Farm, Smart City, Smart Maritime and Public Safety
A108	Humelo	Prosody is the one and only AI voice actor that can express 9 different emotions and let you create and edit the voice in one program. The price is only 1/5 of human voice actor and it can work 5 times faster than human voice actor.
A109	Mindlogic	AI Boyfriend/Girlfriend Mobile App
A110	apptest.ai	Solution to have AI install apps on diverse devices at once to conduct tests, check any errors and performance and produce reports on checking results
A111	BluePrintLab Inc.	Product recommendation and virtual fitting solution with facial recognition and AI

A112	BLUEWHALE COMPANY INC	On-demand Luggage Storage with mobility using empty space of nearby shop
A113	12CM	Smart stamp, 'Echoss Stamp'
A114	URIVET KOREA Co.,Ltd.	Mobile-based untact in-vitro medical device where pet parent check the urine of pets at home through a mobile app to check the risk of internal diseases in real time and consult a veterinarian.
A115	Rootee Health Inc	ELI platform provides eye care service virtually anywhere, any time
A116	MAETEL	ZEREMA: Smart Pillow For Well-Deserved Sleep
A117	WAVE Corporation	WAVE is a video chat app where users can talk and play games together.
A118	JANDISOFT Co.,Ltd	Game development, HTML5 technology-based cross-platform MMORPG development
A119	Crowdworks	Crowdworks solves the toughest problem in AI today: Delivering training data with next-level accuracy, quality assured.
A120	Feel the Same, Inc.	Liquid metal-based soft sensor and wearable products
A121	ANPOLY	Nanocellulose for High-Strength Lightweight New Bioplastics
A122	aweXome Ray Inc.	Air Purifying Sterilizer for a building Green Remodeling utilizing a CNT digital light source
A123	FuriosaAI	NPU for DC and Automotive
A124	MONIT Corp.	MONIT Smart Baby Sensor indicates diaper status and activity for easy&comfortable baby care.
A125	Mobiltech Co.,Ltd.	AI based GIS startup for next mobility
A126	Neubility.Inc	Last mile robotics self-driving software platform for delivery, logistics, and security
A127	ORFEO SoundWorks	AI earphone (AI IoT) which can recognize human voices even in an extremely noisy environment or outdoors
A128	ODDY Co., Ltd	O2O financial platform for global traveler first in the world

Exhibiting Companies

A129	Bbaton	Secure Anonymous Identification without revealing who I am
A130	BLOCKO	Platform Player for Everyone's Blockchain
A131	CORNERS CO.,Ltd	We support Space Intelligence Solution based on AIoT and Digital Twin
A132	DEEP.FINE	Remote mentoring system using voice recognition and AI technology on smart glasses for various industrial sites.
A133	MOIN	Blockchain based Cross-border Remittance
A134	OMNI C&S	Brain condition enhancer makes your concentration more and relax more
A135	BIOT KOREA INC.	Stem cell navigator, micro-scaffold, devices used for treatment of arthritis and others
A136	BIOBANK Inc.	Blood testing and diagnosis device
A137	10fingers	Date course curating content service for 2030 couples who are getting more difficult to prepare for a date than do a date
A138	SALDA	Apartment management system
A139	this is engineering Inc.	Global sales by developing and producing autonomous AI drones, robotics, and PAV
A140	G+FLAS Life Sciences	Plant-derived pharmaceuticals from glyco-engineered host plant platform
A141	LiBEST Inc.	Flexible battery
A142	SOS LAB	A long-range solid-state LiDAR developer
A143	Stryx	HD mapping for autonomous vehicles, 3D-VR based LDM update solution, AR based precise positioning service
A144	Seoul Robotics	Real-Time 3D Computer Vision Software
A145	Nextchip	ADAS SoC, ISP, AI Processor
A146	FindeaChip Inc.	Distributed Control IC that trouble-shoot the "cable harness complexity problem" by configuring the sensor/control network with 1-Wire Interface. All-In-One User Interface IC for home appliances' control panel.

A147	CottonCandy Co., Ltd.	Integrated device management platform that provides powerful Disaster Recovery as a Service regardless of time, place, and situation
A148	Amuse Travel Co., Ltd	Full-concierge travel service and map information for the disabled and the senior
A149	DESIGNOVEL	Design(Content) Generative AI
A150	Last30min	parking app, on-demand valet parking service
A151	forevering	Jewelry change service : Live with new jewelry always
A152	BBROS	Hospital appointment/check in application 'DDOCDOC'
A153	b.rabbit	POD (Print-on-Demand) e-commerce for artist and creators to provide end-to-end fulfillment services including manufacturing
A154	ROWAN	Multi-domain cognitive function enhancement program for dementia prevention
A155	HUNIVERSE Global	Medical data exchange and operation, precision medicine information system, C-HIS added service, medical big data platform
A156	Crayon technologies Inc.	Rapid tissue clearing and 3D Immunohistochemistry devices for the bio research and diagnosis.
A157	FARMSKIN	Beauty from Colostrum
A158	uLikeKorea Co., Inc.	IoT and AI based livestock healthcare solution with a single Bio-capsule
A159	QuorumBio Co.,Ltd	1.Healthcare: Developed to provide skincare products are based on black rice bran extract that contains skin-improving ingredients, has obtained patent. 2.Successfully commercialized quorum sensing inhibitor: Quorum sensing inhibitor "QSI Galacto", our technology used to separate a substance from milk, has been developed and commercialized for the first time in the world. 3.Quorum Sensing Inhibitor Toothpaste: QSI Galacto to preserves only the beneficial bacteria and inhibits harmful bacteria by blocking the communication between bacteria(Quorum Sensing) without killing them. 4.Teeth Whitening Kit: Patented product that used photo-catalysts to increase the teeth whitening. 5.Super Antibiotics: Developed the world's first upcoming antibiotic with quorum sensing inhibitor

Exhibiting Companies

A160	Wellysis	Samsung SDS Spin-off, Wearable ECG Patch and AI Solution
A161	Organic Bridge	DIY cosmetic, deodorant, deodorant fibers, semi-permanent pigments, microbes and minerals technology
A162	ART Lab	System to process diagnosis/prescription/subscription/ordering of AI-based customized cosmetics
A163	Channel Talk	All-in-one biz messenger for on-line businessmen
A164	T-School Company	sicle is not a simple VOD, it's action-based coach for real growth
A165	TAGby	Total Contents Marketing Solution, TAGby
A166	GXC, Inc.	G.Round is a big-data gaming business platform providing insight on primary target markets and users, candid feedback to refine games, and connections to publishers/investors looking for the next gaming unicorn.
A167	IMWEB	With I'M WEB, you can create a website that expresses who you are – from a blog to online store.
A168	YEOLMAECOMPANY	ArtnGuide, the first online art co-ownership platform in Korea
A169	solu-D	Easy-to-breathe smart mask designed based on fluid dynamics
A170	IMEDICOM Co., Ltd.	Electric medical hand piece, balloon catheter for spinal compression fracture, orthopedic surgery device
A171	AIDKorea	Deep tech (AI, bioengineering, etc.)-based livestock healthcare solution, disease prevention and diagnosis
A172	Genome Opinion Inc.	Early diagnosis and treatment guide technology based on gene data, in-vitro diagnostic medical device, clonal hematopoiesis study
A173	VSPHARM TECH CO.,LTD.	Anticancer radiotherapy enhancer
A174	Nemesis Co., Ltd	Smart signal processing SoC for bio-medical
A175	Mobile Doctor	COVID-19 Response System for Organizations
A176	DR. SU SKIN COSMETICS	Mask pack and patch for face with Safe prescription of medical HPDR ingredient for all types of skin

A177	simplyO	D2C brand to sell premium consumer products with safe ingredients, excellent performance and reasonable price
A178	THE FAMILY LAB	Fitness app for women's long-term health
A179	Ortho-Heal.,Ltd	(Cosmetics , Medical) Skin Booster
A180	MEDIHUB CO., LTD.	Medical device, pain relief algorithm-based smart automatic injector, precision administration of the right dose at the right speed
A181	YOAT Corporation	On-site Ortho Wire Bending Robot
A182	ARALE laboratory co., Ltd	Medical Radiation Imaging Equipment, Radiation Disaster and Terrorism Monitoring System
A183	Huespine	Healthcare platform based on chronic back pain, Portable lumbar traction based on home-care service
A184	MICRO-NX	MicroNX Co., Ltd. holds international patents in dental electric micro motors such as engines for implant procedures, electric micro motor systems, and many others.
A185	SMARTOOTH	A dental diagnostic device for home use for detecting problems inside the oral cavity through constant pH measurements
A186	MXBIO Inc.	Medicines, dentistry, periodontal disease,nanofiber, biodegradable chips,combined antibiotic ointment,companion animal
