GENERAL KNOWLWDGE

Month	Unit	Expected learning Outcome	Activities/Assessments	Value Skills
June	<u>WORLD AROUND US</u>			
	Me, Myself	To be familiar with own self	Activity sheet-Myself. Introducing self.	To create awareness about the world around us.
	About My Body	To understand the body parts and its use	To show different body parts and tell their uses.	Understanding of body parts.
	Get My Name!	To learn about some of the metro cities of India	Stick any two pictures of metro cities.	Learning some of the metro cities.
	My Family	To know about Family	Stick your family photo.	Understanding about family and family members.
July	Signs to guide	Recognition of important signs and symbols	Draw signs and symbols.	To create awareness about the world around us
	Home sweet home	To understand the different parts of house and what they are called	Stick a picture of your house and describe it in few lines.	Understanding of different parts of house and what they are called.

	Dresses	To know about dresses worn by people of different age group	Stick pictures of different traditional dresses.	Understanding of the dresses worn by people of different age groups.
	Tools and Equipments	To learn about the common tools used in day to day life and how they look like	Worksheet on different tools used by people.	Understanding of common tools used in everyday life and how they look like
	<u>ANIMALS AND PLANTS</u>			
	Animal Kingdom	To learn about the names of animals and how their appearance.	Learning names of different animals.	To create environmental awareness
August	Birds on wings	To understand the names of birds and their characteristics	Name any ten birds which they know.	Name of birds and their characteristics.
	In the Garden	To know more about common insects	List common insects you find in your surroundings.	Learning characteristics of common insects.
	Feed them up	To know more about animal food	Food habits of animals around you.	Understanding of the food common animals eat.

	Leave the Home	To learn about the habitats of some common animals	Stick pictures of things obtain from animals and trees.	To create environmental awareness
	Thank you animals	To know, about the sources from which we obtain common items like rubber, paper, woods etc.	Draw a plant with root , stem, fruit flower and branches.	Understanding of the sources from which we obtain some common items.
	Call of the wild	To understand the different sounds of animal	Quiz (animal sound)	Learning about the sounds that different animals make.
September	Think Green	To understand plants and their parts	Stick pictures of the different parts of plant	To create environmental awareness
	Veggie and fruit plates	To be familiar with the vegetables and fruits	Make a list of fruits and vegetables	Learning about the different vegetables and fruits.
	<u>LANGUAGE AND LITERATURE</u>			To enhance vocabulary and conversational skills
	Opposites	To know about opposites	Make a list of some more common opposites.	Learning about some common opposites
	A child's Room	To understand things around the house	Draw any two things you keep in your house.	Understanding of the things around you.

	Busy People	To know about the work done by different people	Write any two occupation you know.	Understandings of the work different people do.
	What's different?	To understand the relation between group and find out the different word	Make a list of group words (activity sheet) – Family	Knowledge of unmatched groups
October	Lost Pairs	To understand words which are used in pairs	Make a list of such pairs.	To enhance vocabulary and conversational skills
	Count and Classify	To understand different tastes and feelings	Paste the pictures of sweet & sour food.	Knowledge of different tastes and feelings.
	Fun with Rhymes	To remember Nursery Rhymes	Recite any 1 Nursery Rhyme	Recalling the rhymes
November	Colours	To know about the different colours and their groups	Make a list of different colours and write the meaning of the word VIBGYOR.	Understanding colour groups
	<u>GENERAL SCIENCE</u>			To inculcate scientific attitude
	Means of Transport	To know more about different means of transport	Classify the vehicles according to the different types of transport	Understanding of the different means of transport.
	Safety and First- Aid	To learn basic traffic rules	Draw first Aid box	Understanding basic

				traffic rules.
	Gift of Science	To learn various electronic machines and the gadgets and their functions	Make a list of electronic items used in your home	Knowledge of various electronic machines and gadgets .
	Shiny Light	To learn different objects which gives out light	PPT	Learning about different objects which give out light.
	Sink or Float	To understand different objects which can sink or float	Make a list of things which can sink or float	Understanding of different objects that can sink or float.
December	<u>WORLD AND UNIVERSE</u>			
	Earth Around us	To know about the different landscapes of the earth	Draw a picture of a scenery.	To inculcate scientific attitude
	Directions	To understand four basic directions	Draw different directions you know.	Understanding of the four basic directions.
	Seasons	To understand different seasons	List the different clothes your wear in different seasons.	Understanding of the different seasons
	<u>MY INDIA</u>			Content essential to

				nuture national heritage and national identify
	National Flag and Symbols	To learn more about the Indian National Flag ana Symbols	Draw and colour the National flag of India	Learning more about famous Indian National Symbols.
January	Going Places	To learn more about famous Indian monuments and their location	Discuss in detail about a famous Indian monument.	Learning more about famous Indian monuments.
	Places of Worship	To know the places of worship of different religion	Stick the pictures of worship places of different religion.	Content essential to nurture national heritage and national identify
	Festivals	To know about the different festivals celebrated in India	Prepare a greeting card for recently celebrate festival	Learning about different festivals.
	Famous dances of India	To know about the different types of dances in India	Stick pictures of different types of the dances in India	Learning names of different Indian dances and the states to which they belong.
	Who am I?	To learn more about famous Indian personalities	Video on a famous Indian personality.	Learning more about famous Indian personalities.
February	<u>SPORTS</u>			

	Players and their Games	To learn more about famous players and the sports they play	Video on a famous sports personality.	To inculcate aesthetic value.
	Indoor games	To learn more about different indoor games	List any 5 indoor games.	Learning about different indoor games.
	Autograph and Photograph	To know more about the Indian cricketers	Describe any one Indian cricketer.	Knowing more about Indian cricketers.
	Outdoor Games	To know more about outdoor games	Make a list of outdoor games	Knowing more about Outdoor games
March Revision				

VALUE EDUCATION

Month	Unit/ Content	Expected Learning Outcome	Activities/ Class Assignments/ Home assignments	Value Skills
June	Let us be friends	Learn to be kind and concern for others	Describe and say few lines about your best friend.	Kindness, Helpful

December	Activity related to Taal Teen taal.
January	Introduction of some musical concepts with practical activity.
February	All Taals (Basics with information and practicals), one English song , revision.
March	Revision for oral exam.

DRAWING & CRAFT

Month	Lesson	Learning Outcomes	Activities/Homework	Values/Skills
July	1.Basic lines & types of line	-How to draw different types of lines	-Practice at home	-Drawing figures by using geometrical shapes
	2. Basic shapes	-How to draw basic shapes	-Practice at home	- Types of folds
	3.Drawing using basic shapes (BALLOON,HOUSE,JOCKER FACE)	-How to draw drawing with the help of basic shapes	- Practice at home	
	4.Basic origami folds	- How to do basic origami folds	- Practice at home	
August	5.Know your colours (25 SHEADES)	-Colour introduction & names of colours	-Worksheet for home	-Children will learn Origami Art skill
	6.Paper boat (Origami)	-How to make Paper boat with the help of Origami technique	-Do it again at home	
	7.Umbrella drawing	-How to draw Umbrella	-Worksheet at home	-Drawing of umbrella by using basic lines & shapes

September	8.Origami fan	--How to make fan with the help of Origami technique	-Do practice at home	- Children will learn Origami Art skill
	9.Tree & flowers drawing	-How to draw tree & flowers	- Practice at home, worksheet for homework	Imagination & creativity
	10.Fruits	-To draw a fruits using your imagination	-Practice at home	-Concentration & keen observation
	11.School bus	-Drawing school bus using basic shapes How to make butterfly with the help of Origami technique	-Practice at home	-Drawing figures using geometrical shapes
October	12- Tulip flower	- How to make Tulip flower with the help of Origami technique	-Practice at home	- Children will learn Origami Art skill
November	13. Fish drawing	-How to draw fish	-Worksheet for homework	Imagination & creativity
	14.Cake	-How to draw birthday cake	-Worksheet for homework	Imagination & creativity
	15.Butterfly making	- How to make butterfly with the help of Origami technique	-Practice at home	- Children will learn Origami Art skill
December	16.Dog face	How to make dog & cat face with the help of Origami technique	Practice at home	- Children will learn Origami Art skill
	17.Cat face			

January	18.Puppet	-How to make puppet by using ice-cream sticks	-Practice at home	-Craft skill development
	19.Flag	-How to draw Indian flag	-Worksheet for homework	-Observation & applying knowledge
	20. Bird	-How to draw bird	-Worksheet for homework	-Imagination & creativity
February	21. Collage	- How to Draw flower & using collage technique for colouring		-Creativity & skill development
	22.Rocket	-How to draw rocket	-Practice at home	-Imagination & creativity
March	Revision & Practice	.		

Physical Education

MONTH	ACTIVITIES	LEARNING ACTIVITIES	VALUE SKILLS
June	1.class management and organization 2.walking	1.organisation signals, formation signals, movement signals 2.personal space	To learn class formation of the class
July	1.jumping and hoping 2.motor activities 3.Marching/human pyramids	1.jumping movements 2. locomotor, non locomotor, manipulative activities 3.To learn commands & march	Introduction of locomotor, non locomotor and manipulative skills
August	1. walking, running and dodging 2. walking, running and dodging 3.Surya namaskar 4.Marching	1.space awareness and foot work 2.changing directions through instructions 3. Flexibility 4. To learn commands & march	To learn space awareness i.e. personal space, general space
September	1.skipping, galloping and side stepping 2. fun games, Tag games 3.leaping	1.space awareness through locomotor skills 2.movements development through games 3.leaping movements	To learn space awareness through locomotor skills
October	1.exploring body parts 2.animal walks 3.yoga	1.body awareness 2.bearing weights through locomotion 3. basic asanas	To learn body awareness
November	1.walk through the zoo-1 2.walk through the zoo-2 3.fun games	1.development of locomotor skills 2.improve alertness	To learn different kind of walking

December	1.bending and stretching-1 2. bending and stretching-2 3. skipping activities	1.non locomotor movements 2.class management	To learn non locomotor movements
January	1.exploring body shapes 2.turning and twisting 3.practice of salute	1.develop space and body awareness 2.awareness and non locomotor actions	To develop body movements
February	1.turning and twisting 2.walking balances	1.balancing and transferring weight 2.balance while moving	To learn coordination using body parts
March	1.introducing the bean bag 2.ball familiarization	1.bean bag relay 2.handling the ball in personal and general space	Introducing bean bag and ball activities
