# Welcome to the ESGE

## Visit the ESGE Learning Area

The ESGE Learning Area will be open to all UEG Week delegates with a variety of excellent teaching modules for endoscopy including lectures, video presentations, expert demonstrations and hands-on sessions. With the exception of the weekend hands-on training sessions, all events are open on a walk-in basis. The ESGE Learning Area will be accessible from Saturday morning on and throughout the regular opening hours of the exhibition.

## ESGE Lecture Theatre

In the ESGE Lecture Theatre, highly qualified and uprising young endoscopists have been invited to present their views and experience with current endoscopic procedures and techniques. Their counterparts in discussion are well-known, more senior specialists. The number of participants is limited to 70 in order to ensure a small-forum atmosphere where active participation is possible.

# Hands-On Training Centre

On Saturday and Sunday, with access to state of the art endoscopic equipment and accessories, participants will have the opportunity to perform techniques under personal doctor and nurse tutoring. In cooperation with ESGENA, the aim of this activity is to increase the awareness of diagnostic and therapeutic techniques and to offer delegates the possibility of practicing their skills.

Registration starts at the ESGE desk within the Learning Area on Saturday at 10.00 am. Participation will be on a first-come-first-served basis. To maintain a high standard of teaching each workstation is limited to a maximum of ten participants.

## Saturday/Sunday

### Saturday, October 20, 2012

- ▶ EMR
- ▶ Hemostasis (injection, clipping, varices ligation)
- ▶ Polypectomy / colonoscopy
- ▶ ERCP

SESSION 1 ..... 13:30 - 15:00  
 SESSION 2 ..... 15:30 - 17:00

### Sunday, Oct 21, 2012

- ▶ EMR
- ▶ Hemostasis
- ▶ Polypectomy / colonoscopy
- ▶ Short wire systems Boston, Cook and Olympus
- ▶ ERCP
- ▶ Radiofrequency ablation

SESSION 3 ..... 10:00 - 12:00  
 SESSION 4 ..... 12:30 - 14:30  
 SESSION 5 ..... 15:00 - 17:00

From Monday to Wednesday, the Hands-on Training Centre is open on a walk-in basis. Haemostatic techniques, advanced GI endoscopy, ablation techniques on Barrett's esophagus and laparoscopic as well as endoscopic simulator training can be practiced on biologic models.

All delegates are invited to visit the Learning Area at any time and participate in the open hands-on sessions with doctor tutoring.

## Monday/Tuesday/Wednesday

### RADIOFREQUENCY ABLATION
