OUR HISTORY

John Thomas Griffith Pinder
1854 - 1931

In 1877 two brothers John and Edward set up Pinder Brothers as silversmiths and electroplaters. In the early days church vessels and ornaments were a speciality and later silverplated cutlery and holloware.

1877

Old letterhead and Illustration
(date unknown)

1888

The firm prospered having their first mark registered at the assay office in 1888.

1920

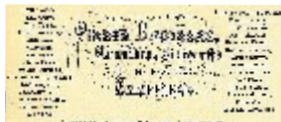

Turning into a private limited company in 1920.

John William Pinder
1882 - 1955

1939

In 1939 Pinder Brothers moved to a new factory in on Arundel Street which virtually coincided with World War Two. Staff were called up and the factory continued on the basis of government contracts including cutlery for the forces and copper bands for shells.

1948

In 1948 the company starts importing specialist goods – cut glass from Czechoslovakia, tarnish resistant silverplate from West Germany, watches from Switzerland and stainless steel from Denmark.

1972

In 1972 the company started sourcing goods from the Far East including Taiwan and Hong Kong and later from China.

Sheaf Plate Works
by Jo Peel

1997

In 1997 Pinder Brothers enters the digital age with the launch of its website – www.pinder.co.uk.

2007

In 2007 with raising commodity prices, the company launches the Shine catalogue offering its most popular products in more competitively priced materials.

2017

Pinder Bros Ltd celebrates its 140th Anniversary

140 YEARS

TODAY

Pinder Brothers are now a leading UK suppliers of stainless steel and silverplated giftware. With our long history of international trade, we can source and develop bespoke products for our customers. Many of our products are designed in the UK and we also develop new gift ranges in joint ventures with our American and European partners.
