Robert Horvath, Sr. & Robert Jr.

Welcome to Robert's Fence.

We'd like to take a moment of your time to tell you, in these few words, why we should be your fence company.

The reason is, *quality*. The proof is, over 20 years of satisfied customers.

We started in business in 1983, and we've never stopped growing. This past year we just expanded again—into our new, larger facility.

We've built our success on a simple strategy. Building fencing of the highest quality. . . and installing it to perfection.

At Robert's, you buy with *confidence* that you're getting the best there is. We look forward to serving you.

Get the right fence . . . from the right company. When you buy a fence, you're making an important purchase. It's something that will be part of your daily landscape for years to come. You want a great-looking fence now . . . plus quality and workmanship that will stand the test of time.

At Robert's Fence we understand that. And it shows in everything we do—from superior design to precision manufacturing to careful, exacting installation.

At Robert's Fence we not only offer a full line of quality fences. We offer solid service and reliability, too.

It starts with superior materials. Our wood fencing is made entirely of top-grade Cedar. Back rails too—We never substitute with pine. Boards measure a full 1" thick: they look solid, and are solid. Vinyl fencing is made from high-grade, high-impact vinyl. With 7" rails on all privacy fencing.

Superior materials deserve superior workmanship. All work is done

on our premises, in our new, state-of-the-art factory, using high-precision, computer-aided equipment. Nothing goes out our doors unless it meets our exacting standards.

Fencing that's right for you.

Commercial or residential. Wood, vinyl or chain link. Privacy, picket, post and rail, and more. All in a wide variety of designs.

Have something special in mind? Our experienced craftsman can customize one-of-a-kind fencing to suit your property perfectly.

We also have a full line of driveway entries, gates and arbors.

Count on expert installation. Your job is done on time . . . and it's done professionally, by experienced crews fully licensed and insured.

Prefer to do it yourself? Our fleet of trucks is ready to assure you prompt, on-time delivery.

Got a problem with your present fence? We also do all types of repairs.

Choose a fence that comes with peace of mind. Robert's Fence is the solid choice. Where you can be sure of getting the quality fencing you want . . . and the outstanding service you deserve.

That's a promise that we've been keeping for over two decades.

VINYL

St. Louis Scalloped shown above

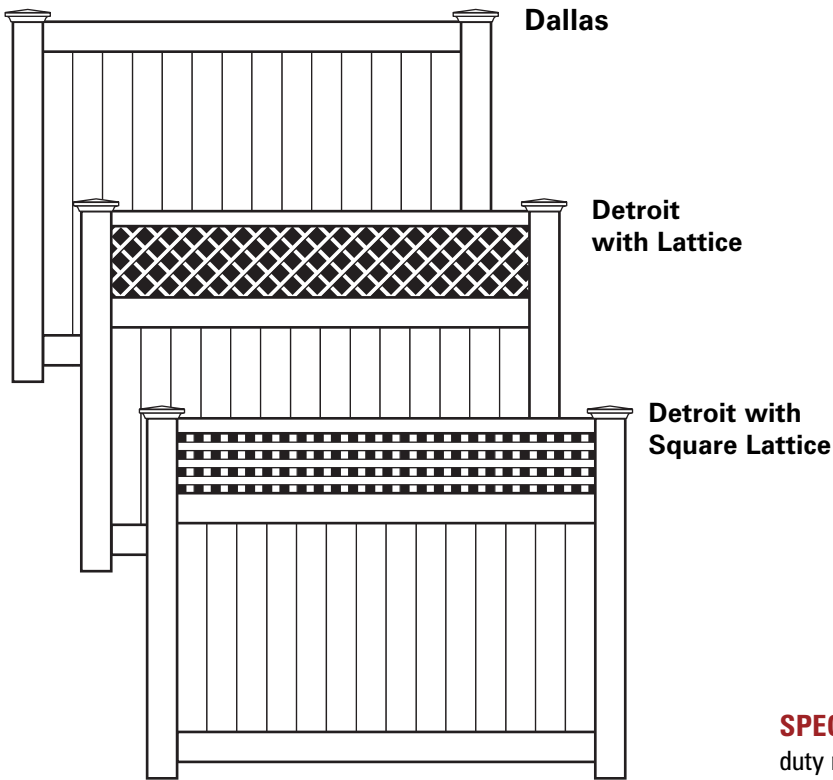

Privacy

Our wide variety of vinyl fence offers custom styling that stands up to all types of weather and provides lasting beauty with privacy. Every section is constructed with tongue and groove boards.

St. Louis Stepped shown above with St. Louis Capped (inset).

SPECIFICATIONS: Available in 4', 5' and 6' heights, (2) 7" heavy-duty rails for extra support on top and bottom. Installed on 5' x 5' posts. Several choices to choose from.

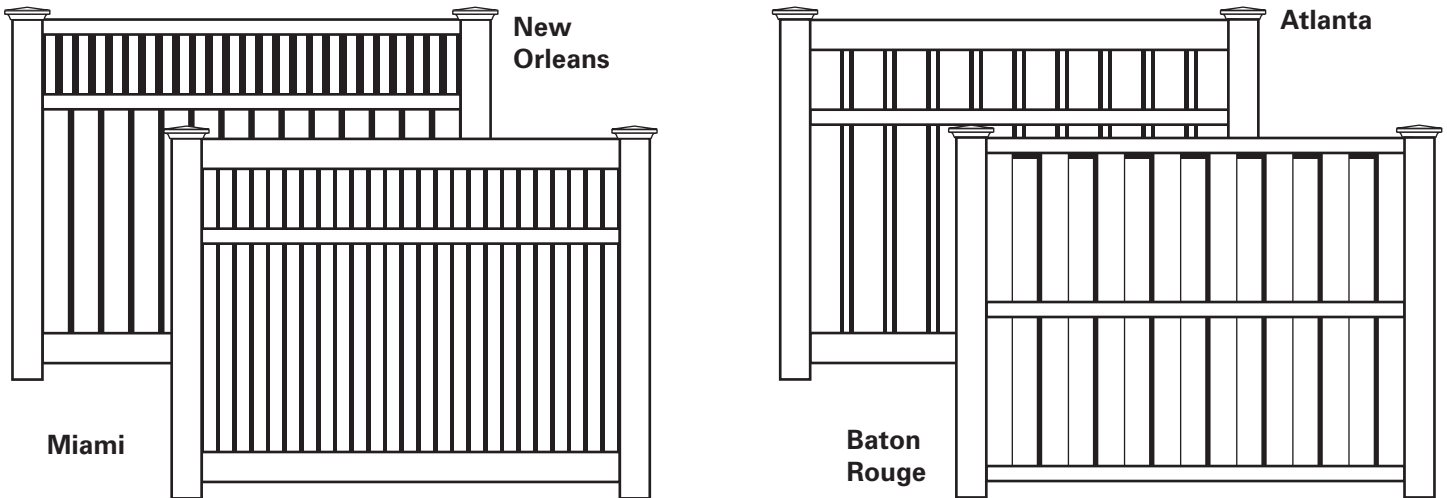

Detroit with Lattice, Dallas Privacy shown with sloping end (inset).

SPECIFICATIONS: Available in 4', 5' and 6' heights, (2) 7" heavy-duty rails for extra support on top and bottom. Installed on 5' x 5' posts. Several choices to choose from.

Semi-Privacy

Gives you the privacy you desire, with the feeling of wide-open spaces. Our vinyl fence comes in a variety of styles with matching decorative accents and is nearly maintenance free.

SPECIFICATIONS: Available in 4', 5' and 6' heights.

VINYL OPTIONS:

Offers the versatility of a double gate without having one. These sections can be removed, allowing entry to property for special circumstances.

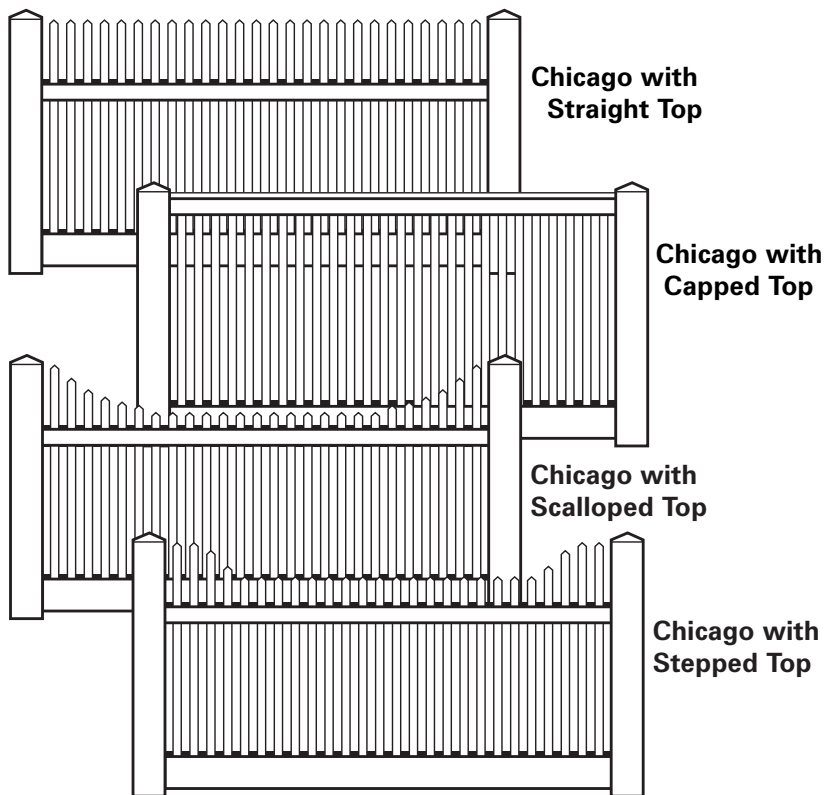

Special filler add-ons can be used to compensate for uneven yards and grading, allowing the top to stay level and eliminating any space on the bottom. Available in 3 1/2", 6" and 8".

Victorian Picket

Chicago with Scalloped top shown above

Enjoy the old classic wrought iron look in the new vinyl style. Our Victorian and Through Picket fences include a reinforced bottom rail for extra strength.
