About Project Access

For 20 years, Project Access has leveraged support from donors like you to connect low-income families and seniors to the resources they need to stabilize their households.

Through your ongoing support, we have been able to keep family members employed, children in school, and seniors active by delivering programs in four key service areas:

HEALTH & WELLNESS

Promote physical and mental well-being

ECONOMIC STABILITY

Equip adults with the knowledge, skills, and confidence for upward social mobility

EDUCATION FOR YOUTH

Provide individual academic support and develop social-emotional skills required for youth to thrive

COMMUNITY BUILDING

Build a supportive network by fostering connection and engagement

Thank you for being here tonight and celebrating 20 years of impact we have created together!
