

Exemptions for Foods and Beverages in Public Schools

This document summarizes the requirements for allowing food exemptions under Healthy Food Certification (HFC), which are mandated by [Section 10-215f](#) of the Connecticut General Statutes (C.G.S.); and the requirements for allowing beverage exemptions in public schools, which are mandated by C.G.S. [Section 10-221q](#). It also provides motion language for the board of education or governing authority's votes to allow food exemptions and beverage exemptions.

Annual HFC Requirements

Each public school sponsor of the National School Lunch Program (NSLP) must complete their annual HFC Statement (Addendum to Agreement for Child Nutrition Programs (ED-099)) by July 1 of each year. The HFC Statement is completed online in the Connecticut State Department of Education's (CSDE) Online Application and Claiming System for Child Nutrition Programs ([CNP System](#)), as part of the sponsor's application module for participation in the U.S. Department of Agriculture's (USDA) Child Nutrition Programs.

The final board-approved meeting minutes must be uploaded with the submission of the annual HFC Statement, and must indicate the results of the board votes for whether the district will:

- adopt the healthy food option under HFC;
- allow food exemptions to the healthy food option under HFC (if the district votes to implement the healthy food option); and
- allow beverage exemptions under C.G.S. Section 10-221q (if the district chooses to allow beverage exemptions).

For detailed guidance on the HFC requirements, refer to the Connecticut State Department of Education's (CSDE) resources, [Requirements for Competitive Foods in HFC Public Schools](#) and [Summary Chart: Federal and State Requirements for Competitive Foods in HFC Public Schools](#), and visit the CSDE's [Healthy Food Certification](#) webpage. For information on the CNS requirements, refer to the CSDE's document, [Summary of Connecticut Nutrition Standards](#), and visit the CSDE's [Connecticut Nutrition Standards](#) webpage.

Required Exemption Language

The language in the final board-approved meeting minutes must reflect the specific criteria required by C.G.S. Section 10-215f for participating in the healthy food option of HFC and allowing food exemptions. For detailed guidance on the current year's HFC application process, refer to the [CSDE's annual Operational Memorandum](#) regarding the annual process for submitting the healthy food certification (HFC) statement. For additional information on the HFC application process, visit the "[Apply](#)" section of the CSDE's HFC webpage.

Exemptions for Foods and Beverages in Public Schools

If the district chooses to allow beverage exemptions, the CSDE recommends that the board of education or governing authority conducts the vote on beverage exemptions at the same time as the HFC votes. The language in the final board-approved meeting minutes must reflect the specific criteria for beverage exemptions required by C.G.S. Section 10-221q. For more information, see “[Beverages](#)” in this document.

Note: Schedule the HFC votes at a meeting of the board of education or governing authority that occurs **before April 30**, so the district can submit the **final board approved meeting minutes** to the CSDE by the **July 1** deadline. The CSDE cannot accept **draft** meeting minutes to approve the HFC application. Districts must schedule the initial board meeting early enough to enable timely submission of the final board-approved meeting minutes.

Food Exemptions

HFC requires each board of education or governing authority for all public schools participating in the NSLP to certify annually (by July 1) to the CSDE whether they will follow the [Connecticut Nutrition Standards](#) (CNS) for all foods sold to students separately from reimbursable meals in the USDA’s school nutrition programs. The CNS applies to all competitive foods offered for sale to students on school premises at all times and from all sources, including cafeterias, school stores, vending machines, fundraisers, culinary programs, and any other sources of food sales to students. As part of the annual HFC Statement, districts must vote on whether they will or will not allow food exemptions.

Criteria for food exemptions

Foods that do not comply with the CNS cannot be sold to students on school premises unless the local board of education or governing authority votes to allow food exemptions and the following criteria are met: 1) the sale is in connection with an event occurring after the end of the regular school day or on the weekend; 2) the sale is at the location of the event; and 3) the foods are not sold from a vending machine or school store.

- An “event” is an occurrence that involves more than just a regularly scheduled practice, meeting, or extracurricular activity. For example, soccer games, school plays, and school debates are events, but soccer practices, play rehearsals, and debate team meetings are not.
- The “school day” is the period from the midnight before to 30 minutes after the end of the official school day. For example, if school ends at 3:00 p.m., the school day is from midnight

Exemptions for Foods and Beverages in Public Schools

to 3:30 p.m. Summer school programs operated by the board of education or school governing authority on school premises are part of the regular school day.

- “Location” means where the event is being held and must be the same place as the food sales. For example, foods can be sold on the side of the soccer field during a soccer game, but not in the school cafeteria while a game is played on the soccer field.

Districts may choose to exempt all foods that do not comply with the CNS or may choose to exempt only certain foods or categories of foods. For example, a district could choose to exempt chips and cookies, but not candy. Districts may also choose to exempt all events or only certain events. For example, a district could choose to allow sales of exempted foods only at sports games, concerts, and theatre productions. If the district exempts only specific events and foods, the final board-approved meeting minutes for the food exemption vote must list the specific exempted events and foods.

If the board of education or governing authority chooses to make food exemptions part of the district’s school wellness policy, these exemptions remain in effect until the board of education or governing authority changes or rescinds the policy. However, as required by C.G.S. Section 10-215f, the board of education or governing authority must still vote annually on whether the district will comply with the healthy food option of HFC (i.e., follow the CNS) and whether the district will allow food exemptions under HFC. These votes are required as part of the annual HFC Statement.

Motion language for food exemptions

The board motion and final board-approved meeting minutes must include the following specific criteria for the food exemptions required by C.G.S. Section 10-215f:

Food exemptions: The board of education or governing authority will allow the sale to students of food items that do not meet the Connecticut Nutrition Standards provided that the following conditions are met: 1) the sale is in connection with an event occurring after the end of the regular school day or on the weekend; 2) the sale is at the location of the event; and 3) the food items are not sold from a vending machine or school store. An “event” is an occurrence that involves more than just a regularly scheduled practice, meeting, or extracurricular activity. For example, soccer games, school plays, and interscholastic debates are events but soccer practices, play rehearsals, and debate team meetings are not. The “regular school day” is the period from midnight before to 30 minutes after the end of the official school day. “Location” means where the event is being held and must be the same place as the food sales.

Districts may make this language specific to certain events and foods by listing the specific events and foods that will be exempted.

Exemptions for Foods and Beverages in Public Schools

Beverages

The state beverage requirements of C.G.S. Section 10-221q apply to all public schools, regardless of whether the district certifies for the healthy food option of HFC or participates in the USDA's Child Nutrition Programs. C.G.S. Section 10-221q allows only five categories of beverages for sale to students in public schools. For information on allowable beverages, refer to the CSDE's resource, [*Allowable Beverages in Connecticut Public Schools*](#).

C.G.S. Section 10-221q applies to all beverages sold as part of school meals and separately from school meals anywhere on school premises, including cafeterias, school stores, vending machines, fundraisers, culinary programs, and any other sources of beverage sales to students. Districts may choose whether they will or will not allow beverage exemptions. Districts that do not have a beverage exemption in place can **never** sell beverages that do not comply with the requirements of C.G.S. Section 10-221q.

Beverage exemptions are not part of the annual HFC Statement, which applies only to food sales. If the district chooses to allow beverage exemptions, the CSDE recommends that the board of education or governing authority conducts the vote on beverage exemptions at the same time as the votes on HFC participation and food exemptions.

Criteria for beverage exemptions

Beverages that do not meet the requirements of C.G.S. Section 10-221q cannot be sold to students on school premises unless the local board of education or governing authority votes to allow beverage exemptions and the following criteria are met: 1) the sale is in connection with an event occurring after the end of the regular school day or on the weekend; 2) the sale is at the location of the event; and 3) the beverages are not sold from a vending machine or school store.

- An “event” is an occurrence that involves more than just a regularly scheduled practice, meeting, or extracurricular activity. For example, soccer games, school plays, and school debates are events, but soccer practices, play rehearsals, and debate team meetings are not.
- The “school day” is the period from the midnight before to 30 minutes after the end of the official school day. For example, if school ends at 3:00 p.m., the school day is from midnight to 3:30 p.m. Summer school programs operated by the board of education or school governing authority on school premises are part of the regular school day.
- “Location” means where the event is being held and must be the same place as the beverage sales. For example, beverages can be sold on the side of the soccer field during a soccer game, but not in the school cafeteria while a game is played on the soccer field.

Exemptions for Foods and Beverages in Public Schools

Districts may choose to exempt all beverages that do not comply with the requirements of C.G.S. Section 10-221q or may choose to exempt only certain beverages or categories of beverages. For example, a district could choose to exempt lemonade and sports drinks, but not soda, coffee, and energy drinks. Districts may also choose to exempt all events or only certain events. For example, a district could choose to allow sales of exempted beverages only at sports games, concerts, and theatre productions.

If the district exempts only specific events and beverages, the final board-approved meeting minutes for the beverage exemption vote must list the specific exempted events and beverages. If the board of education or governing authority chooses to make beverage exemptions part of the district's school wellness policy, the beverage exemptions remain in effect until the board of education or governing authority changes or rescinds the policy.

Motion language for beverage exemptions

The board motion and final board-approved meeting minutes must include the following specific criteria for the food exemptions required by C.G.S. Section 10-221q:

Beverage exemptions: The board of education or governing authority will allow the sale to students of beverages not listed in Section 10-221q of the Connecticut General Statutes provided that the following conditions are met: 1) the sale is in connection with an event occurring after the end of the regular school day or on the weekend; 2) the sale is at the location of the event; and 3) the beverages are not sold from a vending machine or school store. An “event” is an occurrence that involves more than just a regularly scheduled practice, meeting or extracurricular activity. The “school day” is the period from midnight before to 30 minutes after the end of the official school day. “Location” means where the event is being held and must be the same place as the beverage sales.

Districts may make this language specific to certain events and beverages by listing the specific events and beverages that will be exempted.

Exemptions for Foods and Beverages in Public Schools

Option to Combine Food and Beverage Exemptions

Instead of two separate food and beverage motions, the district may choose to combine food and beverage exemptions in one motion by using the language below.

Food and beverage exemptions: The board of education or governing authority will allow the sale to students of food items that do not meet the Connecticut Nutrition Standards and beverages not listed in Section 10-221q of the Connecticut General Statutes provided that the following conditions are met: 1) the sale is in connection with an event occurring after the end of the regular school day or on the weekend; 2) the sale is at the location of the event; and 3) the food and beverage items are not sold from a vending machine or school store. An “event” is an occurrence that involves more than just a regularly scheduled practice, meeting, or extracurricular activity. For example, soccer games, school plays, and interscholastic debates are events but soccer practices, play rehearsals, and debate team meetings are not. The “regular school day” is the period from midnight before to 30 minutes after the end of the official school day. “Location” means where the event is being held and must be the same place as the food and beverage sales.

Districts may make this language specific to certain events, foods, and beverages by listing the specific events, foods, and beverages that will be exempted.
