Re: New York State Workers' Compensation Loss Cost Filing and

Loss Costs by Classification; Effective on October 1, 2021

Members of the Rating Board:

I write to inform you that today, the New York State Department of Financial Services ("Department") approved the filing submitted by the Rating Board for a decrease of 6.4% in the overall loss cost level in New York State, effective October 1, 2021. This approval represents the sixth straight year that the Department approved the loss cost change recommended by the Rating Board's Actuarial Committee.

As previously explained in <u>R.C. Bulletin 2537</u>, the approved loss cost indication was derived by applying Rating Board's standard ratemaking methodology.

Loss costs for each employment classification have been derived in accordance with the approved filing and are now available for use on policies with effective dates on or after October 1, 2021. Manual pages displaying the loss cost for each employment classification are attached hereto as Exhibit A. Class loss costs are also published in the digital version of the New York Workers' Compensation and Employers' Liability Manual ("Manual") and have been made available on the Rating Board's website in Excel and WCRATE format.

As a reminder, the published values, including the loss costs by classification and the provisions for terrorism, natural disasters, and catastrophic industrial accidents are not rates. Therefore, insurers must apply their approved loss cost multipliers to the loss costs in the Manual to develop final rates. The revised loss costs are effective for all insurers as of October 1, 2021, and accordingly insurers do not have to (i) file to adopt the new loss costs, or (ii) refile loss cost multipliers that are currently approved by the Department in order to utilize the October 1, 2021 loss costs. However, if an insurer seeks to change either its loss cost multiplier(s) or any other previously approved independently filed rating factor or value, it must do so by filing these changes with the Department for approval prior to use.

In addition, New York State Insurance Law section 2347(c) requires that at least thirty days prior to billing, insurers provide insureds whose premium is affected by a rate change an estimate of the change as well as the reasons contributing to the change. To assist insurers in satisfying this statutory requirement, please find attached hereto as Exhibit B an explanatory

memorandum containing information relating to the October 1, 2021 loss cost revision and a listing of the percentage change in loss costs for each employment classification.

Please note that the enclosed Exhibit B reflects changes in loss costs, not rates. Accordingly, since each insurer develops final rates by applying its approved loss cost multiplier(s) to the published loss costs, the percentage change from previous rates shown in Exhibit B may differ from the rate that an insurer may charge as of October 1, 2021.

In addition to the loss cost changes, please note the following:

- (1) The United States Longshore & Harbor Workers' Coverage percentage is revised to 75.1%. Insurers do not have to file to adopt the new percentage.
- (2) The terrorism loss cost provision is revised to \$0.03 per \$100 of payroll, and 2.3% of premium for non-payroll classes.
- (3) The natural disasters and catastrophic industrial accidents loss cost provision is revised to \$0.005 per \$100 of payroll, and 0.4% of premium for non-payroll classes.
- (4) The construction employment territory premium differentials for all territories remain unchanged at 0.0%. Policies for employers whose employees are subject to payroll limitation must continue to include the applicable territory differential on the policy even if that premium amount is \$0.
- (5) Maximum and minimum remuneration amounts have been updated and are included in the attached pages.
- (6) Deductible premium credits, expressed as loss elimination ratios on Miscellaneous Values Page 5, have not changed with this revision.
- (7) As indicated in R.C. Bulletin 2525, the New York State assessment was updated effective January 1, 2021. Future changes made by the New York State Workers' Compensation Board to the New York State assessment rate for policies effective on or after January 1, 2022, will be announced in a separate bulletin in November or December of 2021.
- (8) The Workers' Compensation Security Fund surcharge remains unchanged at 0.0%.

Very truly yours,

Jeremy Attie

For All Population Groups:

| Minimum loss cost | \$4,874

- **A.** The premium charge for the "home area" shall be the sum of:
 - 1. The premium charge corresponding to the population of the "home area,"

and

2. A **loss cost (not premium)** charge of \$115 per fire protection contract where the "home area" has obligated itself to provide protection to another "home area" pursuant to a fire protection contract,

and

3. The separate premium charges for each "outside area" corresponding to the population of each such "outside area" that is serviced by the "home area" under a fire protection contract.

However, when a "outside area" has more than one contract for fire protection, the additional premium charge for each "home area" providing fire protection to such "outside area" shall be a proportionate share of the total premium corresponding to the population of the "outside area," provided that the books and records of the "home area" are maintained so as to show separately its contract price as well as the total cost of all contracts being paid by the "outside area." The proportionate share shall be determined on the basis of the ratio that the contract price paid to the "home area" bears to the total contract price for all fire protection for such "outside area."

LOSS COSTS (NOT RATES) FOR VOLUNTEER FIREFIGHTERS – Code 7711 (continued) B. The premium charge where a fire company or fire department operates in, or is maintained iointly by, two or more villages, towns, or fire districts, shall be the sum of the separate premium charges for each village, town, or fire district, corresponding to the population of each such village, town, or fire districts. C. Section 30 of the Volunteer Firefighters' Benefit Law makes a county, city, town, village, or fire district responsible for such benefits to volunteer firefighters of the fire departments or companies in their area. Employers' Liability coverage is not automatically afforded under these circumstances to the fire departments or companies who firefighters are covered by the municipality's policy. However, the municipality may elect to extend Employers' Liability coverage for an additional 10% of that premium which is developed for the volunteer firefighters of these fire departments or companies. Use endorsement WC 31 06 07 A "New York Volunteer Firefighters' Benefit Law Extension of Employers' Liability Insurance Endorsement." This additional premium shall be assigned to Code 9850 "Premium for the Extension of Employers' Liability Coverage to Additional Interests under a VBFL policy. **D.** The premium charge for a group policy subject to the provisions of Section 32.2 of the Volunteer Firefighters' Benefit Law is determined on the basis of the aggregate population of all entities insured under the group policy. NEW YORK WORKERS' COMPENSATION

OCTOBER 1, 2021 LOSS COST REVISION

EXPLANATORY MEMORANDUM

An overall loss cost decrease of 6.4% has been approved by the New York State Department of Financial Services to become effective on October 1, 2021.

The following is a description of the various components of the approved change:

Loss Experience – The latest two policy years of experience produced a decrease of 1.7% in the overall loss cost level.

Legislative Changes – This revision includes an estimate of the cost impact of the latest increases in the maximum weekly benefits that were set forth in the 2007 workers' compensation reform legislation. This component contributed an increase of 2.0% to the overall change.

Loss Adjustment Expenses – A review of the latest data available resulted in an increase of 0.6% in the Loss Adjustment Expense provision.

Future Trends – The latest analysis of New York claim severity and claim frequency indicates a continuing decrease in claim frequency, an upward trend in indemnity claim costs and a mild upward trend in medical claim costs. Combined with a projected wage trend, the final selected net trend factor is -6.3%.

Catastrophe Provision – This revision changes the loss cost for terrorism to \$0.03 per \$100 of total policy payroll (2.3% of premium for non-payroll classifications), representing a decrease of 33.3% from the previous provision. This revision also changes the loss cost for natural disasters and catastrophic industrial accidents to \$0.005 per \$100 of total policy payroll (0.4% of premium for non-payroll classifications), representing a decrease of 37.5% from the previous provision. These changes contribute a decrease of 1.1% to the overall change.

Classification Loss Costs – Although the average manual loss cost level is decreasing by 5.4%, individual classification loss cost changes are based on the most recently available loss experience for each classification. Both increases and decreases from the current loss costs have been actuarially calculated for each class. This process ensures that each classification loss cost reflects the appropriate level relative to the experience of the other classifications.
