**DEPARTMENT OF HEALTH AND HUMAN SERVICES: OFFICE OF INSPECTOR GENERAL COMPLIANCE PROGRAM
GUIDANCE FOR PHARMACEUTICAL MANUFACTURERS¹**

To reduce the risks that an educational grant is used improperly to induce or reward product purchases or to market product inappropriately, *manufacturers should separate their grant making functions from their sales and marketing functions*. Effective separation of these functions will help insure that grant funding is not inappropriately influenced by sales or marketing motivations and that the educational purposes of the grant are legitimate. Manufacturers should establish objective criteria for making grants that do not take into account the volume or value of purchases made by, or anticipated from, the grant recipient and that serve to ensure that the funded activities are *bona fide*. The manufacturer should have no control over the speaker or content of the educational presentation. Compliance with such procedures should be documented and regularly monitored.

SUMMARY OF CEDARS-SINAI POLICIES RELATING TO EXHIBITING

Arrangements for commercial exhibits or advertisements cannot influence planning or interfere with the presentation, nor can they be a condition of the provision of commercial support for CME/CE activities.

1. Exhibit fees shall be separate and distinct from educational grants and are not considered commercial support. Exhibitors should complete a CSMC Exhibit Agreement if they decide to participate as an exhibitor at a conference.
2. Exhibitors must receive a copy of this document for review prior to their participation at the CME activity.
3. Exhibit fees shall be set by the Course Director(s) for each activity and will be standard for that activity; potential exhibitors shall have equal access to purchasing exhibit space on a first come-first serve basis.
4. All exhibitors must be in a room or area separate from the education and the exhibits must not interfere or in any way compete with the learning experience prior to, during, or immediately after the activity.
5. Commercial interest (pharmaceutical or medical device) representatives may attend CME/CE activities at the discretion of CSMC for the direct purpose of the representatives' own education; however, they may not engage in sales or marketing activities while in the space or place of the educational activity.

FREQUENTLY ASKED QUESTIONS RELATING TO THE STANDARDS FOR COMMERCIAL SUPPORT (SCS) AND THE APPROPRIATE MANAGEMENT OF COMMERCIAL PROMOTION²

- Q.** Is it acceptable to say, "In exchange for \$5,000 of commercial support we will acknowledge you at the meeting as a commercial supporter and give you a 6 foot table for exhibiting."?
- A.** No. In this scenario the commercial interest gives commercial support and gets promotional and sales opportunities, which means the promotional opportunity is now a *condition of the support* and **Not in Compliance** with the Standards. The commercial interest must purchase promotional opportunities with resources (e.g. marketing budget) designated for that purpose. If an agreement for advertising or promotion is struck between the two parties it must be outside the written agreement for commercial support (LOA). The LOA contains the terms and conditions of the support between the provider and commercial supporter.
- Q.** What exactly constitutes advertising or promotional activities?
- A.** Promotional activities are limited to the "exhibit hall", meaning the area designated for representatives of commercial interests (CI) that have paid a fee to display their products and services on table with chairs that we provide either on site or by arrangement with the hotel if the conference is held off-campus. The exhibit area must always be located outside of and separate from the area in which the educational activity is being held. Other promotional activities include advertising pages, posters, or screens in the exhibit hall area and may also include receptions which must be clearly identified to learners as not being part of the educational activity and most importantly, cannot be paid for with commercial support.
- Q.** Are exhibit opportunities always to be offered to commercial supporters?
- A.** No. Payment and arrangements for exhibits are separate, business transactions. An exhibit fee is payment for the sale of promotional space and requires completion of a CSMC Exhibit Agreement.
