EXIT AND EMERGENCY LIGHTING TEST EQUIPMENT

The **BACTPLUS BATTERY TESTER** features a high-impact ABS case with a rubber holster and high-contrast inverted blue screen. Designed to test the most common 6V (1.2 Ah–12 Ah) and 12V (1.2 Ah-100 Ah) lead acid batteries, it displays DC voltage and Ah capacity in seconds, and there are no confusing conversion rates to worry about. Other features include calibration control protection, reinforced input sockets, and max input voltage protection with warning LED. Will not deplete batteries.

P/N DESCRIPTION

BACTPLUS 6V/12V Battery Tester

For exit sign and emergency light service testing, **Brooks'** line of BATTERY ANALYZERS also check charging circuitry. Equipped with leads.

P/N DESCRIPTION

4V/6V Analyzer (Up to 24 Ah) 6V/12V Analyzer (Up to 24 Ah) BBA64 BBA612 BBAC

Compact Carry Case For Analyzer

BBALEADS Replacement Leads

For Brooks Battery Analyzers

The NON-CONTACT VOLTAGE PROBE is designed for safety and limited troubleshooting with its three-way voltage alert—beeps, lights, and vibrates. It uses a non-contact method of AC voltage testing and determines if AC voltage is present without touching wires or opening lock nuts. Totally insulated, the Voltage **Probe** has no exposed metal or conductive parts and is CAT IV rated 1000 VAC.

DESCRIPTION P/N VP600SB Voltage Probe

Brooks' MULTI-METER measures both AC and DC current and determines continuity of lamps. It has a display-locking feature for added convenience.

P/N DESCRIPTION

DM73C Compact Multi-Meter

Hold down test buttons on exit and emergency lights with nonconductive plastic **EMERGENCY LIGHT TEST BUTTON** PICKS or with heavy-duty glass STRAPPING TAPE.

DESCRIPTION P/N

BPICK Test Button Picks, Pkg/275 Strapping Tape, 17/8" x 12 yd GST

MISCELLANEOUS

The **Brooks EMERGENCY LIGHT PARTS TRAY** is ideal for organizing and carrying a wide variety of small emergency lighting parts. Manufactured from 18 ga epoxy-coated steel for superior durability and strength, it features a fold-away handle and seven storage compartments. White.

P/N DESCRIPTION H X W X D
ELT3 Emergency Light Parts Tray 5" x 15" x 10"

The **Step 'N Store® TOOL BOX** is made of sturdy co-polymer that supports up to 325 lb. It comes with a sure-grip large carry handle, a handy tote tray, plus a deep-bottom storage area for supplies and tools. Lockable. Red.
