## Timeless Style and Tropical Adventures

Enjoy a sense of spaciousness and grandeur from the moment you arrive at The Landings Resort & Spa and feel your toes in the sand as you relax amidst the picture-postcard backdrop of beach, ocean and palm trees. Once inside, it's hard not to be entranced by the majesty of the resort lobby whose open plan layout, vaulted ceilings and wide spiral staircase are emblematic of great taste and timeless elegance. But this is just the beginning: delve deeper into the magic of this dramatic mountainous island with one of our excursions, exploring rainforests, waterfalls and sulphurous hot springs. Hikers will love the challenging half day trip up The Pitons, though you can also train your muscles and mettle in the hotel's fitness gallery, or let one of our Personal Trainers help you reach the peak of your ability. Whichever you choose, don't forget to recharge amidst the serenity of our spa where you can try a range of rejuvenating treatments and kick back in the hot and cold plunge pools, steam rooms and hydrotherapy rooms.

*No worries in St Lucia*, goes the island's infamous motto, and here at The Landings Resort & Spa we'll make sure you truly discover why. Whether you dream of eating lobster al fresco whilst enjoying a calming ocean breeze, watching wave crests ripple past from the cabin of a sea kayak or sipping rum from the privacy of your suite balcony, our welcoming and highly-trained staff can make it your reality.
