Principal's Message

By Emmett Koerperich, Principal

The annual state testing is rapidly approaching and it is important for parents to understand the importance of these tests for their children, the school, and the community. In April and May, juniors will participate in the English and math Smarter Balance State assessments which will include the California State University Early Assessment Program (EAP) exams. Your attitude and your children's attitude towards these assessments are essential to their success. Your encouragement and support will help your child do their best on these very important exams.

Our annual 8th Grade Invasion Day is scheduled on Wednesday February 17th which allows current eighth grade students a chance to visit our campus for a day. On Tuesday February 23rd, these same students and their parents attend the Frosh Orientation evening to schedule registration appointments with the counselors.

Both boys and girls basketball programs will play the "Pink Out" games on Saturday February 6th at Shasta College. This annual event helps to raise breast cancer awareness and donations for Nor Cal Think Pink.

In closure, I would like to take this opportunity to thank the wonderful faculty and staff at West Valley High School. Our men and women continue to provide an outstanding education for your students. The children come to school each day knowing that they will be greeted by caring and professional adults.
