TAR UC
TUNKU ABDUL RAHMAN
UNIVERSITY COLLEGE

The Faculty of Accountancy, Finance & Business ('FAFB') offers a wide range of industry-relevant business programmes that cater to the diverse needs of individuals, industries and professions.

Whichever FAFB programme you choose, your learning experience will transform you into a much sought-after graduate.

FAFB's sterling track record of academic excellence, students' achievements and professional bodies' recognition are testimony to the quality of its programmes.

What Our Graduates Say

Heng Yee Sheng

- Bachelor of Finance and Investment (Hons) - TAR UC
- Bachelor of Science (Hons) Finance (Dual Award Degree) - Coventry University, UK
- Year Graduated: 2018

"Study abroad isn't just about switching to another place to attend classes, but it gave me the exposure to the life and culture of the other part of the world. The lecturers in Coventry University are well-respected academicians or industry experts, and they are always willing and available to help the students from time to time. Besides, its superb facilities such as the Lanchester Library greatly enhanced our learning experience. Study-life balance is always well preserved in Coventry University, where the university encourages students to participate in various kinds of sporting activities, and to join sightseeing trips to places around UK. Coventry is a very decent place where the classic and the modern blends well, and is easily accessible to various big cities in the UK such as London and Birmingham. There might be several regretful choices in life, but enrolling in the study abroad programme with Coventry University definitely isn't one. I appreciate **TAR UC** for providing me such opportunity, and cherish every moment of my stay in Coventry."

Lee Khe Ying

- Bachelor of Business Administration (Hons) - TAR UC
- Bachelor of Arts (Hons) Business Administration (Dual Award Degree) - Coventry University, UK
- Year Graduated: 2018

"I have opted for the **TAR UC** programme with the Coventry University Dual Award Degree because of the study abroad opportunities to exchange knowledge with international students and to learn about their cultures. The international exposure enabled me to enhance my career opportunities, broadened my experience and also contributed to my personal development through involvement in lecturing, small group working sessions, soft skills training and cross-cultural interaction with students of different background."

Revathi Naidu a/p Rajaram Naidu

- Bachelor of Commerce (Hons) - TAR UC
- Bachelor of Science (Hons) Professional Accounting (Dual Award Degree) - Sheffield Hallam University, UK (SHU)
- Year Graduated: 2018

"My tertiary education experience at **TAR UC** has been a memorable yet very challenging one. The competitive environment had pushed me beyond my limits and personal expectations.

Back-to-back assignment submissions, presentations with relentless deadlines, active involvement in extracurricular activities while preparing for ACCA professional exams made me realise the importance of time management. I was well guided by lecturers and tutors to master it.

My one-semester study at SHU had allowed me to experience an entirely different learning environment that involved a more independent approach to studies. It encourages mature, out-of-the-box thinking and allows for intellectual arguments. It is an experience every student should aspire for."

► Why Study at the Faculty of Accountancy, Finance and Business

Commitment towards the highest academic standards and innovative approaches to education.

1

Accreditation by professional bodies and leading universities with attractive exemptions.

3

Strong linkages with business, industry, government and the community ensuring industry-relevant curricula.
