Silver Line Phase 1 Bus Service Plan

February 19, 2013

- Presentation of the Silver Line Bus Service Plan overview
- General Q&A
- Route specific questions and reviews
- Please see our note taker or fill out a survey/comment form to document your questions/comments in writing.

- Bus service plan developed from Transit Development Plan (TDP)
- Goal: Increase transit ridership and encourage use of Silver Line by providing transit service to new Metrorail stations in Tysons and Reston
- Plan recommends:
 - Addition of 12 new Fairfax Connector routes (Tysons, McLean, Reston)
 - Enhancement/Realignment: Modification of 21 routes
 - Elimination: Six routes recommended for elimination

- In Reston and Herndon routes that currently serve West Falls Church will be truncated at the Wiehle-Reston East Metrorail Station.
- In McLean and Vienna new routes are implemented and existing routes modified to serve Metrorail stations.
- In Tysons a frequent circulator bus service will be implemented to serve the Metrorail stations.

- Modified and New Routes

401 | 402 | 432 | 434 | 461 | 462 | 463 | 551 | 552 |
