## Important Notes:

Required Books: The required book is *usually* one textbook/casebook. Some classes will also require a statutory supplement.

Recommended Books or "Select One Of" Choices: These are usually supplemental hornbook books that professors think will be useful in learning the material. Some professors require you to purchase a supplemental book but give you the choice of which hornbook to purchase. Pay close attention to the wording in the Textbook column of the above grid. "Option A" and "Option B" indicate that you must (or are recommended to) purchase either one text *or* another text.

Bundles: When a "bundle" is indicated, you may either purchase the bundle, which is usually the more affordable option, *or* purchase each text separately. Again, pay close attention to the wording in the above grid.
