LAND OF THE FREE, HOME OF THE CHEESE

Wisconsin is one of those places that does one thing better than anyone else anywhere. We've been making cheese in Wisconsin for over 180 years, which may be one reason we win so many awards for it. That's what happens when a whole state dreams in cheese.

MEET THE CHEESEMAKER:

MARIEKE PENTERMAN OF MARIEKE GOUDA

Marieke Penterman was born and raised in the Netherlands where she grew up on her parents' 60 cow dairy farm. This is where her passion for dairy cows and dairy farming began. After getting her Bachelor's Degree in Dairy Business, Marieke started a career as a farm inspector. Marieke decided to get her Wisconsin Cheesemaking License. She worked with a local cheesemaker and learned how to make authentic Dutch Gouda cheese. All Marieke® Gouda is made using fresh raw milk from our family farm. Each wheel is handcrafted using the finest Old World techniques, and the Gouda is aged to perfection on Dutch pine planks.

Wisconsin is home to more than 1,200 licensed cheesemakers who make over 600 varieties of incredible cheese! We strive to bring you the best and some of those favorites are below and ready to send your taste buds on a trip!

MARIEKE GOUDA

Gouda Pesto: Creamy and full-flavored, this Gouda is woven with aromatic herbs.

Gouda Burning Melange: Garlic and parsley populate the aromas of this farmstead Gouda.

Overjarige (24 month): Our utmost aged cheese deserves all of the robust essences that encompass this Gouda.

HENNING'S

5 year cheddar: Traditional cheddar aged over 5 years, sharp & tangy

Dragon's Breath cheddar: Cheddar infused with Habanero peppers.

DEER CREEK

The Moon Rabbit: Truly a green cheese, we've taken our cured, sweet finish Cheddar and bathed it in Green Chartreuse liqueur.

Vat 17: Vat 17 World Cheddar is bold and complex, with a nuttiness that is unsurpassed.

UPLANDS

Pleasant Ridge: The sweetness born from the grass-fed milk combines with savory flavors developed by the cheese's natural washed rind.

BRISTOL FARMS IS PROUD TO CARRY A WIDE ARRAY OF FRESH FRUITS, VEGETABLES, WINE, NUTS, FLOWERS, MEATS AND CHEESES FROM CALIFORNIA FARMERS AND RANCHERS. OUR RELATIONSHIPS WITH LOCAL FARMERS ALLOWS US TO BRING YOU THE BEST OF THE GOLDEN STATE EACH AND EVERY DAY.

Avocados ^{From} Mexico

WHY ARE AVOCADOS FROM MEXICO SO DELICIOUS?

You are what you eat – that applies to your fruit too. The more good things your avocados absorb while they grow, the more good things will come out when they are in your mouth. With each bite of an Avocado From Mexico, you're transported to the rich Michoacán soil, basking in the warm sunshine and nourishing rain, and breathing deeply of the coastal air. All the goodness that nourishes avocados from Mexico — from soil to seed to tree to fruit — equals an avocado that's delicious and wholesome.

Also known as “easy peelers”, clementines and mandarins are basically the same fruit, but with different periods of availability.

They are seedless, sweet and easy to peel...a perfect snack for kids or adults. Two clementines or mandarins provide 120% of the daily value of Vitamin C and 12% of fiber. Clementines are in market May through August and mandarins from August through November.

TÊTE DE MOINE

FROMAGE DE BELLELAY

Over 800 years ago in 13 Century AD, the monks of Bellelay Abbey developed a cylindrical, smeared-rind, semi-hard cheese known as Tete de Moine, or "Monk's haed". Every Tete de Moine, Fromage de Bellelay AOP, originates from the mountain pastures of the Swiss Jura: it is only here that cows find the very special mixture of tasty grasses and herbs which gives Tete de Moine AOP its distinctive flavor and unique character.

A typical product of its "terroir". This idyllic region is also home to the Bellelay Monastery, which is where the Tete de Moine was produced more than 800 years ago.

Tete de Moine AOP is manufactured by fewer than 10 mountain village cheese dairies from fresh raw milk from cows not fed on silage. The cheese wheels are aged for at least 2.5 months on spruce boards. It is one of the few Swiss cheeses to benefit from a protected designation of origin. It provides a guarantee to consumers that every Tete de Moine AOP is authentic and originated in its specific Swiss Jura mountain region.

Appenzeller® cheese – a taste of Swiss nature

Switzerland's tastiest cheese comes to life in the idyllic Alpine region known as Appenzellerland. Swiss brown cows are the architect of this tasty alpine speciality: Exclusively fed with fresh grass, wildflowers, herbs and hay, they produce the key ingredient for Appenzeller® cheese. Twice a day, farmers bring their fresh and still warm cow's milk to one of the 50 authorized cheese dairies where master cheese makers use their years of expertise and 700 years of artisanal tradition to transform it into delicious Appenzeller® cheese.

The unmistakably aromatic flavour of Appenzeller® cheese comes from months of regular washing with the secret herbal brine during its maturing process. The brine consists of a mix of herbs, roots, leaves, blossoms, seeds and rinds. In fact, only two people know the precise recipe, which is handed down from generation to generation.

LE GRUYÈRE®

SWITZERLAND

Le Gruyère AOP has been made in the Swiss mountains for centuries. It has been produced since the year 1115 in the vicinity of the small town of Gruyères. Today, it is still made using the same traditional ancestral recipe in the village cheese dairies of French-speaking Switzerland. The cheese was first given the name Gruyère in 1602 and received the AOP (Protected Designation of Origin status) in 2001.

Raw milk. Sweet, but slightly salty. It is often described as creamy and nutty when young, becoming more assertive, earthy, and complex as it matures.
